

PCC/MHCC Career Pathways September 08–June 09

Portland Community College and Mt Hood Community College Career Pathways develops educational opportunities that provide students the skills needed for entry-level positions.

- **SHORT-TERM** Most trainings are 3-6 months in length; students are work-ready at the conclusion of the training.
- **SCHEDULING** Career Pathways works to schedule courses in blocks so students come to school at the same location and time of day throughout their training.
- **CAREER PLANNING ASSISTANCE** Career Pathways delivers over 30 hours of career planning instruction and provides job search assistance to students for at least two months following training.
- **INTERNSHIPS** When possible, internships allow students an opportunity to put to use the skills they learn in the classroom.
