Apprenticeship

Cascade Swan Island Trades Center-STC 108, 971 722-5651 , 971 722-5650

All Apprenticeship classes are open enrollment and open to the general public.

Successful completion of Apprenticeship course alone, does not allow a student to take a state examination and gain a license for a journey-level card. In order to qualify for Oregon State license or journeyman exam, completion of both OJT and RT hours are required as outlined by the specific trade JATC. Additional Apprenticeship electives may be referenced on each programs JATC Approved Electives Lists and found throughout this schedule. For OAR compliance, Apprentices MUST choose a letter bearing grade for credit classes. Information about Trade specific degrees is also available. For more information on Apprenticeships please attend an orientation on the 1st Tuesday of every month from 12:00-1:00PM at the PCC Swan Island Trades Center, STC 120. Text books for these classes are at the Cascade Campus Bookstore.

Bioscience Technology

Rock Cr , 971 722-7257 Admin asst

Bioscience technology is a dynamic field that applies life processes to practical uses, such as the manufacturing of drugs and medical devices, and the research and development of new bioscience products and procedures. Careers are varied. Biotechnicians work in research laboratories, manufacturing facilities, analytical and quality control laboratories, and in the field. The PCC Bioscience Technology Program links basic science fundamentals to laboratory and biomanufacturing applications. The emphasis is on authentic, hands-on experience to develop the skills, knowledge and attributes that are key to success in this field. You start by earning the certificate and have the option to continue on to earn an associate's degree. Both the certificate and the associate's degree provide you with a strong foundation for a career and for further education in Bioscience.

Building Construction Technology

Rock Cr BLDG2 210 www.pcc.edu/bct, 971 722-7344 Admin Asst, 971 722-7403 Dept Chair

PCC's Building Construction Technology Program has been training construction professionals for over 25 years. The unique program offers learners authentic "hands-on" training in the 7500 square foot shop facility, the 20-station computer lab, and at the two acre building site. Students may earn a one-year certificate in Building Construction Technology or a two-year degree in Building Construction Technology, Construction Management, or Design/Build Remodeling. Graduates may continue their education through the Oregon Institute of Technology's Bachelor of Operations Management Program.

Career Pathways Program

SE Campus TABOR 106, 971 722-6218 , 971 722-6271 , 971 722-6233

Career Pathways

Career Pathways offer short-term educational opportunities that prepare students for entry-level positions in a specific career. Clusters of classes from 12-16 credits are offered together for a cohort of students. The Pathway may also include a Career Planning class to help students find a job in today's tough job market. Admission to the college is required. Pathways are in the following career areas: Accounting/Bookkeeping; Computer

Applications and Office Systems; Criminal Justice - Corrections Technician; Customer Service Professional; Customer Service Management; Emergency Telecommunicator; Gerontology; HVAC/Installer; Machine Manufacturing; and Retail Sales & Service.

Non-credit Pathways include Basic Coding/Certification, Phlebotomy, and Pharmacy Technician. For more information on admission and registration into a specific training, please call 971-722-6233 or 971-722-6270.

College Success

Panther Tracks: Your First Year Experience

Get on the right track; get money for next term! College is an investment of both time and resources, so learn how to do it right! CG101, College Survival and Success, helps students build skills that are necessary for success in college and in life. First-year students who complete CG101 with a grade equivalent to C or higher will be eligible one time to receive a one-credit tuition voucher good for the next term! The voucher, equivalent in value to one-credit at the current in-district tuition rate, will be automatically applied to the term immediately following the completion of CG101 course. Eligible students who complete CG101 during spring term will have the option to use the voucher the following fall term. No other exceptions apply. Vouchers are non-transferrable and may not be redeemed for cash or as payment for past due charges.

Community-Based Learning

Sylvania SS 215, Community-Based Learning Coordinator, 971 722-4419

Community-Based Learning courses include community projects related to course material. These projects help students better understand the subject through firsthand experience, allow students to participate in community problem solving, and engage students with issues of values, leadership, and civic engagement.

lease communicate with the instructor if you would like to learn more about the specifics of the Community-Based Learning component in their course. To learn more about Community-Based Learning, please visit www.pcc.edu/cbl. Look for the Community-Based Learning identification below participating CRNs.

Dental Assisting

Sylvania HT 206, 971 722-4795

Dental Assisting Program

This program prepares the student for certification as a dental assistant (CDA). The dental assistant is a professional member of the dental team, working with and assisting the dentist during clinical procedures. Dental assistants also teach oral health principles and must be prepared to assume dental office management responsibilities. PCC offers a one-year Certificate program that is fully accredited by the American Dental Association Commission on Dental Accreditation. Applications are accepted between October 1st and April 15th for entry the following fall. For application information visit Health Professions Admissions in HT 205 or phone 971-722-4795. Visit us online at www.pcc.edu/da

Dental Hygiene

Sylvania HT 206, 971 722-4795

PCC Dental Hygiene Program

Dental hygienists are licensed dental professionals who provide direct patient care, specializing in periodontal therapy and oral health education. They are employed in dental clinics, school settings and public health agencies. The Dental Hygiene Program is fully accredited by the American Dental Association Commission on Dental Accreditation and consists of two academic years resulting in an Associate of Applied Science degree. Students are also prepared for national and regional licensing exams. For information on prerequisite courses and application procedures, visit Health Professions Admissions in HT 205 or phone 971-722-4795. Visit us Online at www.pcc.edu/dh

Dental Technology

Sylvania HT 206, 971 722-4795

Dental Technology Program

The dental technologist designs and fabricates dental restorations such as crowns, bridges and dentures as directed by the dentist. This dental professional may choose to be employed by a dental office/lab or may be self-employed. The program is fully accredited by the American Dental Association Commission on Dental Accreditation and consists of two academic years leading to either a certificate of completion or, with an additional 18 credit hours, an Associate of Applied Science degree. The two-year Certificate program begins in the fall term of each year. Applications are accepted at any time; but, enrollment is limited. For more information, visit Health Professions Admissions in HT 205 or phone 971-722-4795. Visit us online at www.pcc.edu/dlt

Health Information Management

Cascade TEB 103, www.pcc.edu/programs/him, 971 722-5667 Admissions

PCC's Health Information Management program is offered completely online. The HIM program trains students to become experts in the ever-growing, patient health data management field; eventually working in a variety of health care settings. Graduates of the program are eligible to take the national certification examination, allowing you to become a professionally recognized RHIT (Registered Health Information Technician).

The program is limited to students officially accepted into the program, after all requirements are met. Please visit the HIM program website, www.pcc.edu/programs/him for more information, requirements, orientation dates and application process.

Machine Manufacturing Technology

Sylvania AM 113, 971 722-4155

The Machine Manufacturing Technology program has been developed specifically in a modular self-paced format, allowing each student to attend courses on a schedule they choose (days or evenings). The program is designed to fit the needs of the student (take one or more modules as you desire); self-paced (learn at your own speed); flexible (select your own attendance schedule, days or evenings); and individualized (a course of study can be tailor-made to fit specific needs). Students can complete a course in a matter of days or weeks. Current MMT students are given priority enrollment. New students are required to meet with a program advisor to help plan a course of study that will allow them to achieve their educational goals. Permission from the MMT department is required to register. For more information, call 971-722-4155.

Willow Cr WCC 307B, 971 722-5667 Admissions

Medical assistants perform administrative and clinical tasks to keep the offices of physicians and other health practitioners running smoothly. Assistants work directly with patients, in small and large healthcare settings, to ensure they receive the best care, while providing health professionals with vital patient information. PCC's Medical Assisting program is an accredited one-year certificate program, offered at both Cascade and Willow Creek campuses, that provides students the skills and training required to sit for the national AAMA certification exam.

The program is limited to students officially accepted into the program, after all requirements are met. Please visit the MA program website, www.pcc.edu/programs/ma for more information, requirements, orientation dates and application process.

Medical Imaging

Sylvania, 971 722-4227 HT 306, 971 722-4795 HT 205

Radiography

Special admission required for registration. Radiographers are members of the health care team who provide images (x-rays) of tissues, organs, bones, and blood vessels using a variety of equipment. Radiography is a "people" profession, working with patients and other health care professionals employed in hospitals and clinics. Students spend time in classroom and local clinical education sites. Applications for admission are accepted February 1st through the first Monday of April each year. Students are admitted the following fall term. Program length is 9 consecutive terms (27 months). Refer to college catalog for program curriculum. For application information contact the Health Admissions Office, Sylvania Campus, HT 205, or call 971-722-4795.

MRI Technologist Training Program

Special admission required for registration. Applicants must hold current certification in Radiography, Nuclear Medicine, Radiation Therapy or Sonography. MRI Technologists are members of the health care team who provide MRI images of soft tissues, organs, bones, and blood vessels using a variety of equipment. Magnetic Resonance Imaging is a "people" profession, working with patients and other health care professionals employed in hospitals and clinics. Students spend time in classroom and local clinical education sites. Classes are held in the evenings - clinical hours may be daytime, evenings, or weekends. Applications for admission are accepted March 1st through April 15th each year. Students are admitted the following Fall Term. Program length is 3 consecutive terms (9 months). 971-722-4032

Computed Tomography/CT Registry Prep

Special admission required for registration. Applicants must hold a current certification in Radiography and/or Nuclear Medicine. CT Technologists are members of the Health Care Team, who provide CT Images of all systems of the body. CT Imaging is a "people profession", working with patients and other health care professionals, employed in hospitals and clinics. Students spend time in classroom and local clinical education sites. Most CT courses are offered on weekends. Clinical hours may be daytime, evening, or weekend hours for those enrolled in the clinical portion. For additional information, contact the Medical Imaging Department, 971-722-4032.

Medical Laboratory Technology

Cascade TEB 103, www.pcc.edu/programs/mlt, 971 722-5667 Admissions

Medical Laboratory Technicians perform clinical laboratory testing on various body specimens in such areas as: Hematology, Serology, Clinical Chemistry, Microbiology, and Blood Bank. PCC's Medical Laboratory Technology program offers a two-year course of study, leading to an Associate of Applied Science degree and eligibility for national certification.

The program is limited to students officially accepted into the program, after all requirements are met. Please visit the MLT program website, www.pcc.edu/programs/mlt for more information, requirements, orientation dates and application process.

Nursing

Sylvania HT 120, 971 722-4795 Advising

PCC Nursing Program

The PCC Nursing Program is designed to prepare the student to be licensed as a registered nurse (RN). RNs deliver bedside nursing care to clients in a variety of healthcare settings. They assess the health of the client, diagnose nursing problems, and plan, implement and evaluate nursing care. Providing nursing care requires technical as well as interpersonal and clinical thinking skills. A nursing career is both challenging and rewarding. PCC Nursing Program graduates earn an Associate of Applied Science Degree in Nursing. The program is accredited by the Accreditation Commission for Education in Nursing (ACEN) and the Oregon State Board of Nursing. PCC's Nursing Program is a limited entry program. A student must be accepted into the Nursing Program to register for nursing courses. To apply, visit the Health Professional Admissions office in Sylvania HT 205 or call 971-722-4795.

Occupational Skills Training

SE Campus TABOR 128, 971 722-6127 , 971 722-6124 fax

The Occupational Skills Training program is designed to provide the opportunity for students to receive worksite instruction in a specific occupation. The training program is individualized for each student that enters the program. Students can start at any time during the term. Training plans are developed in consultation with the student, PCC Faculty, PCC OST coordinators and Agency representatives. An interview with an OST coordinator is required for assessment. During this interview a specific occupation will be identified. OST will develop a suitable training site for the student. Pre-requisites are determined by specific occupational standards. Please call our office for more information.

Occupational Skills Training

The Occupational Skills Training program is designed to provide the opportunity for students to receive instruction in a specific occupational area. The programs are individualized and allow flexibility in program design, delivery, and implementation. Individualized plans are developed in consultation with the student, PCC Faculty, PCC OST coordinators, work-site supervisors, and agency representative(s), if appropriate. An interview with an OST coordinator is required for assessment, to determine the specific occupation and to identify a suitable training site and its availability. Prerequisites are determined by specific occupational standards.

Ophthalmic Medical Technician

Cascade TEB 103, www.pcc.edu/programs/omt, 971 722-5667 Admissions

Ophthalmic Medical Technicians perform ophthalmic procedures under the supervision of a licensed physician. PCC's OMT program offers an Associate of Applied Science in Ophthalmic Medical Technology. Upon completion of the program, you will be eligible to test for national certification as an ophthalmic technician. Becoming a certified ophthalmic technician (COT) gives you a competitive edge in a field where employers are actively seeking credentialed candidates.

The program is limited to students officially accepted into the program, after all requirements are met. Please visit the OMT program website, www.pcc.edu/programs/omt for more information, requirements, orientation dates and application process.

Sign Language Interpretation Program

Sylvania CT 219, 971 722-4672, 971 722-4951 TTY

Sign Language Interpretation

American Sign Language interpreters work with deaf and hearing people, relaying signed messages into spoken languages and spoken messages into signed language. Professional interpreters work in a variety of settings including education, conferences, social services, health care, and law. Students enter the full-time two-year program each fall term; enrollment is limited. Prerequisite courses include successful completion of ASL 240, Deaf Studies, and Intermediate American Sign Language skills. See the webpage for more information and the application form at www.pcc.edu/programs/sign-language.

Skill Center

Margaret Carter Skill Center; Cascade Campus; TEB 124, 971 722- 5450

The Margaret Carter Skill Center offers guidance and encourages students to become self-directed, self-reliant and to achieve self-efficacy in a learning environment that is respectful, welcoming, tolerant, and non-judgmental. Students must be 18 or older, attend and complete an orientation. Contact Lap Man Sin at (971) 722-5452 or

lapman.sin@pcc.edu for complete registration information.

Study Abroad

Downtown www.pcc.edu/studyabroad, studyabroad@pcc.edu, 971 722-7152

Each year, Portland Community College offers a variety of opportunities for students to study outside of the United States. A study abroad experience not only teaches a student more about the culture, history, and language of a foreign country, but also encourages the student to observe, reflect, and understand a cultural viewpoint other than their own. Such an experience also broadens the student's perspective and understanding of their own culture. All students who receive financial aid to attend PCC can apply their aid toward a PCC-sponsored study abroad program. For more information, visit our website, www.pcc.edu/studyabroad or contact our office using the information listed above.

Veterinary Technology

Rock Cr BLDG7 202 www.pcc.edu/vettech, 971 722-7255 Admin Asst

Veterinary technology is a profession involving animal health care in which individuals work with veterinarians, biological researchers, and other scientists. Duties may include restraining animals, administering medications and anesthetics, performing laboratory tests, cleaning teeth, taking x-rays, preparing an animal for surgery, and assisting the veterinary doctor in surgery. Veterinary technology offers a 2 year program which includes internships designed to give students practical "hands-on" experience applying skills learned in the classroom. For admissions information call the PCC Veterinary Technology Program at 971-722-7255 or 971-722-7461. Enrollment in courses is limited to those officially accepted into the program or having the Department Chair's approval.

ABE (Adult Basic Education) classes offer instruction for adults who wish to improve skills in reading, math, and writing, or wish to prepare for the State GED (General Education Development) Exam. If you do not want preparation classes and only want to take the State GED Exam, call the PCC Testing Center at 971-722-5680 for information.

New students must attend a Placement Session before attending class. The placement session schedules are listed below by campus. New students must fill out an Admissions Application online at www.pcc.edu/admissions. PCC will email your PCC student ID number. Bring picture ID and your ID number to the testing session.

ABE classes are available in the morning, afternoon, and evening. However, not every class is available at every site and time. Assignment to classes will be made at the Placement Session according to the students' schedules and levels.

Special Needs

If English is not your native language, you must show adequate English listening and speaking skills for working in the classroom. If you have a disability and need special assistance (such as sign language interpreter, a reader, or a writer) in order to participate in the ABE placement session, please contact the Office for Students with Disabilities (971-722-4341) at least two weeks before the session is held. Students who are 16 or 17 years old must take a copy of their written high school release to the placement session.

Fees

1. ABE classes are \$10.40 per hour, plus the tech fee. For example, if a class meets 6 hours a week, the charge is \$62.40 plus a tech fee of \$5 for the term.
2. You are responsible for your bill whether you attend or don't attend classes. Check your account on MyPCC Pay.
3. If you receive Food Stamps or Oregon Health Plan, you may be qualified for a class fee waiver.
4. Fees are NOT refundable after the first week of the term.
5. Parking permits are required for campus sites. All-day, evening, annual, or rideshare permits may be purchased in the PCC Business Office

How to Work with the Oregon SBDC PCC

Start your entrepreneurial journey at our website: www.BizCenter.org/PCC, and you are on your way! The first step on your path: attending our Introduction to SBDC Orientation. Our Intro to SBDC Orientation is designed to quickly and succinctly give you the information you need to know to access our many services. You'll hear about what we do, what we offer, what you can expect of us, and what we'll expect of you. We will help you assess your level of readiness and direct you toward the services available that meet you where you are so you can hit the ground running. After hearing the information you can decide which of our services can best serve you and your business needs. Reserve your seat in an upcoming session by registering at our website: <http://www.bizcenter.org/locations/portland/orientation>

The START-UP Stage

Is your business established, but making little or no money? Our start-up programs for new businesses are designed to help you achieve your start-up business goals at the pace at which you are ready to embark. Whether you are on a fast track or want to take it slow, our Start-Up Stage programs will fit your life's schedule. With class work, one-on-one advising and peer mentorship, you will learn the skills essential to building a solid business foundation to get your venture started in the right direction toward success.

The PRE-GROWTH Stage

Do you have regular customers and steady income, but are experiencing some chaos due to a lack of systems? Our Pre-Growth Stage programs are designed to help you build a solid foundation to grow your new business upon.

The GROWTH Stage

Have you developed an attractive business concept and have employees to sell and deliver it? Our innovative programs for established businesses are designed to help you achieve your business goals through improved management, organization and operation skills. Through class work, one-on-one long-term advising, and peer mentorship you will learn how to develop, maintain, and use effective marketing and management tools, and how to understand and use your financial data.

The MATURING Stage

Is your business functioning well and you have a competent management team in place? Wonderful. What's next? When you are ready to expand your business by adding a location, employees or equipment, or re-invent with additional products or services, our advanced business management programs are designed to help you achieve your business goals. Through class work, one-on-one long-term advising, and peer mentorship you will learn how to implement a plan for sound growth and expansion, and how to understand and use your financial data to maximize your growth potential.

The TRANSITION Stage

Where do you turn for assistance when the market changes, leading employees leave, or owners exit the business? At the Oregon SBDC, you are never alone in your business. Leverage the power of a peer network. Our cohort learning model connects you with peers going through the same struggles you are. You'll form powerful bonds and work together to solve problems while you each build your own business. Plus you'll meet with an advisor to help you develop an action plan for your business, focus on growth strategies, work through current challenges, and step back to get an objective view of your business.

GLOBAL TRADE CENTER of SBDC

For those doing business in the Global Marketplace or wishing to expand into new markets.

Certification Training

Our Certification Trainings provide you with the education required prior to becoming certified, or in maintaining your certification by obtaining CEU credit hours, in specific segments of small business ownership.
