

Set up an EasyBib account

1. Go www.easybib.com
2. Find the link to Register in the upper right corner.
3. Fill out the form and create an account.

The screenshot shows the EasyBib registration page. In the top right corner, there is a box labeled 'Or sign up to EasyBib:' containing the EasyBib logo, with a red box and arrow labeled '1' pointing to it. Below this, the 'Register on Easybib' form is highlighted with a yellow box and a red box and arrow labeled '2'. The form includes fields for E-mail address, Password, First name, Last name, School, Grade (with a dropdown menu set to 'Middle school or under'), Year of birth, Zip code, and Gender (with radio buttons for Female and Male). At the bottom of the form, there is a checkbox for 'Yes! I want to be e-mailed EasyBib's monthly promotions!' and a 'Create an account' button, with a red box and arrow labeled '3' pointing to the button.

Create EasyBib Projects – places to store your citations

For each research project or paper that you're working on, you can create a project where you can store citations. You can find an existing project in the **Projects** tab, or create a new one.

When you create a new project, choose a citation style (ex. MLA or APA) and name your project.

- Click on **Bibliography** to start adding sources.
- Click on **View all sources** to find everything you've added to your EasyBib account.

The screenshot shows the EasyBib main navigation menu. The 'Projects' tab is highlighted with a yellow box. Other tabs include 'Notebook BETA', 'Bibliography', and 'Citation guide'. Below the tabs, there are buttons for 'Create a new project', 'View all sources', and 'Upload citations'.

The screenshot shows the 'New project' form. The 'Name your project:' field contains the text 'solar energy environment'. The 'Default style:' section has radio buttons for 'MLA 6', 'MLA 7', and 'APA', with 'APA' selected and highlighted by a yellow box. A 'Create' button is at the bottom.

The screenshot shows the EasyBib account dashboard. The 'Bibliography' tab is highlighted with a yellow box. Below the tabs, there are buttons for 'Create a new project', 'View all sources', and 'Upload citations'. The 'View all sources' button is highlighted with a yellow box. Below these buttons, there is a list of projects: 'LIB101 bib #1' and 'solar energy environment impact'. Each project has links for 'Bibliography', 'MLA', 'APA', 'CHI', and 'Count', and a 'Notebook' link.

EasyBib can help you cite books, articles, interviews, music... check out the 58 options!

NOTE: be sure to always check EasyBib's citations for accuracy & completeness.

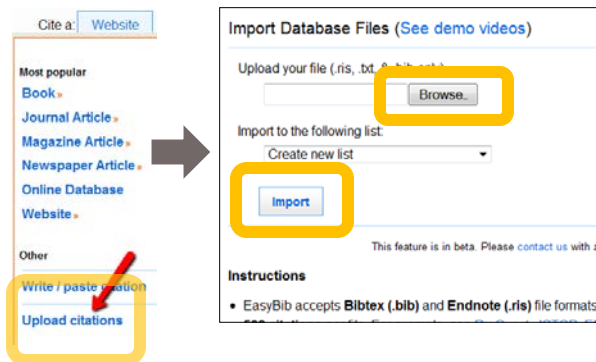

Uploading citations from databases into EasyBib

To get a citation from a database (EBSCO, ScienceDirect, etc) into EasyBib:

- Once you have the article you want, export the citation. The example shows EBSCO's Tools menu.
- Save the citation information by selecting **File** then **Save As** from your browser's toolbar, and save that file as a .txt file.

- Go to EasyBib.com and log in.
- From the **All 58 options** tab, select **Upload citations**.
- Use the **Browse** button to find your citation file where you saved it.
- Select the list to which you want to add the citation, then click **Import**.

You can also save your bibliography as a Google or Word doc to get an automatically alphabetized list!
