

Would you like to learn English and
work toward a GED or a high school diploma?
MAP is an academic program created for students who want
to improve their English and continue their education.

MAP will help you learn English,
explore your post-secondary options, and
learn how PCC can help you reach your goals.

MAP is for students who:

- are 16—20 years old.
- live in participating school district.
- have a first language other than English.
- have never attended school in the U.S. or
will not graduate with their class or
have dropped out of high school.

MAP contracts with your public school district,
so there is no tuition cost for you.

As you progress and begin to take college credit classes, there are some fees required.
