

Would you like to learn English and
work toward a GED or a high school diploma?
MAP is an academic program created for students who want
to improve their English and continue their education.

MAP will help you learn English,
explore your post-secondary options, and
learn how PCC can help you reach your goals.

MAP is for students who:

- are 16-20 years old.
- live in a participating school district.
- have a first language other than English.
- have one of the following:
 - dropped out of high school
 - never attended school in the U.S.
 - will not graduate with your class

MAP contracts with your public school district, so there is no tuition cost for you.
