

---

Each institution has specific requirements for fulfilling general education requirements. Students are advised to read the catalog of the university to which transfer is desired. Names, phone numbers, and E-Mail addresses for inquiries to OIT, OSU, PSU, and UP are listed below.

These general education advising notes and recommendations are based on PCC's understanding of requirements at the time of preparation of this guide. Students, however, are responsible for selecting general education courses that meet university requirements, and PCC makes no warranties of the information listed below. For additional information, see OIT/PCC, OSU/PCC, PSU/PCC, and UP/PCC General Education advising guides available in PCC's Counseling Office.

**OREGON INSTITUTE OF TECHNOLOGY - Department of Civil Engineering & Geomatics**

Klamath Falls, OR 97601

Joseph Sarsenski, Department Chair 541.885.1948 or [sarsensj@oit.edu](mailto:sarsensj@oit.edu)

WR 121, WR 122, WR 227, and SP 111 are required lower division communications courses. Six credits of Humanities and nine credits of Social Sciences are required to graduate from OIT. One course in either Humanities or Social Sciences must be upper division (300 or 400 level).

**OREGON STATE UNIVERSITY - College of Engineering**

Corvallis, OR 97331-6411

John Shea, Head Advisor 541.737.5236 or [john.shea@orst.edu](mailto:john.shea@orst.edu)

OSU has Baccalaureate Core Requirements in 3 main areas - Skills, Perspectives, and Synthesis. The following are recommendations.

**Skills:** 15 credits (3 credits in each sub-area below)

**Writing I:** WR 121

**Writing II:** WR 227 (Either WR 122 or WR 214 is a prerequisite for WR 227 at PCC)

**Writing III/Speech:** SP 111 or 112

**Mathematics:** covered in required MTH courses

**Fitness:** HPE 295

**Perspectives:** 30 credits (distributed as shown below)

**Physical Science:** covered in CH and PHY courses

**Biological Science:** 4 credit course including lab

**Western Culture:** 3 credits minimum

**Cultural Diversity:** 3 credits minimum

**Literature and the Arts:** 3 credits minimum

**Social Processes and Institutions:** 3 credits minimum (EC 201 and 202 required for Construction Engineering Management majors and EC 201 or 202 required for Mechanical majors and recommended for others.)

**Difference, Power, and Discrimination:** 3 credits minimum

An additional course (3 credits) must be earned in 1 of the last 5 areas, i.e., Western Culture, Cultural Diversity, Literature and the Arts, Social Processes and Institutions, or Difference, Power, and Discrimination. (See an OSU catalog or <http://www.osu.orst.edu/> for acceptable courses.)

**Synthesis:** 6 credits

Synthesis courses must be upper division, i.e., have 300 or 400 numbers and are, therefore, not available at PCC. Prerequisites for these may be completed at PCC, however.

## **PORTLAND STATE UNIVERSITY - College of Engineering & Computer Science**

P.O. Box 751, Portland OR 97209-0751

Marcia Fischer, Director of Enrollment Services 503.725.4289 or fischerm@cecs.pdx.edu  
(Schedule an advising appointment one to two terms in advance).

Students transferring with 90 or more quarter credits of transfer work, including **WR 121 and SP 100 or 111**, will be exempted -- by PSU -- from the Freshman/Sophomore inquiry sequences, and will be considered Juniors. However, these students will be required -- by the CECS -- to complete a minimum of **33 credits of Arts & Letters and Social Science** courses to graduate from PSU. Of these 33 credits, 21 may be taken at PCC, providing they are designated "A" or "B" on the AAOT list in the current PCC catalog, except for ENL and WR courses. These students will be encouraged to take the Transfer Transition course and will take PSU's University Studies program beginning with the upper-division cluster.

Computer and Electrical engineering students should also take **WR 122 or 214** and then **WR 227**, Technical Report Writing, which is a requirement for those programs. WR 122 (or WR 214) will **not** transfer to PSU, but is a prerequisite for WR 227. Civil and Mechanical engineering students are highly encouraged to take these courses, but Technical Report Writing is not a requirement for these programs. **EC 201**, Principles of Economics: Microeconomics, is recommended for all engineering majors as preparation for economics instruction in the upper-division cluster, and will be counted as a social science.

Students transferring with 45-89 credits will be encouraged to take the Transfer Transition course and will begin University Studies with Sophomore Inquiry (terms of Sophomore Inquiry required depending on exact number of credits between 45 and 89). Those transferring 30-45 credits will be required to take the Transfer Transition course. Those transferring 0-29 credits will be required to complete the entire University Studies program including the entire Freshman Inquiry sequence.

## **UNIVERSITY OF PORTLAND - Multnomah School of Engineering**

5000 N. Willamette Blvd., Portland, OR 97203-5798

Khalid H. Khan, Associate Dean 503.283.7180 or khan@up.edu

UP requires courses in the following 5 areas. Courses acceptable to UP are listed.

**Writing:** 2 courses

WR 121, 122

**Fine Arts:** 1 or 2 courses \*

ART 204, 205, 206, 207, 208, 209, 211, 212, 213  
MUS 201, 202, 203

**History:** 1 or 2 courses \*

HST 101, 102, 103, 104, 105, 106, 201, 202, 203

**Social Science:** 1 or 2 courses \*

ATH 207, 208, 209  
GEO 105, 106, 107, 202, 206  
PS 201, 202, 203, 205  
PSY 201, 202, 203, 215  
SOC 204, 205, 206

**Philosophy:** 2 courses \*

PHL 201, 202

\* A minimum of five transferable courses in Fine Arts, History, Social Science, and Philosophy is required.

Additional general education courses are required for graduation. Many of these courses must be upper division, i.e., have 300 or 400 numbers, and are therefore, not available at PCC. Prerequisites for these may be completed at PCC, however. (See a UP catalog for acceptable courses.)
