

**MRI Technologist Training Program**

[www.pcc.edu/mri](http://www.pcc.edu/mri)

**Program Overview**

Program is nine months in length - three consecutive terms. Applications accepted March 1<sup>st</sup> - April 15<sup>th</sup>. Classes begin Fall Term. Applicants must be a currently credentialed Technologist in Radiography (ARRT), Ultrasound, Nuclear Medicine or Radiation Therapy. Enrollment is limited and dependent on clinical site availability.

Program involves didactic (classroom and on-line) sessions as well as clinical training hours.

Didactic classroom courses are offered in the evenings:

*Tuesdays + Thursdays - Term 1 + Term 2*

*Thursdays only - Term 3*

Clinical training hours in MRI are coordinated with the sponsoring clinical sites:

*18 hours/week - Term 1*

*28 hours/week - Term 2 + Term 3*

**Program Schedule**

**Term 1 – 10 credit hours:**

MRI 101: MR Physics I – Principles, Equipment + Safety (2)

MRI 111: MR Cross-Sectional Anatomy I (2)

MRI 121: MR Clinical Education I (6)

**Term 2 – 11 credit hours:**

MRI 102: MR Physics II – Advanced Principles (2)

MRI 112: MR Cross-Sectional Anatomy II (1)

MRI 122: MR Clinical Education II (8)

**Term 3 – 11 credit hours:**

MRI 130: MR Imaging Procedures + Diagnosis (2)

MRI 140: MR Registry Review (1)

MRI 123: MR Clinical Education III (8)

**Total Credit Hours = 32**

**Estimated program cost: \$3,200.00**
