OIT /Portland: Before you apply to OIT/Portland, they ask that you schedule an advising session with one of their general education advisors and degree program directors. This meeting will allow you to get more detailed information about OIT/Portland, receive an unofficial transfer evaluation as well as map out the most direct path to reach your educational goals and objectives. Once you have met with an advisor, you can complete and submit the appropriate application or call OIT/Portland to request a printed version. The majority of Portland students use the Dual Admit Application in cooperation with PCC as they will more than likely need to take one or more lower-division courses.

Transfer applicants must have a cumulative 2.25 GPA or better in college-level classes unless they hold an associates or bachelors degree already, in which case, only a cumulative 2.0 GPA is required. In order to be admitted to OIT, transfer applicants must complete the equivalent of Math 95 Intermediate Algebra (or higher) and WR 115 Introduction to Writing (or higher) with grades of C- or better. Applicants who do not have an Associates or Bachelors degree must have at least 36 college-level credits, no more than 3 of these credits can be in Physical Education and no more than 10 percent of an applicants total credits may be in Physical Education.

CAMPUS VISIT: Contact the Campus Visit Coordinator at 541-885-1668 for the Klamath Falls Campus. Call 503-821-1250 for a visit at OIT's Portland Campus. You can also visit <http://www.oit.edu/prospective-students/admissions/visit>.

ACCEPTANCE OF TRANSFER CREDITS:

A Transfer Evaluation Report acknowledging the courses accepted by Oregon Tech will be sent after your admission status has been confirmed. Vocational or technical courses may also be accepted, if your major department determines that they satisfy particular bachelor's degree requirements. In all cases, course and/or department prerequisites will be enforced. As a general rule, only credits from regionally accredited institutions can be accepted. Transfer students with associate's degrees will be granted junior standing for registration purposes, but may still be required to take prerequisites and remedial courses before taking upper-division courses

See https://banweb.ous.edu/oitprd/owa/oitcas_web.p_Dispequivalencies for course equivalencies.

- All OUS institutions require two years of same high school-level second language with a grade of C- or above, or two terms of a college-level second language with a grade of C- or above, or acceptable performance on proficiency-assessment options. Demonstrated proficiency in an American Indian language can meet all or part of the second language requirement, as certified by the governing body of any federally recognized tribe. American Sign Language meets the second language requirement. The second language requirement applies to transfer students graduating from high school in 1997 and thereafter.
- Academic performance is not the sole criterion for admission to an OUS university. A university may evaluate a person's behavior and background to determine their ability to maintain the standards of academic and professional conduct expected at the university. An evaluation may take into consideration current behavior and performance as well as past experiences and actions. Meeting minimum qualifications for admission does not guarantee admission.
