

*The Accelerated Bachelor of Science program is designed to allow those students who **currently have or will have a bachelor's degree** from an accredited institution with **a major other than nursing** to take the nursing courses required to get the B.S. with a major in nursing.*

Lower Division Requirements for the Accelerated Bachelor of Science in Nursing Major:

OHSU Courses	Course	PCC Course Equivalents	Qtr. Credits
Human Anatomy & Physiology w/lab	Year long course	BI 231, 232, & 233 Anatomy & Physiology	12
Nutrition	1 course	FN 225 Nutrition <i>or</i> FN 270 Normal & Applied Clinical Nutrition	4
Human Growth and Development (lifespan)	1 course	PSY 215 Human Development	4
Microbiology w/lab	1 course	BI 234 Microbiology	5
Introduction to Genetics	1 course or module w/in a course	*PCC's BI 233 will meet this requirement.	-
Statistics	1 course	MTH 243 Statistics I	4

Applicants must complete the above coursework with a grade “B” or better in each course

*If you have taken Anatomy & Physiology at another institution and there was not a genetics component to your courses, PCC's **BI** 102 Biology, **BI** 112 Cell Biology for Health Occupations, **BI** 122 Intro to Human Anatomy & Phys. II, **BI** 212 Principles of Biology, and **BI** 222 Human Genetics will meet the requirement.

This generalist nursing program is five quarters of full-time nursing coursework starting summer term. This program will prepare the graduate for RN licensure and will also give interested students the necessary credentials to pursue a graduate degree in nursing. At the completion of the Bachelor of Science Nursing curriculum, the B.S. degree is awarded and graduates are eligible for professional registered nurse licensing examinations.

Other Application Requirements:

- Applicants must have a bachelor's degree **prior to matriculation into the nursing program** in order to be eligible for admission.
- Applicants must have completed at least one term of Anatomy and Physiology at the time of application and have a reasonable plan to complete all prerequisite coursework prior to matriculation.
- Applicants must have a minimum cumulative GPA of 3.0.
- Applicants are evaluated on the cumulative GPA from all previous coursework. All applications are reviewed by the undergraduate faculty admissions committee and must meet minimum GPA requirements.

Application Deadline: January 15, 2010

Contact: OHSU: School of Nursing/3455 SW US Veterans Hospital Rd./Portland, OR. 97239-2941

PCC endeavors to create accurate transfer guides for students; however, requirements may change without notice. Students are responsible for working with PCC advisors and their transfer institution to ensure that their academic plan will meet requirements and timelines.

*The Accelerated Bachelor of Science to Masters in Nursing program is designed to allow those students who **currently have or will have a bachelor's degree** from an accredited institution with **a major other than nursing** to take the nursing courses required to get the B.S. with a major in nursing and then continue into the master level courses that are required to achieve a Psychiatric Mental Health Nurse Practitioner or Certified Nurse Midwifery MS/MN degree.*

OHSU Courses	Course	PCC Course Equivalents	Qtr. Credits
Human Anatomy & Physiology w/lab	Year long course	BI 231, 232, & 233 Anatomy & Physiology	12
Nutrition	1 course	FN 225 Nutrition <u>or</u> FN 270 Normal & Applied Clinical Nutrition	4
Human Growth and Development (lifespan)	1 course	PSY 215 Human Development	4
Microbiology w/lab	1 course	BI 234 Microbiology	5
Introduction to Genetics	1 course or module w/in a course	*PCC's BI 233 will meet this requirement	-
Statistics-taken within last 5 years	1 course	MTH 243 Statistics I- taken within last 5 years	4

Applicants must complete the above coursework with a grade “B” or better in each course

*If you have taken Anatomy & Physiology at another institution and there was not a genetics component to your courses, PCC's **BI** 102 Biology, **BI** 112 Cell Biology for Health Occupations, **BI** 122 Intro to Human Anatomy & Phys. II, **BI** 212 Principles of Biology, and **BI** 222 Human Genetics will meet the requirement.

Students on this track are concurrently accepted to the ABS program and either the Nurse Midwifery or Psychiatric Mental Health Nurse Practitioner program, and will start the master's coursework after completing the required courses necessary to achieve the B.S. degree and passing the nursing licensure exam. This 3 year program begins with a five quarter, full-time course of study in the accelerated undergraduate program, beginning summer term. At the completion of the Bachelor of Science Nursing curriculum, the B.S. degree is awarded and graduates are eligible for professional registered nurse licensing examinations. The graduate program coursework begins in the fall term, following successful completion of the B.S. degree and nursing licensure exam (NCLEX).

Other Application Requirements:

- Applicants must have a bachelor's degree prior to matriculation into the nursing program in order to be eligible for admission.
- Applicants must have completed at least one term of Anatomy and Physiology by the end of fall term and have a reasonable plan to complete all prerequisite coursework prior to matriculation. Applications cannot be reviewed until updated transcripts with A&P I grades are received.
- Applicants must submit GRE Scores (combined Verbal & Quantitative scores above 1000).
- Applicants must have a minimum cumulative GPA of 3.0.
- Applicants must submit 3 professional references (see [Letters of Recommendation](#) for more information)
- Applicants are evaluated on the cumulative GPA from all previous coursework. All applications are reviewed by the undergraduate and graduate faculty admissions committees and must meet minimum GPA requirements.

Application Deadline: November 2nd, 2009
