

LEARNING ASSESSMENT PLAN 2009-2010

CRITICAL THINKING and PROBLEM SOLVING

SAC: Occupational Skills Training

CONTACT: Sandy Schramm 503-788-6132 sschramm@pcc.edu

PLAN OF ACTION

The SAC will revise the Student Evaluation questionnaire that is used for end of term on-site reviews of student performance to focus more on a balance of student feedback and training site supervisor feedback. We will build a question at the end of the form which allows us to focus on learning outcomes that the SAC wants to study.

The 2010 focus will ask the student to give us an example of a problem or critical issue encountered during training and to describe their response to it. We will encourage the student to describe its impact on their learning experience at the training site. The SAC will collect these from August 2010 – October 2010 and review the results.
