

Course Challenge Standard and Practice

1. Credit courses so designated by the Subject Area Committee (SAC) may be challenged by special examination at a time set by the appropriate department chair, division dean, or program director.
2. Students currently enrolled in such a course must request a challenge from the department chair, division dean, or program director prior to the published drop deadline. Students must have formally dropped the class prior to submitting the Petition for Credit by Examination form and to taking the challenge exam.
3. Students must be currently registered in credit courses or have previously completed credit courses at Portland Community College. Students must have an established Portland Community College transcript before the challenge credits will be recorded.
4. Challenge credit may not be used to meet the 30 quarter hour residency requirement.
5. Students must complete and submit to the Business Office a Petition for Credit by Examination form with the current nonrefundable fee. If the student successfully challenges the course, the student will pay the course tuition rate in effect at the time of testing in order to receive credit. This fee will be applied to the tuition for each class. Students must complete the challenge exam within two consecutive terms.
6. The department may issue a letter grade or a "Pass" for successful completion of a challenge as determined by each SAC. The grade will be entered on the student's transcript through a Grade Review Request Form submitted by the department chair. All challenge courses will appear on the transcript as credit by examination. Students should be aware that a grade of "Pass" may not transfer to other colleges or be acceptable for certification or degree requirements. Students will assume responsibility for determining if the challenge credit is transferable to another institution.
7. Students may take the challenge exam for a specific course only once.
8. Students may not challenge a course in which they have previously enrolled or audited and received either a letter grade (A, B, C, D, F) or a mark (W, CIP, I, NP, P, AUD, or X.)

Effective: June 10, 2011
