Decisions Announced: Wednesday, October 2nd

Name: _______________________________ Email: _______________________________

Phone #: ______________________________

Campus: ____________________________ Department: _____________________________

Course in which you would like to incorporate community-based learning:
_________________________________________________________________________________

Please attach a copy of the course syllabus and CCOGs to this application (if available). Additionally, please provide a paragraph proposal describing the development or revision of this course to include community-based learning:

Please answer the following questions:
1. Provide an explanation of why you want to participate in the Cohort and what you hope to get out of it.

2. How would your particular course content connect to the community’s needs and vice versa?

* Formerly Service-Learning
3. What challenges & benefits do you foresee using community-based learning in your course(s)?

4. Do you have any prior experience with community-based learning either as an instructor/faculty or as a student?

By signing this application, I understand that I must participate fully in the cohort sessions and develop a course blueprint by the completion of the cohort experience in order to receive my full $450 stipend. By signing below, I also indicate that I have discussed my participation in the community-based learning faculty cohort with my department chair.
