ADDENDUM #6 - RFP for ADA Third Party Consultant Services

Addendum Dated: 05/09/2019

PURPOSE: The purpose of this Addendum #6 is to provide answers to submitted questions related to the ADA Third Party Consultant Services RFP.

The document follows this cover sheet and is attached.

End of Cover Sheet for Addendum #6
**ADA Third-Party RFP Questions**

1) Q: Attachment C (page 17) asks if we are a corporation authorized to do business in the State of Oregon. We are not. Does this prohibit us from submitting?

   A: Proposers are required to be authorized to do business in State of Oregon at the time they submit their proposal.

2) Q: Do we need to be ICC registered in the state of Oregon? Or does our PE license need to be from Oregon?

   A: Yes to both

3) Q: Our contracts department reviewed the RFP, and are wondering about Page 3, #5 Contract. It says “A sample will be posted as an Addendum”. Is this a sample contract? I did not see one posted as an addendum. Do we need to worry about that yet?

   A: The contract is already posted in Addendum #5.

4) Q: There are two RFPs we’re interested in and have a question about whether or not we can propose on these as a landscape architect or if we need to join up with a prime firm (architect or engineer)?

   A: Proposers who feel they can meet the requirements of the RFP do not need to partner with others.
