14-071  APPROVE THE PROJECTED SMALL WORKS PROJECT LIST FOR FISCAL YEAR 2013-14

PREPARED BY: Denise Jeffords, Buyer/Contract Specialist

FINANCIAL RESPONSIBILITY: Keith Gregory, Interim Director, Facilities Management Services

APPROVED BY: Jim Langstraat, Associate Vice President, Finance
Wing-Kit Chung, Vice President, Administrative Services
Dr. Jeremy Brown, President

REPORT: The passing of Board Resolution #12-013 in July 2011, allowing the college to operate a small works retainer program has proven to be very beneficial to the college, and has allowed Facilities Management Services staff the flexibility to offer more contracting opportunities to the Minority, Women and Emerging Small Business (MWESB) firms which is a board contracting goal.

The attached list contains projects that staff plans to initiate during this fiscal year. For FY 2013-14, the aggregate estimated amount is $6,589,500. This is a proposed list based on current college priorities and is subject to changes if the college’s needs change. At the end of the fiscal year staff will provide the Board with a report detailing the actual projects initiated; the Vendors selected; and the status of each project.

A $700,000 small works contingency project has been included to address unplanned and unforeseen building infrastructure and system failures that may occur. Projects funded from the $700,000 contingency will be reported back to the Board. In addition a $250,000 project has been included to contract with Architectural and Engineering Consultants for preplanned activities associated with FY 2014-15 construction projects. This will allow Facilities Management Services to move to a more proactive method of managing its construction projects.

RECOMMENDATION: That the Board of Directors acting in their capacity as Local Contract Review Board approve this list of projects in Exhibit A in the aggregate amount of $6,589,500 for Fiscal Year 2013-14. The proposed projects will be funded from the General Fund, the Capital Project Fund and the Bond Fund.

AUTHORIZATION TO UTILIZE AN INTER-GOVERNMENTAL COOPERATIVE CONTRACT TO PROVIDE ELEVATOR MAINTENANCE AND REPAIR SERVICES

PREPARED BY: Denise Jeffords, Buyer/Contract Specialist

FINANCIAL RESPONSIBILITY: Keith Gregory, Interim Director, Facilities Management Services

APPROVED BY: Jim Langstraat, Associate Vice President, Finance  
Wing-Kit Chung, Vice President, Administrative Services  
Dr. Jeremy Brown, President

REPORT: The College has a need to contract with a qualified company to provide the college with full elevator maintenance service and maintain a continuing system of full preventative elevator maintenance and repair services at various PCC District locations. Staff would like to utilize an existing intergovernmental cooperative contract (allowable without an additional competitive process per College Procurement Rules, CCR.205), the State of Oregon Contract #2574, which has a competitively priced contract with ThyssenKrupp Elevator Corp. for providing these services. The estimated cost of these services will exceed the $150,000 threshold, requiring the Board of Directors approval (B505).

RECOMMENDATION: That the Board of Directors authorize the use of an intergovernmental contract for the provision of Elevator Maintenance and Repair Services and award a two-year contract to ThyssenKrupp Elevator Corp. in the amount of $170,000, (based on an annual estimate of $85,000), with an option for the college to renew the contract on an annual basis for an additional two (2) years. The contract shall not exceed four (4) years, with a maximum amount of $340,000. Expenditures for this contract will come from the general fund and the capital projects fund.

14-073  REVISE BOARD POLICY B 703 (FIRST READING)

PREPARED BY: Kristin Watkins, Associate Vice President, College Advancement

APPROVED BY: Dr. Jeremy Brown, President

REPORT: By Board Policy B 703, the Board has the sole authority to approve the naming of College facilities and programs. The PCC Foundation Board makes recommendations to the College Board regarding the naming of facilities or programs in recognition of philanthropic gifts.

The PCC Foundation revised its philanthropic naming policy in November 2013 in order to provide greater clarity on several issues, including the College Board’s ultimate authority for the approval of philanthropic naming of buildings, spaces, college programs, and faculty or staff positions; the process the PCC Foundation will use in proposing naming agreements and obtaining such approvals from the College Board; and the types of gifts that may be considered for philanthropic naming. The PCC Foundation’s Philanthropic Naming Policy is attached as Exhibit B.

A review of the College Board’s naming policy was deemed timely, given the large number of buildings coming on-line as a result of the 2008 Bond program and the Foundation Board’s recent revisions to its philanthropic naming policy. The revised Board policy continues to state clearly the Board of Directors’ sole authority to approve naming proposals. It is recommended that the naming of faculty and staff positions be added to the policy, along with additional clarity about the types of naming opportunities (philanthropic and honorary) the College will consider for individuals, families, entities or organizations; the role of the PCC Foundation in proposing and preparing naming agreements; and the criteria for honorary naming.

RECOMMENDATION: That the Board of Directors approve on First Reading the proposed revision to Policy B 703 as shown in Exhibit C.
Foundation Philanthropic Naming Policy

Purpose
Significant gifts to support Portland Community College (PCC) offer the opportunity for the College and Foundation to recognize and honor a donor whose generosity advances the academic mission of the College, furthers its capacity to serve the community, and enhances the College’s growth and reputation.

To pay tribute, PCC may recognize donors by ascribing to a building or other campus space, college program, faculty or staff position, or endowed scholarship the name of the donor when contributions are given in minimum amounts as specified in herein.

The purpose of this policy is to:

- Provide direction and guidelines for the Foundation Board in its work with the College Board to provide philanthropic naming opportunities.
- Provide the opportunity to appropriately recognize donors for their significant gifts in support of Portland Community College; and to
- Provide guidance to donors and PCC Foundation staff on the process and general gift minimums for naming opportunities.

Philanthropic naming is a poignant and prominent honor for an individual, entity or organization deemed worthy of such recognition. The act speaks to the judgment that is exercised by the College to align the name of an individual, entity or organization with traits that are considered commendable to PCC. As such, the credentials and reputation of the individual, entity or organization for which the naming of significant property is being considered will be appropriately reviewed during the nomination process. Further, the act of philanthropic naming will be consistent to assure that the amount of the contribution warrants the proposed recognition, and to maintain the equity in the relationship of donations for similar naming opportunities.

Naming opportunities (with the exception of endowed scholarships and program funds for excellence) are exclusively controlled and approved by the Board of Directors of PCC and PCC President as per College Naming Policy B703; the PCC Foundation will adhere to and support the College policies and processes. The Foundation staff, Associate Vice President of College Advancement, and Foundation Board of Directors will in addition collaborate with the President’s office to:

- Raise major gifts to support PCC and actively cultivate and steward donors.
- Recommend and nominate donors who have given the appropriate level of charitable contributions for the honor of naming of a building / space, program, or faculty or staff position at PCC.
- Create, review and approve each philanthropic naming agreement before forwarding to the PCC President and PCC Board of Directors for approval.

Naming Process and Approvals
Since the naming process has a long-term impact on the College, the approval process is designed to ensure such action is in the best interest of the College.
All naming opportunities that involve private financial support will first be approved by the PCC Foundation Board before any action can be taken by the College review and approval process. Further, discussions with potential donors who seek naming opportunities will be conducted with the understanding that the PCC President and PCC Board of Directors reserve final approval of the naming. The exception is that endowed scholarships and program funds for excellence do not require approval by the PCC President or PCC Board of Directors, only the PCC Foundation.

Nominations/philanthropic naming proposals recommended and approved by the Foundation will be submitted in writing to the College President and Board of Directors.

Each philanthropic naming proposal will have a specific naming agreement prepared by the PCC Foundation outlining the naming provisions, recognition/stewardship, time duration, relevant history or experience suitable for nomination, significant honors and resume/bio of donor, and the expectations of the College and the donor. The Foundation Board will review and approve each naming agreement (involving financial contributions) before forwarding to the College President. The College President will perform the final review and forward to the College Board of Directors.

Each philanthropic naming agreement should reserve the right to rename or cancel naming agreements for dishonorable behavior that is inconsistent with the high stature and honor of the naming opportunity, and also should include the right to rename as future conditions might change (for example, the life of the building expires or the program is discontinued). If a renaming situation occurs, the College and Foundation should acknowledge, if appropriate, the first gift in some manner (such as a plaque or naming part of a new building). These guidelines recognize, however, that each philanthropic naming opportunity is a unique situation requiring agreement of the Foundation Board of Directors, the College Board of Directors, and the donor, and that the Foundation Board and College Board should have the discretion to apply or depart from these guidelines.

Prior to the philanthropic naming approval, the College Board shall have reasonable assurance that:

1. The proposed name shall bring honor and distinction to the College and
2. Any philanthropic commitments connected with the naming shall be realized.

The designation of a naming shall not be publicly announced until final approval has been obtained as required by the PCC Board of Directors.

Minimum Gift Amounts and Pledge Period

The gift levels outlined below are intended as minimum amounts to name the respective opportunity; higher minimums may be set for specific opportunities. In consultation with the PCC President and College Board of Directors, the PCC Foundation Board may adjust these minimums to reflect market conditions.

Irrevocable pledges to be paid over a period of time are acceptable; typically up to five years unless otherwise approved by the PCC President and PCC Board of Directors. The terms of payment will be outlined in the naming agreement. Naming opportunities may be considered through an irrevocable deferred gift at the discounted present value.
Foundation Philanthropic Naming Policy

Combinations of irrevocable planned gifts and cash may be considered under the right circumstances.

Facilities / Space / Equipment Naming Guidelines
In general, it is expected that a donor will make a contribution of at least $1 million before being offered a building naming opportunity. Higher minimum amounts may be set for specific opportunities and/or minimums can be adjusted in the future by the PCC Foundation Board after consultation with the PCC President and College Board of Directors. Contributions do not have to be directly attributable to the costs of facility construction or renovation but may be directed to other philanthropic purposes at the College (scholarships, program support, etc.).

In addition, the PCC Foundation may propose naming opportunities smaller than a building in recognition of appropriate philanthropic gifts. Such naming opportunities may include space within a building (classrooms, labs), portable items (equipment or collections), tribute markers (gardens, benches), etc. These naming opportunities may be considered for philanthropic gifts that support the direct costs of these spaces or for other gifts to scholarships, program support or other areas. Decisions regarding such recognition will be made in accordance with the approval process contained in this policy.

The Foundation Board recognizes that it might be appropriate, from time to time, to recognize a donor with a naming opportunity if the donor has a significant cumulative giving history, or may have provided additional extraordinary services to the College or community, or the gift could be considered pivotal for the overall success of a campaign. These caveats will be disclosed and outlined to the Foundation Board in presenting the naming agreement for consideration.

Program Naming Guidelines
Programs of the College can also be named following the Foundation's general naming guidelines and the College Naming Policy B703. Program naming opportunities should be intended for long-term endowment gift proposals, but could be suggested to the donor for offers of support for a program for a lesser, finite number of years. Program naming gift amounts may differ from program to program and should be at least five times the program’s annual budget (total equipment, salaries and benefits, materials and supplies). Naming agreements should take into consideration the amount needed to create, sustain, and/or significantly advance the program now and in the future. Program naming opportunities may also be considered for philanthropic gifts directed to areas other than the named program, for example, scholarships or facilities.

Faculty/Staff Position Naming Guidelines
Faculty and staff positions at the College can also be named to honor a donor’s philanthropic gift. Faculty/staff position naming opportunities should be intended for long-term endowment proposals and other forms of recognition, but could be suggested to the donor for offers of support for a program for a lesser, finite number of years. In general, $500,000 would be considered the minimum contribution for a faculty or staff position naming opportunity.
Naming agreements for faculty/staff positions should be prepared focusing on particular fields and/or positions that are broad in nature and that are considered to be integral and necessary for the institution now and in the future.

Charitable gifts recognized by a named faculty or staff position can support existing or new positions and can be used to advance the position as the college sees fit, utilizing the earnings for salary or for support, training, or adjunct activities related to the position. In addition, the College may consider faculty or staff position naming opportunities for philanthropic gifts directed to areas other than the named position, such as gifts to scholarships or programs.

A donor may not require, as a condition to a donation that a particular individual be named to, or retained in, a named position. If a new position is established, the College will conduct a search to fill the position with the best qualified candidate who meets the honor and stature that the named position confers. Holders of the named position must continue to meet job/position requirements and will be required to relinquish the named position when leaving the institution or when changing roles within the College.

Guidelines for Naming Endowed Scholarships or Program Funds for Excellence
Naming opportunities are available for endowed scholarships or program funds for excellence. Endowed scholarships or program funds for excellence provide benefits in perpetuity by preserving the corpus of a gift and using fund earnings for student scholarships or other designated program needs. Endowed scholarship and program funds for excellence will have a specific fund agreement approved by the PCC Foundation Managing Director or other appropriate executive officer and the PCC Foundation Finance Committee. Approvals from the PCC President or College Board of Directors are not required for the creation of endowed scholarship or program funds for excellence.

In order for a fund or scholarship to be “endowed” it must contain a minimum principal amount of $25,000. Donors wishing to build endowed funds are expected to make regular contributions to the fund, with the goal of reaching the minimum endowed level within five (5) years. If the fund does not reach the endowed level within five (5) years the funds shall be placed in any other Foundation fund as determined by the Foundation Board, taking into account the original intent of the donor.

CURRENT POLICY

College Board Policy B 703: Naming of College Facilities and Programs

The PCC Board of Directors recognizes the symbolic significance to the College and to the community associated with the naming of facilities and programs. The Board of Directors has the sole authority to approve naming agreements for all College facilities, programs and faculty/staff positions.

The College Board is receptive to naming agreements that honor and recognize individuals, families and companies that have either made or intend to make and/or pledge a substantial “major gift” through the PCC Foundation for the benefit of PCC students and programs. Additionally, the Board of Directors will consider naming proposals for individuals (living or deceased), families and companies who have provided “extraordinary service” to the College or to the community.

The Board of Directors has developed guidelines for the application and implementation of its naming policy. The College Board will seek input and involvement, when financial contributions are involved, from the PCC Foundation Board in the design of naming proposals and in the preparation of naming agreements. The College Board also reserves the right to rename or terminate naming agreements upon certain triggering events, such as conviction of the donor/honoree of a felony, passage of time, or substantial reconstruction or renovation of a structure by a new donor. Such triggering events will be set forth in the naming agreement.

PROPOSED REVISION

College Board Policy 703 B: Naming of College Facilities, Programs, and Positions

The PCC Board of directors has sole authority over the naming of College campuses, sites, buildings, facilities, parts of facilities, and faculty and staff positions. The Board recognizes the symbolic significance to the College and to the community associated with the naming of facilities, parts of facilities, programs, and faculty and staff positions in honor of individuals, families, entities or organizations that have made important contributions to the College and community.

The College will consider the following two general categories of naming opportunities for individuals, families, entities, or organizations:

Philanthropic Naming – Consideration for naming of a College facility, parts of facilities, program, faculty or staff position may be given in recognition of substantial financial gifts to the College or PCC Foundation. The PCC Foundation Board will make recommendations to the PCC President regarding naming proposals and agreements that recognize philanthropic contributions, for
approval by the PCC Board of Directors. Each philanthropic naming proposal will have a specific naming agreement prepared and approved by the PCC Foundation. The Foundation Board will review and approve each philanthropic naming agreement before forwarding to the College President. The College President will perform the final review of the proposed naming agreement and may forward to the College Board of Directors for approval.

Honorary Naming – Portland Community College considers the naming of a College facility, parts of facilities, programs, and faculty/staff positions in honor of an individual, family, entity, or organization to be one of the highest recognitions that the College can bestow. Those considered for naming honors shall have been dedicated to the purpose, nature and mission of the College and shall have achieved outstanding distinction through contributions to the College or community.

All naming recognition must be consistent with the College’s mission. The proposed name should enhance the public reputation of the institution. The credentials, character, and reputation of the individual, family, entity or organization for whom the naming is being considered shall be appropriately evaluated. Naming proposals must be accompanied by appropriate supporting documentation.

The PCC Board of Directors reserves the right to rename or terminate naming agreements upon certain triggering events, such as dishonorable behavior that is inconsistent with the recognition of the naming opportunity, passage of time, substantial reconstruction or renovation of a structure, or discontinuation of a program. These conditions will be set forth in the naming agreement.

14-074  DELEGATE AUTHORITY TO COLLEGE PRESIDENT TO DEVELOP CONCEPTUAL STRUCTURES FOR POTENTIAL PURCHASE OF REAL PROPERTY

PREPARED BY:  Randy McEwen, Vice President

FINANCIAL RESPONSIBILITY:  Randy McEwen, Vice President

APPROVED BY:  Dr. Jeremy Brown, President

REPORT:  The College is exploring potential purchase of real property in inner Southeast that may be necessary for creation of a PCC Health Professions Center. Properties that are being considered are or may soon be the subject of non-PCC development activity by the current owners. As such, PCC’s discussion with the owners may require the interruption of the planning work currently under way. Time is of the essence in these discussions in order to preserve the College’s possible interests. In addition, staff may need to consult with City planners concerning zoning and development limitations for the properties. It is essential for the College to convey that its interest is genuine and time-driven, is attentive to the interests of the owners, and is not a speculative exercise, and that the College recognizes that owners have other options, in return for their devoting time to jointly explore PCC’s interests.

RECOMMENDATION:  That the Board of Directors authorize the President or his designee to discuss with relevant property owners and if warranted develop detailed conceptual plans by which the College might acquire and develop real property for a Health Professions Center. No binding agreements would be developed under this authority. Such proposed agreements, if any, would be approved by future Board resolutions.
Portland Community College does not tolerate unlawful discrimination based on race, color, religion, ethnicity, use of native language, national origin, sex, marital status, height/weight ratio, disability, veteran status, age, or sexual orientation in any area, activity or operation of the District. In addition, the college complies with the Civil Rights Act of 1964 (as amended), related Executive Orders 11246 and 11375, Title IX of the Education Amendments Act of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, Americans with Disabilities Act of 1990 (as amended), USERRA – Uniformed Services Employment and Reemployment Rights Act, and all county, state and federal civil rights laws. Accordingly, equal opportunity for employment, admission, and participation in the college’s benefit and services shall be extended to all persons, and the college shall promote equal opportunity and treatment through a positive and continuing affirmative action plan.
