## Vision
Building futures for our Students and Communities

## Mission
Portland Community College advances the region’s long-term vitality by delivering accessible, quality education to support the academic, professional, and personal development of the diverse students and communities we serve.

## Who We Are
Portland Community College is a public, multi-campus, comprehensive community college serving the lifelong learning needs of our students. We offer college transfer programs; career technical education programs; adult basic skills; opportunities to develop English as a second language; high school completion and dual credit; community and continuing education programs; and service-learning opportunities that foster the development of civic responsibility and engagement. Through extensive partnerships with business, industry, labor, educational institutions and the public sector, we provide training and learning opportunities for the local and state workforce and promote economic and community development.

## We Value
- Effective teaching and student development programs that prepare students for their roles as citizens in a democratic society in a rapidly changing global economy
- An environment that is committed to diversity as well as the dignity and worth of the individual
- Leadership through innovation, continuous improvement, efficiency, and sustainability
- Leadership through the effective use of technology in learning and all College operations
- Being a responsible member of the communities we serve by actively participating in their development
- Quality, lifelong learning experiences that helps students to achieve their personal and professional goals
- Continuous professional and personal growth of our employees and students including an emphasis on fit and healthy lifestyles that decrease disease and disability
- Academic Freedom and Responsibility - creating a safe environment where competing beliefs and ideas can be openly discussed and debated
- Collaboration predicated upon a foundation of mutual trust and support
- An agile learning environment that is responsive to the changing educational needs of our students and the communities we serve – making students marketable for jobs in the future and promoting economic development
- The public’s trust by effective and ethical use of public and private resources

## Goals
### Access:
Access to learning opportunities will be expanded through the cultivation of community and business partnerships.

### Diversity:
Lifelong learning opportunities will be accessible to all and enriched by the diversity of our students, faculty and staff.

### Quality Education:
Educational excellence will be supported through assessment of learning and practicing continuous improvement and innovation in all that we do.

### Student Success:
Outstanding teaching, student development programs and support services will provide the foundation for student skill development, degree completion and university transfer.

### Economic, Workforce, and Community Development:
Training provided to individuals, community and business partners will be aligned and coordinated with local economic, educational and workforce needs.

### Sustainability:
Effective use and development of college and community resources (human, capital and technological) will contribute to the social, financial and environmental well-being of communities served.

INFORMATION SESSIONS
Preview of the Year
Dr. Jeremy Brown, President
Dr. Brown gave a preview for the upcoming year. Some assumptions he noted were: students first, quality education, accessibility to our campuses and courses, value, a commitment to diversity and equity, meeting needs of local economy, and a commitment to sustainability.

He listed some of the major objectives for the upcoming year. The first is finalizing the strategic plan. We hope to present it to the board this Fall for approval. The next phase will involve the prioritization of the different elements within the plan and engaging the campus communities. The second objective is the biennium budget; there will be a lot of work with advocacy at the Governor’s office, the legislature and our communities. We will begin putting together the report for Accreditation with the on site visit scheduled in April 2015. Work will begin on projections with enrollment in programs which will help with budget planning. An
external consultant will be at various campuses later this month to provide a review of technology operations, governance and structure. They will be using a lot of data from other institutions as well as also engaging focus groups. We are engaging residents in Columbia County to determine their needs and desires for a center there. The Advancement Office will play a role in government relations this year. Recruitment efforts are in place to recruit traditional students in the 52 high schools within our district. We are undergoing a space utilization study to determine our current classroom usage and comparing them with standards that are used in various states. There will be two senior level searches that Chris Chairsell will manage; these are Wing-Kit’s replacement and president of the Sylvania Campus. HECC and OEIB initiatives have been and continue to be monitored by staff in regards to higher education. Discussions will start regarding academic programs with respect to the needs of local businesses and how they fit in to what we currently offer.

Enrollment Update
Dr. Chris Chairsell, Vice President, Academic and Student Affairs and Laura Massey, Director, Institutional Effectiveness
Laura Massey gave an update on past and current enrollment data and trends. A few things to note are we peaked in enrollment in 2011-12 with a 44% increase and there is a strong relationship to FTE and recessions/unemployment rates. The distribution of FTE makes up 56% of our lower division transfer courses, with the other 44% being Development Education, Career Tech Education, and All Others. For fall, the College is down about 4.8%, which is better than predicted. By the end of this term, we will have well over 40% of our 2014-15 annual FTE will be measured. At the end of 2013-2014, we were on target for what we predicted. Although enrollment is declining, we knew that would be happening. The other thing happening at the same time is that we are increasing our capacity from the bond. The good news is even though enrollments are declining, we are still way above what we thought we would need to operationalize these buildings. We are able to delivery instruction and student services better than ever because of the bond. Swan Island opened, and we transferred very specific and appropriate programs to the island and that is going to expand our capacity not only for traditional education but for workforce development. We also have SE Campus that is growing into our fourth comprehensive campus, increasing capacity there. As Dr. Brown has noted, our budget and expenses have been conservative but also appropriate. We budgeted for a 7% decline, so we are in good shape. In this coming year, we will be looking into the campus and the program enrollments. We want to be sure to ensure efficiency and access. We are looking for a unique opportunity to rebalance the college programs so that students across our district have access to really dynamic programs, while at the same time ensure that at each campus a student will be able to complete their AAOT. We will begin to look at new programs to address the emerging industries here in Portland and the Northwest. Director Wilton asked how the college was being proactive about managing budget. Dr. Chairsell responded that a lot of it is managing positions. On a college wide basis on both the instruction and student services side, we are looking where the enrollments are and where the part-time and fill-time faculty ratio in the department. There is a plan to hire around 25 faculty members this year. We are taking advantage of doing full-time, 1-year temporary employment because we just don’t know. Director Ladd asked how we compare with other metro regions in terms of growth and decline. Dr. Chairsell noted that the decline in enrollment is a national occurrence. We are better off than anyone in Oregon, but it is hard to compare with the rural areas. On average we grew more than most urban areas around the country, part of that was because Oregon was hit a little harder in the recession. Other large urban areas have been declining for a
PCC Bond Program Update
Sylvia Kelley, Vice President and Linda Degman, Director, Bond Program
Ms. Kelley listed the key objectives for the Bond as approved by Resolution 08-075. Linda Degman updated the board on how campus bond needs are being met and the timeline for that work. Updates have been made to CTE at Rock Creek, Sylvania, and Cascade. College transfer classes and labs have been renovated or will be renovated on all campuses by fall 2014. On the Student Services side, Answer Centers will be open on each campus to help better serve our students. Also, we are now offering child care at Cascade through the Albina Headstart, we are planning for childcare at Southeast. Student areas to enhance student life have been upgraded or renovated.

There have been technology upgrades to classrooms, wireless access, VoIP, and new computers for student use in various areas on the campuses. There has been other work on various buildings throughout the District adding classroom space, parking and improving ADA accessibility.

Enrollment baseline for the bond in 2006 was estimated at 23,000 FTE. The final FTE that was needed at completion of the bond is 28,000 FTE, based on updated state resources (CCSF) level. For 2013-2014 academic year, PCC was at 31,900 FTE.

Advancement Update
Rob Wagner, Associate Vice President, Advancement
Mr. Wagner presented an update to the board members on the advancement office. He outlined the role of Advancement to share the Strategic Plan with the internal and external college stakeholders. He gave an update on Government Relations and updates from Salem on various committees and the budget. The Foundation raised almost $3M, which is a record. They distributed over $1M in scholarships for the first time. He mentioned a few upcoming events, which are all on the board of director calendar.

PUBLIC COMMENT ON AGENDA ITEMS
Steve Buckstein, Senior Policy Analyst & Founder, Cascade Policy Institute made public comment 15-042 Resolution In Support of the Oregon Opportunity Initiative. He provided his testimony to the Board of Directors. He asked the board members not support the Initiative stating that “whatever the value of a college degree is to an individual, it’s becoming clear that Opportunity Initiative state funding of those degrees is likely to cost taxpayers more than they gain.”

BUSINESS MEETING
Chair Palm proposed approval of Resolutions 15-033 through 15-039 that are on the consent agenda. The motion passed unanimously. Harper/Wilton

Roll Call vote taken on the following resolutions that were on the Non Consent Agenda:

Dr. Brown asked Randy McEwen and Wing-Kit Chung to come forward and update the Board of Directors on this item.

15-040 Authorization for Howard S. Wright Constructors to Provide Construction Services for Renovations and Sitework for the
Sylvania Campus Bond Project  
(Yes: Denise Frisbee, Jim Harper, Ken Madden, Deanna Palm, Gene Pitts, Kali Thorne-Ladd; No: Courtney Wilton)

15-041 Board Resolution for Executive Officer Compensation and Benefit Adjustments for FY2014-15  
(Yes: Denise Frisbee, Jim Harper, Ken Madden, Deanna Palm, Gene Pitts, Kali Thorne-Ladd; No: Courtney Wilton)

15-042 Resolution In Support of the Oregon Opportunity Initiative  
(Yes: Denise Frisbee, Jim Harper, Ken Madden, Deanna Palm, Kali Thorne-Ladd; No: Gene Pitts, Courtney Wilton)

PUBLIC COMMENT ON NON-AGENDA ITEMS
Michael Sonnelitner made comments on Strategic Planning. He commented he is worried about the morale. He senses it every day in the work place. He sees wide spread disillusionment and dissatisfaction with the language in the plan. Morale is not good, and it would be a mistake to adopt the plan in October.

REPORTS
Faculty  
Frank Goulard, President, AP and Faculty Federation  
He reported on the busy week of In-Services at all the campuses and centers. He appreciates the comments on Michael Sonnelitner, regarding morale. We should always be mindful of this. He invited the board members to attend the Federation and Faculty Back to School BBQ at Willamette Park on Friday, September 26 from 5:00-8:00. SAC In-Service Day is planned for October 29 throughout the District. Strategic Plan is a focus on their radar and it would be appreciated if approval was held off until November.

Classified  
Deborah Hall, President, Classified Union  
She commented that she was happy to have Dr. Brown at In-Service this year. Classified folks were glad to participate in the Strategic Planning process at In-Service. She touched on the disparity of salary, and that it takes a Classified staff person 17 years to reach their top potential salary.

Board Members  
Director Ladd reiterated the fact that every person who works at PCC is valuable, and she does notice an income disparity at PCC and what certain positions pay. Chair Palm noted that we are on a timeline to approve the strategic plan in November.

President  
Dr. Brown noted the PCC Foundation Golf event was great with 220 golfers and 56 teams, raising nearly $140,000. He thanked all the board members who attended various events on behalf of the college. The Boeing Company offered paid internships to all twelve of our PCC Rock Creek Aviation Maintenance Technology students who applied. PCC was ranked number 5 in the nation for awarding AA degrees. The Maker’s Space at Sylvania got some great press from CNN recently. We have gotten approval on being the contracting college for OCCC. Dr. Brown will be serving on the Board of Directors for Oregon Institute of
Technology.

**ADJOURNMENT**

There being no further business, the meeting adjourned at 9:16 pm.

**NEXT MEETING**

The next business meeting of the Portland Community College Board of Directors will be held on October 16, 2014 at 7:30 PM at the Sylvania Campus.

AUTHORIZATION FOR O’NEILL/WALSH COMMUNITY BUILDERS TO PROVIDE RETAIL CONSTRUCTION SERVICES FOR THE SOUTHEAST CAMPUS BOND CONSTRUCTION PROJECT

PREPARED BY: Kathy Kiaunis, Finance Manager, Bond Program

FINANCIAL RESPONSIBILITY: Linda Degman, Director, Bond Program

APPROVED BY: Wing-Kit Chung, Vice President, Administrative Services
Sylvia Kelly, Vice President
Dr. Jeremy Brown, President

REPORT: With Board Resolution 12-059, the Board of Directors adopted the findings and approved the exemption to authorize the use of the Construction Manager/General Contractor (CM/GC) alternative contracting method for Southeast Center.

After a formal Request for Proposals process, per Resolution 12-075 ($500,000), the Board awarded the CM/GC contract for the Southeast Center 2008 bond program to O’Neill/Walsh Community Builders. Resolutions to date, including 13-027 ($26,749,147), 13-059 ($905,525), 13-066 ($2,362,460), 13-079 ($683,613), 13-090 ($1,100,000), 13-150 ($3,897,009), 14-008 ($472,214) and 14-100 ($938,000) and 15-024 ($859,438) have authorized $38,467,406 for work including the Library, Student Commons, Legin demolition, Mt. Tabor Kitchen and renovations, German American Society (GAS) renovations and demolitions, off-site improvements, U-Haul demolition and a project contingency.

The first floor of both Library and Student Commons has been allocated for retail space, to serve the needs of the staff and students, and community. These spaces, creation of which was part of the original scope for the Southeast Bond program, were developed to create an active campus edge that interacts with the surrounding neighborhood to help support development of community-based commercial activity. In July 2013, with
Resolution14-026, the Board delegated authority to negotiate leases for these spaces. A lease has been executed for the Library space, and Letters of Intent (LOI) are in process for two of the Student Commons spaces.

The retail spaces were built with minimal infrastructure at the time of initial construction, because specific tenants had not been identified. At this time, tenant improvements (TI’s) including utilities are required to prepare the Library retail space for occupancy. The guaranteed maximum price (GMP) for the improvements is $121,578.

This resolution plus the earlier authorizations total $38,588,984. Construction is anticipated to be complete in the Fall 2014.

RECOMMENDATION: That the Board of Directors authorize O’Neill/Walsh Community Builders to complete the SE Library retail space for $121,578. The funds are from the 2008 Bond Program.
APPROVE THE PROJECTED SMALL WORKS PROJECT LIST FOR FISCAL YEAR 2014-15

PREPARED BY: Denise Jeffords, Buyer/Contract Specialist, Procurement

FINANCIAL RESPONSIBILITY: Keith Gregory, Interim Director, Facilities Management Services

APPROVED BY: Jim Langstraat, Associate Vice President, Finance
Wing-Kit Chung, Vice President, Administrative Services
Dr. Jeremy Brown, President

REPORT: The Board adopted Resolution 12-013 in July 2011, allowing the college to operate a small works retainer program. It has proven to be very beneficial to the college in managing small facility projects, and has allowed college staff the flexibility to offer more contracting opportunities to the Minority, Women and Emerging Small Business (M/W/ESB) firms which is a board contracting goal.

The college had a contract with the Oregon University System (OUS), who was the original owner/administrator of the retainer program. OUS elected to stop their participation in the retainer program after July 1, 2014. Oregon State University (OSU) has agreed to be the new owner/administrator of the program. The college is in the process of executing a new contract with OSU in order to continue to utilize the small works retainer program. In order to participate in the Small Works Project Program, interested vendors have to go through a rigorous qualifying process managed now by OSU, based on the quality of work, price and a few other criteria.

The attached list contains projects that staff may initiate during this fiscal year. For FY 2014-15, the aggregate estimated amount is $4,422,500. This is a proposed list based on current college priorities and is subject to changes if the college’s needs change. At the end of the fiscal year staff will provide the Board with a report detailing the actual projects initiated; the Vendors selected; and the status of each project. The result of 2013-14 project list (Resolution 14-071) is captured in Exhibit B. Staff is pleased to report that PCC achieved a 82% of M/W/ESB participation.

A $500,000 small works contingency has been included to address unplanned and unforeseen building infrastructure and system failures that may occur. Projects funded from the $500,000 contingency will be reported back to the Board. In addition a $250,000 project has been included to contract with Architectural and Engineering Consultants for preplanned activities associated with FY 2015-16.
construction projects. This will allow the college to move to a more proactive method of managing its construction projects.

**RECOMMENDATION:** That the Board of Directors acting in their capacity as Local Contract Review Board approve this list of projects in Exhibit A in the aggregate amount of $4,422,500 for Fiscal Year 2014-15. The proposed projects will be funded from the General Fund, the Capital Project Fund and the Bond Fund.
