This body of knowledge will prepare them for the application and subsequent interviews that lead to a coveted place in an apprenticeship program. 16-065  SALARY ADJUSTMENT FOR NON-BARGAINING
UNIT COMMUNITY EDUCATION INSTRUCTORS

PREPARED BY: Tonya Booker, Director, Community Education

FINANCIAL
RESPONSIBILITY: Tonya Booker, Director, Community Education

APPROVED BY: Marc Goldberg, Associate Vice President, Workforce
Development and Community Education
Sylvia Kelley, Interim President

REPORT: Community Education instructors are not part of the
bargaining unit at Portland Community College. There
are no step increases for Community Education
instructors. The hourly rate can be an issue when
trying to recruit and retain instructors. Requests for
Community Education instructor pay increases are
made after consideration of projected revenues and
expenses and have not been as frequent as pay
increases for other employee classifications at PCC.
The CED rate was last adjusted by 2.4% for FY 2012-
13; there has not been an adjustment since.

In order to be competitive in recruitment and hiring of
non-bargaining unit instructors in Community
Education (CED) programs, the base rate for
instructors needs to be periodically adjusted. The cost
will be covered by revenue generated by the
Community Education program.

RECOMMENDATION: That the hourly base rate for Community Education
Instructors be increased by 2.75%, from $23.50 to
$24.15, and that Community Education programs are
hereby authorized to increase pay rates of individual
incumbent instructors by 2.75%.

During the months of October and November 2015, College stakeholders were invited to participate in a mission review process. A total of twenty-three meetings were convened for this review and approximately 365 people attended. Stakeholders were asked to review the current mission/core themes and provide feedback. A Spaces Page was then set up to note the feedback and proposed changes. Approximately 65 more people provided comments on this Spaces Page.

Revised Mission: Portland Community College supports student success by delivering access to quality education while advancing economic development and promoting sustainability in a collaborative culture of diversity, equity and inclusion.
**Four Core Themes:** Access and Student Success; Economic Development and Sustainability; Quality Education; Diversity, Equity and Inclusion.

RECOMMENDATION: That the Board of Directors adopt the revisions to the Portland Community College Mission Statement and related Core Themes.
On February 19, 2015, the Board of Directors adopted resolution-setting tuition rates for the 2015-16 and 2016-17 academic years (2015-17 biennium). For the 2016-17 academic year the approved rate increase was $3.00 per credit hour for resident and border state residents and $5.00 per credit hour for non-resident (including international students) effective summer term 2016.

Tuition rates established for the 2015-16 academic year are $96.00 per credit hour for resident and border state resident students and $224 for non-resident (including international) students).

In subsequent discussions regarding the tuition rates and the budget development process, the Board of Directors expressed an interest in rolling back tuition in the 2016-17 academic year if additional funding became available.

Additional funding has become available as the State allocation to the Community College Support Fund (CCSF) has increased to $542 million while the adopted budget was built on a CCSF funding level of $519 million.

Sufficient funds have been retained through the completion of the collective bargaining process to rollback tuition $2.00 from the previously approved amounts.

RECOMMENDATION: That the following tuition rates for credit courses become effective for the 2016-17 academic year:

**Resident and Border State Resident**
Oregon residents and residents of states bordering Oregon
(Washington, Idaho, Nevada and California), who are under the age of 62, will be charged $97.00 per credit hour effective Summer Term, 2016.

**Non-Resident**
Persons not residing in Oregon or bordering states (including all international students) will be charged $227.00 per credit hour effective summer term, 2016.

**Students who are 62 years and older**
As mandated under ORS 341.534 (HB 2011 in 2009), the College will waive tuition for Oregon residents who are 62 or older who enroll in credit courses, on a space available basis, when the course is taken for an audit grade.
