## Who We Are
Portland Community College is a public, multi-campus, comprehensive community college serving the lifelong learning needs of our students. We offer college transfer programs; career and technical education programs; adult basic skills; opportunities to develop English as a second language; high school completion and dual credit; community and continuing education programs; and service-learning opportunities that foster the development of civic responsibility and engagement. Through extensive partnerships with business, industry, labor, educational institutions and the public sector, we provide training and learning opportunities for the local and state workforce and promote economic and community development.

## We Value
- Effective teaching and student development programs that prepare students for their roles as citizens in a democratic society in a rapidly changing global economy
- An environment that is committed to diversity as well as the dignity and worth of the individual
- Leadership through innovation, continuous improvement, efficiency, and sustainability
- Leadership through the effective use of technology in learning and all College operations
- Being a responsible member of the communities we serve by actively participating in their development
- Quality, lifelong learning experiences that helps students to achieve their personal and professional goals
- Continuous professional and personal growth of our employees and students including an emphasis on fit and healthy lifestyles that decrease disease and disability
- Academic Freedom and Responsibility - creating a safe environment where competing beliefs and ideas can be openly discussed and debated
- Collaboration predicated upon a foundation of mutual trust and support
- An agile learning environment that is responsive to the changing educational needs of our students and the communities we serve – making students marketable for jobs in the future and promoting economic development
- The public’s trust by effective and ethical use of public and private resources

16-070  COMMENDATION OF RETIRING EMPLOYEE –
SANDRA FERGUSON

PREPARED BY:  Human Resource Department Staff

APPROVED BY:  Sylvia Kelley, Interim President

REPORT: Sandra Ferguson has performed faithfully in her duties as a Job
Developer/Work Experience Coordinator and Employment
Specialist for Portland Community College since February 17,
1992. She retires effective March 25, 2016

RECOMMENDATION: That the Board commend her for her service to Portland
Community College and wish her well in her retirement years.
16-071 COMMENDATION OF RETIRING EMPLOYEE –
LARRY VANFLEET

PREPARED BY: Human Resource Department Staff

APPROVED BY: Sylvia Kelley, Interim President

REPORT: Larry VanFleet has performed faithfully in his duties as a Computing Technical Specialist for Portland Community College since September 29, 1997. He retires effective February 29, 2016

RECOMMENDATION: That the Board commend him for his service to Portland Community College and wish him well in his retirement years.
The College has a need to hire a consultant and design firm to provide a comprehensive plan and design to remodel the existing food service area at the Sylvania Campus, specifically the Forestview Market Place, Chill Smoothie (during the summer of 2016), followed by River City in FY 2017. In 2001, the Board of Directors approved the contract for the full remodel of the Sylvania Campus Food Service area (BA 01-013). Since September of 2001 (opening of remodeled food service area), an estimated 7.5 million customers have been served not including students, staff and visitors who use the facilities for Campus functions and events, catering, and employee training. Because of the amount of foot traffic in and out of the food service area, the operation now requires a remodel to address deficiencies associated with facility depreciation. The current infrastructure such as flooring and laminated paneling are worn out and splitting, resulting in mold/mildew growth. Cabinetry in the server area is falling apart, and water damaged plywood in specific areas is exposed, creating ideal conditions for bacterial growth. Production and service equipment has exceeded life expectancy and in some cases, can no longer be repaired. The dining room chairs and tables are scarred from wear and tear and vandalism.

During the Fiscal Year 15-17 budgetary process, Food Services submitted a capital plan to address
maintenance-related deficiencies associated with the Sylvania Food Services operation. The funding source identified for this project was predicated on Board Resolution 98-153 which was created to allow Auxiliary Services operations broader use of fund resources as per the Multnomah County Tax Supervising and Conservation Commission’s recommendation.

After careful review, the Department selected to contract with the following firms: Ricca Design Studios, for their knowledge and continuity of kitchen design. Ricca Design was the Bond’s general contractor’s sub-consultant for the kitchen design work done at Cascade Campus, Southeast Campus, and Rock Creek Campus. The estimated proposed cost for Sylvania Campus Food Service area is $44,000. The 2nd firm is GBD Architects, the current A/E consultant for Sylvania Campus 2008 Bond Program. GBD will be overseeing and managing the design work. The estimated cost for GBD’s work is $159,705. The overall estimated cost exceeds the $150,000 threshold, which requires Board of Directors approval.

It is also the desire of the Department to contract with Balfour Beatty Construction (formerly Howard S Wright), current Construction Manager/General Contractor for Sylvania Campus 2008 Bond Program. Balfour Beatty will be managing the construction development. The GMP will be presented to the Board of Director for approval at a later date.

RECOMMENDATION: That the Board of Directors authorize Food Services to contract with Ricca Design Studios and GBD Architects for an estimated cost of $243,705 (includes $40,000 contingencies). These contracts will be valid through 2017. The project will be funded by a transfer from the Bookstore to Food Services based on Board Resolution 98-153.

AUTHORIZE SPENDING AUTHORITY INCREASE TO EXISTING REQUIREMENTS CONTRACTS FOR THE BOND PROGRAM

PREPARED BY: Avelina Gulmatico, Procurement Coordinator, Bond Program

FINANCIAL RESPONSIBILITY: Linda Degman, Director, Bond Program

APPROVED BY: Jim Langstraat, Vice President, Finance & Administration
Sylvia Kelley, Interim President

REPORT: In 2010, the Board of Directors approved requirements contracts for the following services: Geotechnical Services, Building Construction Materials Testing Services and Commissioning Services. These contracts were awarded (on as needed basis) to multiple contractors for up to five (5) years. And in September, 2013, BA 14-028, the Board of Directors also approved contracts increase. At this time, the Bond Program requests another approval to increase the following existing contracts. Bond Program’s construction projects are all under way, some have been completed, and the needs for these services have been higher than originally anticipated.

1) Geotechnical Services (BA 11-052), awarded to the following consultants: Geocon NW, Geodesign, GRI and PBS Engineering. The original contracts were approved for $50,000 each and the Board authorized an increase of $250,000 (BA 14-028). The Bond Program requests an additional $200,000 to cover approved work orders and additional anticipated work through end of the Bond Program. The increase will be allocated to consultants, on as needed basis.

2) Building Inspection Services (BA 11-026), awarded to the following contractors: Carlson Testing, NW Geotech, PSI, Mayes and Kleinfelder. The original contracts were approved for $100,000 each and the Board authorized an increase of $500,000 (BA 14-028). The Bond Program requests an additional $400,000 to cover approved work orders and
additional anticipated work through end of the Bond Program. The increase will be allocated to contractors, on as needed basis.

3) Commissioning Services (BA 11-050), awarded contracts to the following consultants: Glumac, NW Engineering, PAE, EESI, and Engineering Economics. The original contracts were approved for $200,000 each and the Board authorized an increase of $500,000 (BA 14-040). The Bond Program requests an additional $400,000 to cover approved work orders and additional anticipated work through end of the Bond Program. The increase will be allocated to consultants, on as needed basis.

RECOMMENDATION: That the Board of Directors approves the additional spending authority for the Bond Program’s existing requirements contracts for District bond work. Funding will be from the 2008 Bond Fund.
February 18, 2016

16-074  AUTHORIZE AN INCREASE TO EXISTING VMWARE LICENSING CONTRACT WITH CDWG

PREPARED BY: Layla Otey, Buyer, Technology Solution Services

FINANCIAL RESPONSIBILITY: Michael Northover, Interim CIO, Technology Solution Services

APPROVED BY: Jim Langstraat, Vice President, Finance and Administration
Sylvia Kelley, Interim President

REPORT: Executive Summary
TSS is requesting Board approval for an expenditure of $183,000 in fiscal year 2016. Approval is required because the amount is above $150,000. Monies are budgeted. The total contract amount is for $550,000 paid over a three-year period (funded by the General Fund).

The expenditure relates licensing to the following VMWare products (VMWare is the virtual operating system software installed on PCC servers).

1. VMWare virtual operating system
2. vSphere Operations Manager software for administering VMWare environments
3. NSX data center security software
4. Site Recovery Manager fail-over software

Rationale
This is a mission critical expenditure for the following reasons:

1. VMWare – renewal/growth cost
Right-sizing licenses: Licensing for original server footprint is expiring and additional servers have been brought online.

2. vSphere Operations Manager – renewal/growth cost
Right-sizing licenses: correlates with VMWare licenses (above)

3. NSX – incremental cost
The NRP project has made great strides in addressing security at the network and Firewall level. NSX will enable us to implement policy based security at the Server level

4. Manager (SRM) – incremental cost
PCC has historically had no Disaster Recovery capability. This is a critical compliance and risk issue for some systems. We are currently pursuing a strategy to implement Disaster Recovery capability. SRM is the software that will allow us to
fail-over to a second site and the recovery of connected systems.

Cost/Benefit
Enterprise License (ELA) vs Server-Based Licensing:

Currently licensed products are VMWare and vSphere Operations Manager – these are currently licensed on a “per-server” basis. We are proposing renewal as Enterprise licenses.

This ELA affords the following benefits:

- **Cost Savings**: bundling of software products resulting in a 55% cost saving on a per server basis
- **Future Cash Flow**: minimizes ongoing expansion and renewal costs
- **Professional Services**: ELA provides implementation and staff training credits
- **Institutional Compliance**: enable enterprise risk and compliance projects (Information Security and Disaster Recovery)

Procurement: CDWG State Contract
The College is using a cooperative contract with State of Oregon; reference IT HVAR Contract #5603. The College Procurement Rules (CCR 205) allow the use of cooperative contracts without going through an additional competitive process.

RECOMMENDATION: We recommend the Board approve the expenditure for the total contract amount of $550,000 paid over a three-year period (funded by the General Fund).

CHERRY CITY ELECTRIC

PREPARED BY: Avelina Gulmatico, Procurement Coordinator, Bond Program

FINANCIAL RESPONSIBILITY: Tony Ichsan, Director, Facilities Management Services
Linda Degman, Director, Bond Program

APPROVED BY: Jim Langstraat, Vice President, Finance & Administration
Sylvia Kelley, Interim President

REPORT: On December 5, 2013 (BA 14-071), the Board of Directors approved a list of Facilities Management Services (FMS) capital projects planned to be executed using small works retainer program. The Districtwide Arc Fault is one of these approved projects, with an estimated cost of $1,407,000. The first project to be executed under this Districtwide arc fault project is for Sylvania Campus. FMS will need to hire a contractor with the expertise and experience to plan and execute the Arc Fault corrections at Sylvania Campus. The services include planning and executing the corrections as specified in the consultant’s drawings; coordinate work and project schedule with department’s staff and other hired consultants; and provide documentation for all required breaker testing. Arc Fault electrical safety regulations have been changing over the years since the existing buildings were constructed and the College has not done the required study and subsequent corrections since the buildings were constructed. This work is part of the 2008 Bond Program maintenance initiative. It is the desire of the FMS Department to complete the arc fault corrections at Sylvania Campus by September 30, 2016. This schedule is contingent upon the amount of work needed after the successful contractor performs a more comprehensive analysis of current conditions. The electrical switchgear and panels will be upgraded and/or replaced to comply with federal and local regulations. The buildings involved in this work includes Health Technology (HT), Bookstore, Communications...
Technology (CT) Performing Arts Center (PAC), Library, Amo Debernadis College Center (CC) Social Science and Technology (SST), Science and Technology (ST), Automotive and Metals (AM), Technology Classroom (TCB), South Classroom, Heat Plant (HP) and Campus Services (CSB). The contract exceeds the $150,000 threshold, which requires a formal solicitation process.

On December 9, 2015, the Request for Proposal (RFP) was issued and advertised in the Daily Journal of Commerce with the RFP document posted and accessible on the College Solicitation website. There were 23 vendors registered, which included 9 plan centers and 2 MWESB firms, and received a copy of the RFP. The mandatory pre-proposal meeting was attended by representatives from ten (10) contractors. On January 13, 2016 at 10:00 A.M., the College received two (2) proposals. These proposals were evaluated and scored by the Committee members on these criteria: price, company’s experience and qualifications, experience of foreman and staff assigned to the project, and project approach. The two proposers were interviewed and contract award is given to a proposer with highest total evaluation score. After careful review and combining both written proposal and oral interview scores, the final result is as follows:

Note: No M/W/ESB firm submitted a proposal.

RECOMMENDATION: That the Board of Directors accept the proposal and award the contract to Cherry City Electric for the Arc Fault Corrections at Sylvania Campus. The total contract amount is $406,800 includes base price of $306,800 and $100,000 to cover contingencies such as overtime and unforeseen conditions. This is covered by 2008 Bond Fund.

AUTHORIZE AN INCREASE TO HOFFMAN CONSTRUCTION'S CONTRACT TO PROVIDE CONSTRUCTION MANAGER/GENERAL CONTRACTOR (CM/GC) SERVICES FOR CASCADE CAMPUS 2008 BOND PROGRAM

PREPARED BY: Avelina Gulmatico, Procurement Coordinator, Bond Program

FINANCIAL RESPONSIBILITY: Linda Degman, Director, Bond Program

APPROVED BY: Jim Langstraat, Vice President, Finance and Administration Sylvia Kelley, Interim President

REPORT: On December 8, 2011 (BA 12-060), the Board of Directors adopted the findings and approved the exemption to authorize the use of the CM/GC alternative contracting method for Cascade Campus.

And, on March 15, 2012 (BA 12-087), the Board of Directors awarded the CM/GC contract for Cascade Campus 2008 Bond Program to Hoffman Construction. Thereafter, additional resolutions were approved (BA 13-028, 13-058, 13-054, 13-067, 13-077, 13-091, 14-118, 14-133, 15-056 and 15-146) to include additional scope and guaranteed maximum pricing (GMPs) to Hoffman’s contract. To date the Board of Directors approved a contract total of $51,031,065. This total includes GMPs for the following projects: underground parking structure, paragon building, security improvements and surface parking, academic building, student center projects, TEB classrooms, generators and mechanical unit replacement at Terrell Hall, Library and Plaza upgrades, Student Center demolition and additional generators.

The Bond Program is requesting an increase to Hoffman’s CM/GC contract to include the scope for installing generators at the Paragon Building and Public Service Building. The intent is to re-use existing generators from other buildings, which is a savings of about $20,000. The scope includes installing ATS switches, standby panel for each building, wiring
necessary lighting and owner furnished AC unit. The estimated cost for this work is $212,000 (includes $6,200 for Telecom room A/C unit). In addition, the Cascade Campus gym will need to have glass installed to reduce the sound or noise between the floors. The estimated cost is $80,000.

RECOMMENDATION: That the Board of Directors authorize an increase to Hoffman Construction’s contract to provide CM/GC services for the Cascade Campus 2008 bond program for an additional cost of $292,000 and the revised contract total will be $51,323,065. The funds covered by the 2008 Bond fund.
RATIFY CONTRACT WITH ICE CORPORATION TO PROVIDE CONSULTING SERVICES FOR SYLVANIA ARC FAULT STUDY

PREPARED BY: Avelina Gulmatico, Procurement Coordinator, Bond Program

FINANCIAL RESPONSIBILITY: Tony Ichsan, Director, Facilities Management Services
Linda Degman, Director, Bond Program

APPROVED BY: Jim Langstraat, Vice President, Finance and Administration
Sylvia Kelley, Interim President

REPORT: On December 5, 2013 (BA 14-071), the Board of Directors approved a list of Facilities Management Services (FMS) capital projects planned to be executed using small works Oregon University System (OUS) retainer program. The Districtwide Arc Fault is one of the approved projects, with an estimated project cost of $1,407,000. As part of the 2008 Bond Program there is an initiative for FMS to do maintenance projects. The arc fault project has been on the list of projects for FMS. This districtwide arc fault project will begin at the Sylvania Campus and continue to the other campuses after completion at Sylvania. FMS needed to hire an electrical engineering consultant with the expertise and experience in providing a comprehensive Arc Fault study. Services include data collection documentation, reviewing and monitor data collected, coordination and analysis, create/update existing drawings, and construction administration. The contract exceeds the $150,000 threshold, which requires a formal solicitation process.

The FMS Department contacted the following consultants with experience in this type of work, from the OUS Retainer Program, to provide a proposal including scope and costs:

16-078  AUTHORIZE SPENDING AUTHORITY FOR MOVING, FURNITURE INSTALLATION/DE-INSTALLATION AND STORAGE SERVICES CONTRACTS WITH LILE INTERNATIONAL, ALEXANDER’S MOBILITY SERVICES AND PROJECT MANAGEMENT RESOURCES

PREPARED BY: Avelina Gulmatico, Procurement Coordinator, Bond Program

FINANCIAL RESPONSIBILITY: Linda Degman, Director, Bond Program

APPROVED BY: Jim Langstraat, Vice President, Finance and Administration
Sylvia Kelley, Interim President

REPORT: On January 2010, BA 10-053, the College Board of Directors approved contracts to provide moving, furniture installation/de-installation, and storage services for an amount of $300,000 each through end of the Bond Program. The approved contractors were Alexander’s Mobility Services, Graebel Oregon Movers, Project Management Resources (PMR), Lile International and Willamette Express. And on September 19, 2013, the movers’ contracts were also extended for another year, through end of 2017.

At this time, the College Bond Program requests an additional authorization to increase the following movers’ contracts by $200,000 each. Contracts needing an increase are with Alexander’s Mobility and Lile International. This amount will cover several moving projects and furniture installation/de-installation scheduled through end of the Bond Program’s move projects at Cascade Campus, Newberg Center, Rock Creek Campus and other projects in other Campuses and Centers. No changes are needed for contracts with Graebel Oregon Movers and Willamette Express as the current approved authorization is sufficient to cover the work that has been assigned to them.

Also, the contract with Project Management Resources (PMR) will be increased by $200,000, to cover district wide needs for small moving projects and furniture projects. PMR’s has become a valuable resource to the college for move requests, procurement of used furniture, refurbishing
existing furniture, and installation/de-installation. They know all of our campuses and centers and provide timely service to the college departments. On September 20, 2015, BA 13-030, the Board of Directors approved an increase to PMR's contract of $1,544,000 for used furniture purchases, moving, storage, refurbishment, and installation for Bond Program's projects. The new contract total will be $1,744,000.

RECOMMENDATION: That the Board of Directors’ approve the additional spending authority for moving, furniture installation/de-installation, and storage services with Alexander’s Mobility and Lile International. These contracts will be increased by $200,000 each, with a total contract amount of $500,000 each. PMR’s contract will be increased by $200,000 (with an updated contract total of $1,744,000). The $200,000 for PMR’s contract is covered by Department Funds (General fund) and the remaining amounts will be covered by the 2008 Bond Fund.

16-079  AUTHORIZATION TO UTILIZE AN INTER-GOVERNMENTAL COOPERATIVE CONTRACT TO PURCHASE ADA ACCESSIBLE BUSES

PREPARED BY: Denise Jeffords, Buyer/Contract Specialist, Procurement

FINANCIAL RESPONSIBILITY: Linda Eden, Director, Auxiliary Services

APPROVED BY: Jim Langstraat, Vice President, Finance and Administration
Sylvia Kelley, Interim President

REPORT: The College’s Parking and Transportation Department has need to purchase two (2) buses to transport students from campus to campus. The buses will be medium-duty, rear engine, ADA accessible, and will accommodate forty-two (42) or more passengers. The Department would like to utilize an existing intergovernmental cooperative contract (allowable without a competitive process per College Procurement Rules, CCR.205). The estimated cost of these buses will exceed the $150,000 threshold, requiring the Board of Directors approval (B505).

The Parking and Transportation Department would like to utilize the State of Oregon Contract #4729, which has a competitively priced contract with Schetky NW Sales, Inc. for providing these buses.

RECOMMENDATION: That the Board of Directors authorize the use of an intergovernmental contract for the provision of two (2) ADA Accessible Buses and award a contract to Schetky NW Sales, Inc. for a not-to-exceed amount of $500,000. Expenditures for this contract will come from the Transportation and Parking Services fund.

AUTHORIZE SPENDING INCREASE WITH ROSE CITY CONTRACTING’S CONTRACT TO PROVIDE HAZARDOUS MATERIALS ABATEMENT SERVICES

PREPARED BY: Avelina Gulmatico, Bond Program, Procurement Coordinator

FINANCIAL RESPONSIBILITY: Linda Degman, Director, Bond Program

APPROVED BY: Jim Langstraat, Vice President, Finance and Administration 
Sylvia Kelley, Interim President

REPORT: On May 9, 2011 (BA 11-114), the Board of Directors approved contracts for hazardous materials abatement services to four (4) contractors, valid through 2016 and for a not to exceed amount of $200,000 per contract. Rose City Contracting, one of the four approved contractors, will need additional spending authority on their contract to cover approved work requests and additional anticipated work through end of the Bond Program. There is still spending authority for two of the contractors on the original list, however, after many attempts to use them they have not been able to meet the project timelines or have been unresponsive.

Rose City was selected to work on various large abatement works in different campuses because of the project timing, their availability and resources. Some of the projects they have done in different campuses include Southeast Campus Sitework project, Legin Restaurant demolition and German American Society Building remodel; Sylvania Campus ST, SS, CC, HT Buildings remodel. The spending authority increase for these projects were previously approved by the Board (BA 13-092 and 15-008), with a revised contract total of $700,000. Rose City was also selected to do abatement for Cascade Campus, Library remodel; Rock Creek Campus, Building 5 addition project; and continuation of Sylvania Campus Buildings. With the combination of all of these projects, the contract is over expended by $52,000. The Bond Program request an additional increase of $300,000 to complete all the work
RECOMMENDATION: That the Board of Directors authorize an increase of $300,000 to Rose City Contracting contract to provide hazardous materials abatement services through 2017, with the contract revised total of $1,000,000. The funding is covered by the 2008 Bond Fund.

AUTHORIZE AN INCREASE TO FORTIS CONSTRUCTION’S CONTRACT TO PROVIDE CONSTRUCTION MANAGER/GENERAL CONTRACTOR (CM/GC) SERVICES FOR ROCK CREEK CAMPUS 2008 BOND PROGRAM

PREPARED BY: Avelina Gulmatico, Procurement Coordinator, Bond Program

FINANCIAL RESPONSIBILITY: Linda Degman, Director, Bond Program

APPROVED BY: Jim Langstraat, Vice President, Finance and Administration Sylvia Kelley, Interim President

REPORT: On July 14, 2011 (BA 12-012), the Board of Directors adopted findings and approved an exemption to authorize the use of the CM/GC alternative contracting method for the Rock Creek Campus.

On December 8, 2011 (BA 12, 065), the Board of Directors awarded the construction Manager/General Contractor contract to Fortis Construction. Thereafter, additional resolutions were approved (BA 12-065, 12-110, 12-121, 13-008, 13-065, 14-016, 14-070, 14-116, 14-134,15-131, 16-030, 16-060) to include additional scope and Guaranteed Maximum Prices (GMP) for Fortis’s contract. To date the Board of Directors approved a contract total of $51,573,219 and this total includes GMPs for the following projects: Building 7 partial demolition and addition, Building 2 CTE renovations, VOIP and generator projects, Central Distribution relocation, storm water detention pond improvements, Building 1 reconfiguration and renovation, Building 5 demolition and construction, Building 2 renovations, Building 2 & 3 seismic upgrade and Building 7 chiller replacement (Department Funded project), Building 3 and 9 renovation projects.

The Bond Program would like to include the scope for West Campus Improvements (Farm Project Renovation). The scope includes remodeling the cattle handling and old barn (demolish), farm caretaker house (includes demo of existing house and installing modular home), sitework,
shop building, and Building Construction Technology restroom work. The total GMP for West Campus Improvements (Farm Project) is $1,470,000.

RECOMMENDATION: That the Board of Directors authorize Fortis Construction to continue working on the RC Campus 2008 Bond Program, include the GMP for the West Campus Improvements (Farm Project), with total GMP of $1,470,000 and $147,000 for contingencies (overall total increase of $1,617,000). The revised CM/GC contract total for the Rock Creek Campus 2008 bond program is $53,190,219. Fund is covered by the 2008 Bond Program fund.

16-084  AUTHORIZE EXTENSION TO EXISTING PROFESSIONAL SERVICES AGREEMENT WITH BROWN & BROWN NORTHWEST AS AGENT OF RECORD FOR PROPERTY AND LIABILITY INSURANCE

PREPARED BY:  Cathy Huey, Buyer/Contract Specialist, Procurement

FINANCIAL RESPONSIBILITY:  Jim Langstraat, Vice President, Finance and Administration

APPROVED BY:  Jim Langstraat, Vice President, Finance and Administration
Sylvia Kelley, Interim President

REPORT:  On March 17, 2011 (BA 11-083), the Board of Directors approved an award of a contract for the Agent of Record (AOR) for Property and Liability Insurance to Brown & Brown Northwest (formerly Beecher Carlson Insurance Agency) for a not-to-exceed amount of $217,400.

While the existing contract is in its fifth and final year, Brown & Brown Northwest has been the College’s AOR for Property and Liability Insurance since 2007. The contractor is the only agent in Oregon with access to the Public Entity Property Insurance Program (PEPIP), which is the single largest property insurance placement in the world. With more than 8,700 members and $350 billion in total insured values, it is the broadest coverage available at a very competitive price. The College is currently purchasing $100 million of earthquake coverage from PEPIP. Other programs are unable to provide this level of coverage and to find equivalent coverage outside of PEPIP, PCC’s annual property insurance premium would likely cost upwards of 20% or more; approximately $100,000. PCC has been in the PEPIP program since July of 2007.

Additionally, Brown & Brown Northwest is the largest Property and Casualty Coverage for Education (PACE) agent in Oregon, giving them leverage and negotiating strength that other agents cannot rival; has more self-insured public entity clients than any other agent in the State; has thorough knowledge of the College’s operations and history, which gives them an advantage when consulting with PCC on risk and claim issues; and are well versed on all claim
issues the College has and could encounter. Their expertise in these areas brings significant savings to the College.

The five year cost to extend the existing contract with Brown & Brown Northwest at a continued 3% escalation rate is listed below, for a total of $240,035.

RECOMMENDATION: That the Board of Directors approve additional funding to continue contracting with Brown & Brown Northwest for a not-to-exceed amount of $240,035. The extension will be valid for three (3) years with two (2) one year renewals, not to exceed a five (5) year term. Expenditures for this contract will come from the General Fund.
16-085 APPOINTMENT OF DELEGATES TO ATTEND THE ASSOCIATION COMMUNITY COLLEGE TRUSTEES (ACCT) GOVERNANCE LEADERSHIP INSTITUTE IN MIAMI, FLORIDA FROM APRIL 28-30, 2016

PREPARED BY: Jeannie Moton, Executive Coordinator, Office of the President

APPROVED BY: Sylvia Kelley, Interim President

REPORT: In accordance with Board Policy B 210, the Board of Directors recognizes the benefits derived by the College through membership in various educational organizations and from attendance of directors at state and national meetings which deal with community college issues. The Chair and Vice Chair have considered a slate of delegates to attend the 2016 (ACCT) Governance Leadership Institute in Miami, Florida from April 28-30, 2016.

RECOMMENDATION: That the Board of Directors approves Michael Sonnleitner and Kali Thorne-Ladd to attend the ACCT Governance Leadership Institute.
Board members recognized during discussion that several goals from previous goal-setting are not time-specific but are “legacy priorities” that will apply, with a degree of contemporary variation, in any year. Other priorities and goals were identified that are specific to the 2014-2015 and 2015-2016 planning cycles.

Legacy Goals
- Monitor the college’s budget to proactively respond to changes in funding.
- Prioritize the college’s commitment to equity by creating a nationally renowned culture for diversity, equity and inclusion.
- Lead the development of a fundraising strategy to advance important initiatives, e.g. Future Connect; collaborate with PCC Foundation efforts.
- Be actively involved in governmental affairs and advocacy; monitor statewide restructuring efforts in HECC and OWEB.
- Cultivate and maintain clear and consistent communication between Board of Directors and President.
- Drive student success.

Board Priorities
- Hire PCC’s 6th President.
- Prioritize implementation endeavors for the PCC Strategic Plan.
- Adopt strategies for promoting a culture of diversity, equity and inclusion in a context which values student access, encourages timely completion and achieves student success.
- Adopt College Master Plan, including developing a PCC Center in Columbia County.
- Continue to implement the use of technology to advance academic, administrative and student services support.
- Prepare for the 2018 Bond Measure.
- Engage in Board development.
- Support the President in strengthening college internal communication.
The College prohibits unlawful discrimination based on race, color, religion, national origin, sex, marital status, disability, veteran status, age, sexual orientation, or any other status protected by federal, state, or local law in any area, activity or operation of the College. The College also prohibits retaliation against an individual for engaging in activity protected under this policy, and interfering with rights or privileges granted under anti-discrimination laws. In addition, the College complies with applicable provisions of the Civil Rights Act of 1964 (as amended), related Executive Orders 11246 and 11375, Title IX of the Education Amendments Act of 1972, Section 504 of the Rehabilitation Act of 1973, Americans with Disabilities Act of 1990 (as amended), Uniformed Services Employment and Reemployment Rights Act ("USERRA"), and all local and state civil rights laws. Under this policy, equal opportunity for employment, admission, and participation in the College’s programs, services, and activities will be extended to all persons, and the College will promote equal opportunity and treatment through application of this policy and other College efforts designed for that purpose.
