In 2011, Information Technology (IT) installed a Dell Avamar backup system (BA-12-042) for data replication and storage of critical College systems and services. Today, the Avamar system is end-of-life and does not utilize best practice methodology for data backup and storage.

After research and analysis, the best solution for PCC’s data environment is to replace it with a new hyper-converged data protection system. Hyper-converged systems combine storage, computing power, and network into a single system to reduce data center complexity and increase backup reliability and scalability. Upon careful consideration, IT selected the Dell EMC Integrated Data Protection Appliance (IDPA) 5800 to provide backup and restore capabilities for our existing data environment. The IDPA 5800 also provides storage protection, search capabilities, and analytics in one integrated system. Our current server environment, as well as our data storage environment, is comprised of Dell products ensuring a consistent integration of a new Dell backup system.

The purchase will include two IDPA 5800 appliances with expandable storage space, professional services for installation, 5 years maintenance, and a credit for our current backup system. The cost for the backup system is $548,469 which includes a $50,000 credit for our current backup system. Maintenance costs for a further five years are estimated at $300,000. Adding 10% contingency the total
request is $933,316. The initial purchase will be from 2017 bond funds and the ongoing maintenance from IT General Fund.

The estimated cost for this purchase will exceed the $150,000 threshold, thus requiring the Board of Directors approval. The Dell EMC IDPA 5800 is available through ORPIN (Oregon Procurement Information Network) contract 5603. Utilizing an ORPIN contract is allowed without a competitive process per the College. CDWG is a provider of hardware products through ORPIN contract 5603 which is valid through 12/30/2019.

There are no identified MWESB firms on the ORPIN contract for this equipment.

RECOMMENDATION: That the Board of Directors authorize the College to purchase the Dell EMC Integrated Data Protection Appliance using 2017 Bond Funds for the initial purchase including 5 years support and IT General Funds for support after that period.

AUTHORIZATION TO UTILIZE AN INTER-GOVERNMENTAL COOPERATIVE CONTRACT TO PROVIDE ELEVATOR MAINTENANCE, REPAIR, AND MODERNIZATION SERVICES

PREPARED BY: Gina Dowd, Buyer/Contract Specialist, Purchasing

FINANCIAL RESPONSIBILITY: Tony Ichsan, Director, Facilities Management Services
Dina Farrell, Interim Associate Vice President, Finance
Eric Blumenthal, Interim Vice President, Finance and Administration

APPROVED BY: Mark Mitsui, College President

REPORT: The College has a need to contract with a qualified company to provide the college with full elevator maintenance service and maintain a continuing system of full preventative elevator maintenance, repair, and modernization services at various PCC District locations. Staff would like to utilize an existing intergovernmental cooperative contract (allowable without an additional competitive process per College Procurement Rules, PCC-46-0420), U.S. Communities, Contract #EV2516 which resulted in a competitively priced contract with Kone, Inc. for providing these services. The estimated cost of these services will exceed the $150,000 threshold, requiring the Board of Directors approval (B505).

MWESB Statement: Kone, Inc is not an MWESB vendor, however, the RFP for the cooperative contract encouraged MWESB participation. Five (5) of the 41 respondents were MWESB businesses.

RECOMMENDATION: That the Board of Directors authorize the use of an intergovernmental contract for the provision of Elevator Maintenance, Repair and Modernization Services for an amount not to exceed $160,000.00 annually for a maximum of $960,000.00 over a six (6) year period. The contract expenditures will come from the general fund and the capital projects fund.
REPORT: Oregon law requires that self-insured public entity programs be formed through an intergovernmental agreement between the participating entities. PACE’s original Trust Agreement was adopted in 2006, updated in 2016 and the Trustees just completed a review and update of the Trust Agreement. The changes to the Trust Agreement were formally approved by the OSBA (Oregon School Boards Association) Board of Directors at their November 11, 2018 Board of Directors Meeting. Highlights of the Trust Agreement changes are:

- Updating language to remove the term “OSBA membership” and replacing the term with “participants” throughout the agreement. This enables charter schools continued participation with PACE.

- Adding the term Crime Coverage to the agreement. PACE offers this coverage to all participants.

- Correcting the composition of the PACE Trust Board to include employees of OSBA members on the Trust Board. Previously, the Trust Board composition wording limited the PACE Trust Board to only OSBA Board of Directors members.

- Moved operational and rule language from the Trust Agreement and placing it in the PACE Bylaws. Example of topics that where moved are Quorum, Telephone/Video Participation and Meetings of the Board of Trustees.

Since the new PACE Declaration of Trust has been
approved by the OSBA Board of Directors, it is necessary to have all the Trust Members have their boards, or their designee, adopt the Joinder of Trust Agreement to remain in compliance with Oregon law.

RECOMMENDATION: Recommend the Board of Directors adopt the Joinder of Trust Agreement so that the College can continue to participate in the PACE property and liability program.
APPLY TO THE STATE BOARD OF EDUCATION FOR APPROVAL OF THE LESS THAN ONE-YEAR CERTIFICATE IN ARBORICULTURE FOR PORTLAND COMMUNITY COLLEGE

PREPARED BY: Sally Earll, Curriculum Coordinator, Curriculum Support Services

FINANCIAL RESPONSIBILITY: Andrew Roessler, Division Dean, Business, Applied Technology and College Preparation, Portland Community College

APPROVED BY: Dr. Katy Ho, Vice President, Academic Affairs Mark Mitsui, College President

REPORT: The proposed Less Than One-Year Certificate in Arboriculture is designed to prepare individuals for entry-level and supervisory employment in the landscape industry. The 12-credit certificate includes industry specific coursework such as soils, tree biology, insects and disease, equipment operation, climbing, rigging, safety, and cooperative education. Except for the new course, Arborist Tree Climbing, all other courses are currently offered, and are required of other certificates and degrees. This certificate prepares students with the skills and knowledge to apply for a license from Oregon Construction Contractors Board (OCCB) and certification by the International Society of Arboriculture (ISA). The Landscape Technology Advisory Committee recommended the development of the entry-level certificate because employers have a need for better-trained employees.

RECOMMENDATION: That the College be authorized to submit an application to the Higher Education Coordinating Commission for the Less Than One-Year Certificate in Arboriculture for Portland Community College.

Mark Mitsui, College President

REPORT: The proposed Electric Power Generation ThinkBig AAS prepares students for a position as a Caterpillar Electric Power Generation (EPG) technician. The ThinkBig EPG program is similar to the generic Electric Power Generation AAS currently approved at PCC; the difference is that the ThinkBig program focuses only on Caterpillar equipment, whereas the generic program covers equipment of other companies. The students in the ThinkBig EPG program have already secured employment at a Caterpillar dealership and have been chosen to attend the program at PCC. The PCC ThinkBig program supports four Caterpillar dealerships in seven western states. The curriculum of this 90-credit degree includes diesel motors, electrical theories, industrial blueprints and schematics, AC/DC motor principles, electric motors, engine fuel systems, hydraulic fundamentals, and electric power generation theories and principles. The Caterpillar Electric Power Generation ThinkBig AAS has been reviewed and approved by the Diesel and Dealer Service Advisory Committee.

RECOMMENDATION: That the College be authorized to submit an application to the Higher Education Coordinating Commission for the Caterpillar Electric Power Generation ThinkBig AAS for Portland Community College.

19-082 APPROVAL OF PROFESSIONAL LEAVES FOR FY19 – 20 FACULTY AND ACADEMIC PROFESSIONALS

PREPARED BY: Patti Battles, Executive Assistant
Dr. Katy Ho, Vice President, Academic Affairs

FINANCIAL RESPONSIBILITY: Dr. Katy Ho, Vice President of Academic Affairs

RECOMMENDED FOR APPROVAL BY: Mark Mitsui, College President

REPORT: Applications for professional leave were received and processed in accordance with Article 20 of the Agreement between Portland Community College and the Portland Community College Faculty Federation. The President has reviewed the applications and recommendations of the campus/district administration.

RECOMMENDATION: That the following Portland Community College faculty be granted professional leaves for the purpose, time period, and salary payments indicated:
**Greg Gerstner**  
**Full-Time Faculty, Civil & Mechanical Engineering**

**Duration:** Fall 2019  
**Salary:** 100% of Annual Scheduled Salary (One-term leave)  
**Purpose:** The narrative of my application is to research and integrate the emerging field of Humanitarian Engineering into the PCC community. I would work on a 5-year plan for PCC’s Humanitarian Engineering camp for female and minority middle-school students, utilizing female and minority high school students as counselors. I would take a course in Humanitarian Engineering at Oregon State University and promote Humanitarian Engineering at various venues, like the Hermanas Conference, for example. Another pursuit I would engage in, that has emerged since the time of my application, is to add a Humanitarian Engineering course to the CMET curriculum.

The proposal supports PCC’s Core Themes: Diversity, Equity and Inclusion; Quality Education; Access and Student Success; and Strategic Themes: Create a Nationally Renowned Culture for Diversity, Equity and Inclusion; Provide Outstanding Affordable Education; Drive Student Success; and Ignite a Culture of Innovation.

**Phyllis Petteys**  
**Academic Professional, Disability Services**

**Duration:** Winter 2020  
**Salary:** 100% of Annual Scheduled Salary (One-term leave)  
**Purpose:** Disability is a natural part of the human experience, and yet the history of disability in society and a framework for critical disability studies is rarely included in course curriculum along with the study of other marginalized groups. My proposal is to create an open source, culturally responsive resource for instructors on the history of disability, so that they can include all or part of it in their courses. The resource will use the Disability History Exhibit as a framework. The first phase, the part I am asking for the leave, will concentrate on curriculum for ESOL classes.

The proposal supports PCC’s Core Themes: Diversity, Equity and Inclusion; Quality Education; Access and Student Success.
Success; and Strategic Themes: Create a Nationally Renowned Culture for Diversity, Equity and Inclusion; Provide Outstanding Affordable Education; Drive Student Success; and Ignite a Culture of Innovation.

**Sara Robertson**  
Full-Time Faculty, Library & Media Services

**Duration:** Spring 2020  
**Salary:** 100% of Annual Scheduled Salary (One-term leave)  
**Purpose:** Instructors across the college teach Information Literacy, but lack shared assessments. The Library SAC is creating an assessment tool that supports self-reflection and metacognition so students develop self-awareness of effective learning strategies. This approach is especially important for novice researchers who are often carrying out inquiry and information-seeking in new contexts. Professional leave will support me to further explore how this approach aligns with culturally responsive teaching and assessment. I will have two main focuses for my time: data analysis to refine the assessment tool and reading to build capacity in effectively implementing culturally responsive assessments.

The proposal supports PCC’s Core Themes: Quality Education; Access and Student Success; and Strategic Themes: Provide Outstanding Affordable Education; Drive Student Success; and Ignite a Culture of Innovation.

**Kristin Bryant**  
Full-Time Faculty, Composition

**Duration:** Fall 2019 and winter 2020  
**Salary:** 75% of Annual Scheduled Salary (Two-term leave)  
**Purpose:** Information Literacy is fundamental to PCC core outcomes as well as those of the Writing SAC. While individual instructors address this outcome in a variety of ways—and the Research Librarians have created a great range of exercises and informative pages—we lack a centralized resource available for all LDT instructors. I plan on researching best practices for teaching Information Literacy...
and collaborating with PCC Research Librarians and LDT instructors (particularly those in the humanities). From this work, I will create a shareable, online resource, including scholarly discussions and studies, possible exercises, assignments and assessment tools appropriate for online and face-to-face classes.

The proposal supports PCC’s Core Theme: Quality Education; and Strategic Themes: Provide Outstanding Affordable Education; and Ignite a Culture of Innovation.

Jane Zunkel
Full-Time Faculty, Composition/Literature

Duration: Spring 2020
Salary: 100% of Annual Scheduled Salary (One-term leave)
Purpose: I am seeking professional leave during Spring term 2020 to complete the final term and capstone project of a one-year online MEd degree with a focus on Trauma and Resilience from Concordia University. For the capstone project, I will be developing shareable online resources for PCC employees based on my coursework and research. The goal of my professional leave period is to help move PCC, especially Cascade campus, toward being a trauma-informed institution, thereby increasing student success. This proposal directly supports the YESS initiative, the college mission, and three of PCC’s core outcomes (access/success, quality education, and DEI).

The proposal supports PCC’s Core Themes: Quality Education; Diversity, Equity and Inclusion; and Strategic Themes: Provide Outstanding Affordable Education; Create a Nationally Renowned Culture for Diversity, Equity and Inclusion.

Ed DeGrauw
Full-Time Faculty, Biology

Duration: Fall 2019
Salary: 100% of Annual Scheduled Salary (One-term leave)
Purpose: Finish Curriculum development of BI 200 Australia, participate in volunteer work in Africa dealing with issues of gender empowerment, health care, social equity. Participate
in research for conservation projects of the Great Barrier Reef and wildlife in Australia and Africa.

The proposal supports PCC’s Core Theme: Diversity, Equity, and Inclusion; and Strategic Theme: Create a Nationally Renowned Culture for Diversity, Equity and Inclusion.

Mark R. Smith
Full-Time Faculty, Art

Duration: Spring 2020
Salary: 100% of Annual Scheduled Salary (One-term leave)
Purpose: I am proposing to develop and offer a special painting class which utilizes digital tools available in the Sylvania Maker Space. I will spend the sabbatical period learning the technologies. Following that period I will also have an exhibition of my own work which incorporates some of the digital methods I have learned. This course will promote greater accessibility for students who have no prior art skills and for those who are highly invested in technology, but timid about working with their hands.

The proposal supports PCC’s Core Themes: Quality Education; Diversity, Equity, and Inclusion; and Strategic Themes: Provide Outstanding Affordable Education; Create a Nationally Renowned Culture for Diversity, Equity and Inclusion.

Patty Maazouz
Full-Time Faculty, Chemistry

Duration: Fall 2019
Salary: 100% of Annual Scheduled Salary (One-term leave)
Purpose: CH151 Preparatory Chemistry is a key gateway course for many PCC students pursuing a career in a science or engineering field. As shown by the data in the proposal the percent of students who currently do not pass this course is greater than 20% and students who earn a C in CH151 have a much greater chance of not succeeding in CH221. Therefore, Danijela Vukic from Rock Creek (Sabbatical Spring 2019) and I propose to investigate and develop mastery-based curriculum to improve equitable student
success and foundational chemistry skills for all students enrolled in CH151 and subsequent science courses.

The proposal supports PCC’s Core Theme: Diversity, Equity, and Inclusion; and Strategic Theme: Create a Nationally Renowned Culture for Diversity, Equity and Inclusion.
ADOPTION OF THE COLLEGE CALENDAR OF INSTRUCTION FOR 2019-20 THROUGH 2023-24

PREPARED BY: Dr. Katy Ho, Vice President, Academic Affairs

APPROVED BY: Mark Mitsui, College President

REPORT: The academic year, as defined in the Faculty and Academic Professional Agreement, runs Fall term through Summer term. The change back to a 16-month calendar for the published Five-Year Academic Calendar was made in the interest of accurately reflecting the academic year as it relates to the employment of faculty and staff, and due to the importance that cycle holds for their planning and scheduling.

RECOMMENDATION: That the Board of Directors adopt the attached Portland Community College 2019-20 through 2023-24 Calendar of Instruction

SUPPORT OF THE NATIONAL NURSE ACT OF 2019

PREPARED BY: Jeannie Moton, Executive Coordinator, Office of the President

APPROVED BY: Mark Mitsui, College President

REPORT: PCC recognizes that the rise in chronic preventable conditions affect our students’ lives.

This legislation would designate the Chief Nurse Officer (CNO) of the U.S. Public Health Service (PHS) as the "National Nurse for Public Health" to elevate the authority and visibility of this position. Conditions such as heart disease, cancer, obesity, and opioid addiction pose the single greatest threat to the health of Americans and our nation's economy. Nurses provide key services for the prevention and management of these conditions and this legislation is necessary to support further work needed to promote prevention, improve outcomes, and guide national, state and local efforts in addressing the nation's health.

Designating the CNO of the PHS to be uniquely known as the National Nurse for Public Health would be a practical, cost-effective step forward in publicly acknowledging the need for a focus on wellness and prevention. There is convincing evidence that the health of our country can be dramatically advanced by deploying our greatest and most trusted national health resource-America’s 3.6 million nurses. This legislation would provide the nation with a trusted, professional nursing leadership position to enhance the nation's health prevention efforts.

The CNO/National Nurse for Public Health will partner with the Surgeon General and other PHS officials to help identify national health priorities. Another duty will be to encourage volunteerism of nurses and other health professionals to replicate evidence-based, community wellness projects that have demonstrated proven success in reducing the economic burden of healthcare. The CNO/National Nurse for Public Health will also assist in preparing the annual status report of the National Prevention, Health Promotion, and Public Health Council.
RECOMMENDATION: That the Board of Directors the Portland Community College Board support the National Nurse Act as presented in Exhibit A and endorse it by becoming a signatory on the Endorsement Page of the National Nurse for Public Health Website (http://nationalnurse.org/endorsements.shtml).
116TH CONGRESS  
1ST SESSION  

H. R. _____

“(4) Conduct outreach and education for purposes of paragraphs (5) through (7).

“(5) Provide guidance and leadership for activities to promote the public health, including encouraging nurses and other health professionals to be volunteers and developing projects that educate the public about and engage the public in prevention practices to achieve better health.

“(6) Provide guidance and leadership to encourage nurses to engage in furthering their education in order to conduct nursing research, increase the awareness of evidence-based practice, and educate future nurses.

“(7) Provide guidance and leadership for activities that will increase public safety and emergency preparedness.

“(8) Prepare and publish a biennial report on the state of the Commissioned Corps of the Public Health Service Nurse Category.
“(c) NATIONAL HEALTH PRIORITIES—NATIONAL PREVENTION STRATEGY.—

“(1) IN GENERAL.—The National Nurse for Public Health, in cooperation with the Surgeon General of the Public Health Service, heads of the agencies of the Public Health Service, States, and organizations that represent health professionals, shall continue to participate in the identification of national health priorities.

“(2) ADDRESSING NATIONAL HEALTH PRIORITIES.—The National Nurse for Public Health, in addressing national health priorities, shall encourage volunteerism of nurses and other individuals, and strengthen the relationship between Government agencies and health-related national organizations.

“(3) COMMUNITY-BASED PROJECTS.—

“(A) IMPLEMENTATION.—In addressing national health priorities, the National Nurse for Public Health shall—

“(i) provide guidance and coordination on recommended activities to organizations;

“(ii) acknowledge successful programs and encourage their replication;
“(iii) promote the dissemination of evidence-based practice in educating the public on health promotion and disease prevention activities;

“(iv) encourage practicing nurses and other health professionals, including retired health professionals and students enrolled in health professional programs, to participate in health promotion activities and replicate successful health promotion activities in their local communities; and

“(B) OUTREACH AND EDUCATION.—In conducting outreach and education under subsection (b)(4), the National Nurse for Public Health shall give priority to the inclusion of diverse approaches, including social media campaigns, to address national health priorities.

“(C) DISSEMINATION OF INFORMATION.—The National Nurse for Public Health shall disseminate information to governmental agencies,
schools, and community-based, nonprofit organizations interested in health promotion and improving public health through community action.”.

AUTHORIZE INCREASE IN TUITION FOR CREDIT
PROGRAM COURSES FOR THE 2019-2020 AND 2020-
2021 ACADEMIC YEARS (2019-2021 BIENNIAL)

FINANCIAL
RESPONSIBILITY: Eric Blumenthal, Interim Vice President, Finance and
Administration

APPROVED BY: Mark Mitsui, College President

REPORT: In the current 2017-2019 biennium, cuts of nearly $11
million, or roughly 2% of the general fund budget, have
been made across the college in personnel, travel, and
information technology despite a biennial budget
developed at a Community College Support Fund
(CCSF) level of $550 million with an actual final CCSF of
$570 million authorized. Staff has previously reviewed
with the Board projections for the 2019-2021 biennium
that indicate a likely budget shortfall. Growth in projected
expenditures, including unfunded mandates and
contractual obligations, continues to outpace additional
resources. Similar to the current biennium, budget cuts of
nearly $14 million, or roughly 3% of the general fund, will
need to be made for the 2019-2021 biennium in order to
present a balanced budget to the college budget
committee this spring. These cuts are after the college
decided to eliminate the President’s Excellence Fund
and forego additional savings for a new enterprise
resource planning management information system.
Further, enrollment on a full-time equivalent (fte) basis is
predicted to decline in the coming biennium. The level of
support from the CCSF is not yet known but is unlikely to
increase significantly to cover current service levels. The
Governor’s base budget recommendation would cut the
CCSF by 4.7%.

Consistent with the adopted budget principle that PCC
will address budget shortfalls by recommending
increases to tuition and fees of no more than 40% of the
budget shortfall, the staff recommends that the proposed
budget for the 2019-2021 biennium be based on a tuition
increase of $5.00 per credit hour (4.5%) for the 2019-
2020 academic year for resident and border state
resident students and the same dollar increase or $5.00 per credit hour (2.0%) for non-resident and international students. The staff recommends for the 2020-2021 academic year an additional tuition increase of $7.00 per credit hour (6.0%) for resident and border state resident students and the same dollar increase or $7 per credit hour (2.8%) for non-resident and international students. Staff recommends consideration of a rollback of the tuition increase for academic year 2020-2021 should state support be higher than anticipated.

Under this proposal, tuition rates for resident and border state resident students would be $116 per credit hour in 2019-2020 and $123 per credit hour in 2020-2021. Tuition rates for non-resident and international students would be $251 per credit hour in 2019-2020 and $258 per credit hour in 2020-2021. Currently, PCC ranks 11th in annualized resident tuition and fees among the 17 Oregon community colleges. For annualized international tuition and fees, PCC ranks 10th. Most other Oregon community colleges have not yet set their tuition and fee rates for 2019-2020.

PCC competes with Seattle area community colleges as well as Portland State University and other Portland-area colleges and universities for international (nonresident) students. The current PCC rate of $246 per credit hour compares favorably with Chemeketa CC ($252), Clackamas CC ($266), Portland State ($570) and North & South Seattle College ($285.01). Current per-credit tuition is slightly higher than Mt. Hood CC ($243).

PCC reviewed the minimum tuition rates for Community Education (CED) and Continuing Education (CEU) programs in 2009 and changed the CED minimum rate at that time. These programs are designated to be largely self-sufficient. Actual tuition and fees for CED and CEU programs are usually determined by what the market will bear and the cost of providing such programs. Tuition for these programs are often set at rates higher than the minimum rate. As such, staff recommends no change to the minimum rates charged in these programs.

**RECOMMENDATION:** That the following tuition rates for credit courses become effective for the biennium 2019-2021:
1. **Credit Courses:**

   **Resident**
   Oregon residents, who are under the age of 62, will be charged $116 per credit hour effective Summer Term 2019 and $123 per credit hour effective Summer Term 2020.

   **Border State Resident**
   Residents of states bordering Oregon (Washington, Idaho, Nevada, and California), who are under the age of 62, will be charged $116 per credit hour effective Summer Term 2019 and $123 per credit hour effective Summer Term 2020.

   **Non-Resident**
   Persons not residing in Oregon or bordering states (including all international students) will be charged at $251 per credit hour effective Summer Term 2019 and $258 per credit hour effective Summer Term 2020.

   **Students who are age 62 or older**
