MINORITY, WOMEN-OWNED and EMERGING SMALL BUSINESS (MWESB) UTILIZATION AND EXPENDITURE SUMMARY REPORT

PERIOD: July, 2014 thru September, 2014

For the 1st Quarter of FY 2015, several construction projects (new buildings and/or renovations) have been completed and are currently occupied at all of the Campuses. Total contract value for all Campus Construction Bond Projects through September, 2014 was approximately $159 million and overall 32% has been allocated to MWESB contractors, based on second tier contract reporting. The Bond Program’s aspirational goal for MWESB utilization is 20% and the campuses have met or exceeded the goal. We have summarized each Campus’s accomplishments in regards to the MWESB contracting opportunities and workforce hiring below.

The Bond Program utilization report is an accumulation of expenditures from the beginning of the Bond Program. The Campus numbers specified below are based on the information provided by CM/GCs:

- Cascade Campus: Hoffman Construction is the CM/GC. There are nine (9) projects included in the construction reporting. A total of 370 contracts were issued, of which 134 contracts were awarded to MWESB contractors. The projects overall achieved 21% apprenticeship hours, 23% minority/male hours and 3% minority/female hours. A total of $10,535,174 (27%) has been awarded to MWESB contractors.

  Hoffman Construction has partnered with Pacificmark Construction, an African American owned general contracting firm, on the Student Union. Pacificmark’s contract total of $6,610,065, is a First Tier contract for reporting purposes, and is not included in the overall MWESB percentage reported. If it were included, the Cascade projects MWESB total would be even more impressive. Additional MWESB firms with a contract award of over $500,000 are: Affordable Electric, an African American owned firm, $840,129; and Progressive Concrete, a Women-owned firm, $867,804.

- Rock Creek Campus: Fortis Construction is the CM/CG. Thirteen (13) projects are included in the construction reporting. A total of 280 contracts were issued, of which 80 contracts awarded to MWESB contractors. The Rock Creek Campus projects currently have 27% apprenticeship hours, 17% minority/male hours and 1% minority/female hours. A contract total of $8,108,858 (21%) was awarded to MWESB contractors.
Fortis Construction partnered/mentored with Faison Construction (an African American general contracting firm) to complete projects in Building 1, Building 2 (Phase 2) and Building 7 for a total of $809,275. Additional MWESB firms working on Rock Creek Campus projects with a contracted amount of over $500,000 for Building 5 include: Parrish Excavating Inc., a women-owned firm, $554,463; Turtle Mt Construction Co, a Native American firm, $572,723; Zavala Construction, a Hispanic firm, $854,806; and, West Side Iron Inc, a Hispanic firm, $1,429,664. In addition, Carr Construction, an African American firm, was awarded a contract of $828,153 for the Building 7 project.

- Southeast Center: O’Neill/Walsh Community Builders (OWCB) is the CM/CG. Five (5) projects are included in the construction reporting. A total of 214 contracts were issued, of which 89 contracts were awarded to MWESB contractors. Southeast Campus projects currently have 21% apprentice hours, with 23% minority/male hours and 3% female/minority hours. A contract total of $24,922,197 (37 %) was awarded to MWESB contractors.

Walsh Construction and O’Neill Electric, an African American owned electrical/general contracting firm, partnered to form OWCB for the Southeast Campus project. O’Neill Electric has been the prime contractor on the German American Society renovation, Mt. Tabor renovations and North Parking lot (UHaul) expansion projects with a contract amount of $4,183,931. Inline Construction, an Asian American owned general contracting firm, partnered with OWCB as the prime contractor for Learning Commons project with a contract amount of $10,353,708. General Sheet Metal, a women-owned firm, was awarded a contract amount of $660,310 for the Learning Commons, and $845,121 for the Library project.

- Sylvania Campus: Howard S. Wright is the CM/GC. Eleven (11) projects are included in the construction reporting. A total 310 contracts were issued, of which 98 contracts were awarded to MWESB contractors. Sylvania projects have 18% reported apprenticeship hours, 12% were male/minority and 1% female minority hours. The total is below the target apprenticeship hours due to the amount of renovation projects that fell below the apprenticeship thresholds. A total amount of $7,673,329 (21%) was awarded to MWESB contractors.

MWESB firms working on Sylvania Campus projects with an awarded contract amount of over $500,000 include: General Sheet Metal, a women-owned firm, $675,873, CC Building E6 project, and $601,393, HT Air Handler remodel; and Structural 21, LLC, a Native American owned firm, $671,489, CC Building Seismic project.
PCC Bond Program sponsored (including project display booth) the following MWESB outreach events in FY 14:

- October 30, 2014: Hispanic Employment Career Trade Fair
- May 8, 2014: Oregon Association of Minority Entrepreneur’s 2014 Trade Show Event
- April 30, 2014: Governor’s Marketplace Conference 2014
- April 23, 2014: Hispanic Chamber Networking Event
- April 3, 2014: BestHQ 4th Annual West Business Expo

PCC continuously supports and have been an active member of the following organizations:

1) Oregon Association of Minority Entrepreneurs (OAME)

2) National Association of Minority Contractors, Oregon (NAMCO)

3) Business Diversity Institute (BDI) and Best HQ west

4) Oregon Native American Chamber, Hispanic Chambers and Philippine Chambers
