Marc Goldberg & Pam Hester | Willow Creek Center | August 15, 2019
Future Vision – Opportunity Center

442,000 adults 25 and older in Oregon are unemployed or working making less than $15/hr without postsecondary credentials. It would take 9 years of HS grads to equate to this number to address the skills gap.

Nationally, 99% of jobs created during the recovery have gone to workers with at least some college education, while those with a high school diploma or less are being left behind.
