<tr>
<td></td>
<td>• Establish relationships with the boards, meetings may include superintendents; we will start with dual credit. Met with Guadalupe Guerrero of PPS, he is excited about dual credit partnerships with the eventual goal of including PSU PCC PPS partnership. May need to have a discussion with the union, Katy will follow up. IQ has a lot of interest, it might be strategic to consider Benson as one of the partners, would be a good alignment</td>

<tr>
<td></td>
<td>• Denise Frisbee met with TriMet to discuss how to off-set public transportation fees for students, asking for income of eligible students. Get aggregate estimates of numbers of income bracket. Leverage property for student housing, strong need for workforce development</td>

Feedback:
- Look at structure, staffing gaps, offer some information, give the federation a heads up
- Need a sample announcement to stakeholders. Message needs to be framed in a non-threatening way. This is intended for collaboration; over communicate on the status of the study.
- Incorporate the voices of everybody, actively look for the voices that are not always heard, not a power grab
- Considerations of timeline
- Incorporate CRT into the process
- Look at how we operate culturally, keep the things that work
- Mark will present a more polished proposal
- Conversations about how we want to structure strategic planning process & timeline, look at how we engage our stakeholders

College-wide Behavioral Intervention Team
- DOS and student conduct retention around standardization of emergency response. It would include DEI, Public Safety, student conduct coordinators to start having conversations
- Commencement June 15 7PM, please order regalia
- Need more volunteers, promote participation with faculty and staff
- Enrollment down 5.1% as of this Monday, SEM plan finalized, deep dive into dual credit how do we support our process, numbers are down significantly due to external competition
- Hire an external source to help us do a scan of how we can capture the underserved population
- Modality will be a part of future discussions, employer partners will help with that funnel

Overview of Community Ed and CLIMB
- Hub for continuing education, 32 full time employees, 500 part time instructors spread out throughout the district
- We are centralizing operations, this is a very heavy lift and we appreciate your support, the complexity is enormous
Offer classes to the community, offer 1600 CRNs with some CEUs being reimbursable
Community Educations has the highest FTE, current work legacy liability and compliance concerns
Focus on recruiting and hiring to support students and programs, RFP active for non-credit programs
Programs include:
- Health Professions
- SBDC
- Professional development and training
- Life by Design NW
- Customized workforce training

Centralized Operations Community Education has been doing all the work. Big push to get people hired. Having a soul point of contact, standardized processes and procedures, cross training
Non-credit offerings being eligible for Pell grants, opportunity
