PCC Library
Resources for a Learning Organization

Michelle Bagley, PCC Library Dean
All Managers’ Meeting - October 10, 2018
Advance PCC as a Learning Organization

PCC Library is a partner in:

• **Performance Management** — employee seeks assistance in performing a job or task in the moment of need using performance-support tools. The organization seeks to improve productivity and reduce errors.

• **Knowledge Management** — people access content to quickly research a topic and get answers in support of their work. The organization’s goal is to provide easy and reliable access to information.
At PCC Library you’ll find…
