Federal Emergency Grant Criteria and Eligibility

For quarter 2, 2021 (PCC Spring term), Sec. 484 eligibility requirements were removed; however citizenship restrictions remained in place in the state of Oregon. As such we awarded funds to all FAFSA applicants where eligible citizenship could be derived, as well as to students who self-certified they met eligibility requirements as part of PCC's application-based Emergency Grant process.

Within this population, to meet requirements around prioritizing exceptional need, we used each student's Expected Family Contribution (EFC) as the basis for tiered awards for most recipients, but within the Emergency Grant process allowed students to apply and certify exceptional financial need.
