PCC is expanding educational opportunities at Cascade Campus by building and renovating facilities. Between April 19-21, the campus is hosting a series of Open Houses. Members of **The Bond Advisory Committee** – a diverse group of neighborhood stakeholders and the Campus **Strategic Work Group** – a committee of campus faculty, staff and student representatives are helping to guide the college in this work.

During the Open Houses **Bond Project staff** and **THA Architects** will help participants use 3D table-top models representing campus improvements promised in the 2008 voter-approved bond measure, active or commercial areas, open spaces, child care facilities, parking and more.

Come use 'building blocks' to envision ways to grow together.
