

News from Cascade Campus

PCC is expanding educational opportunities at its Cascade Campus by building and renovating facilities, thanks to a voter-approved bond passed in 2008. PCC has invited a diverse group of neighborhood stakeholders to serve on a Bond Advisory Committee to work with the College on a Master Planning process and recommend a preferred plan by September 2011. The Selected Plan will provide a general framework for future campus improvements and identify and address potential impacts of changes for the campus and surrounding neighborhoods over time.

Come join us at **Peninsula Park Community Center**, 700 N. Rosa Parks Way, Portland:

Thursday, April 28: 6:00 – 8:00 PM

Meetings are open to the public with an opportunity for members of the public to ask questions or speak directly to the Bond Advisory Committee. The site is wheelchair accessible with **on-street parking only**. Bus routes: #44 Capitol Hwy/Mocks Crest and #4 Division/Fessenden.

For more information: bond.pcc.edu
