

Integrated Community Dental Assisting Application 2022-2023

Program Description

A dental assistant is an important member of the dental team, who plays a critical role in providing safe, efficient and comfortable dental care for patients in a dental practice. The primary role of a dental assistant is to support the dentist during dental procedures where technical skills and communication are essential. PCC Integrated Community Dental Assisting Program (ICDA) offers a strong foundation that enables a dedicated learner to enter into a high-demand profession after only three terms.

In the ICDA program you will learn the skills you need to be a successful dental professional through comprehensive didactic course work, observation and practice in the PCC Dental Clinic and in a dental office extern ship.

***NEW** The Integrated Community Dental Assisting Program is now offering the option for students outside the Portland Metro area to enroll in the **Online Program**. Students enrolled in the **Online Program**, will be required to be employed in a dental office where hands-on assignments and experience are completed.

Both ICDA's programs prepare students for hands-on skills and DANB RHS & EFDA exams, with a curriculum that has been developed to meet CODA standards. All didactic course work is delivered in an Online classroom, to accommodate students who are unable to attend traditional "in person" classroom.

Dates to Remember

Application Due:
July 29th, 2022

Program Start Date:
September 26th, 2022
