Behavior Standards
We want everyone to have fun and stay safe. Because college is an adult environment, all participants must follow the guidelines outlined in the PCC Student Rights and Responsibilities document, which can be found at: pcc.edu/about/policy/student-rights/

Students in the Summer Teen Program are expected to be able to work independently and in groups with minimal support from the instructor.

Student Needs
If your student has special needs or allergies that will affect their participation in the program, there will be a place to list that in the registration materials. Please be specific so that our instructors can create a learning environment that is inclusive for all.

If the student requires accommodation beyond what an instructor can provide, you may contact PCC Disability Services at 971-722-4341 a month before the class begins. Office locations and more info: pcc.edu/disability.

On the Disability Services website, click on the “Get Started” button, and on the next page select the “I Take Community Education Courses” button.

Age Policy
The student’s age must fit within the age range listed in the class description for the full duration of the course.

Supervision and Safety
Students will be supervised during class, but PCC will not provide supervision for students before, after, or between classes. We highly recommend that parents/guardians escort students to and from classes. Instructors will follow department protocol for dealing with any emergencies that may arise. PCC Public Safety will assist with any medical issues or physical threats to students’ safety while at a PCC campus or center. The PCC Community Education Department will keep parent/guardian emergency contact information on file. Instructors will have access to that information via telephone during class hours.

It is important that parents/guardians remain available by phone during class, in case we need to contact you.

34332 SE Portland TOWNS CLSRM 6pm-8:50pm Thu 8/15 O’Malley $69 + $15 fee

Class Spotlight:
Despite their popularity, distilled spirits are shrouded in misinformation that make it difficult to truly understand them. In Spirits Demystified, which takes place at a local distillery, we’ll start with the fundamentals of distillation, then we’ll dig into the differences in recipes and techniques that make each category unique, with tastings along the way! For maximum confidence at your home bar, the instructor recommends also enrolling in Modern and Classic Cocktails at Home. This class builds on a knowledge of distilled spirits, showing students how to use them to mix a proper, tasty, and balanced cocktail.

Instructor Spotlight: Seth O’Malley
Seth is the Head Distiller at Townshend’s Distillery. Drawing on his background as a tea maker and educator, Seth has acquired extensive knowledge about aromatic plants to make his unique spirits, including gin and European-style herbal liqueurs. His course familiarizes students with all the major spirit types – whiskey, tequila, rum, and everything else you’ll encounter in a liquor store or cocktail bar. Out of the distillery, Seth loves foraging for herbs and mushrooms and spending a Sunday afternoon perfecting a pot of soup.

Senior Studies Institute

“We love to keep learning,” and at Senior Studies Institute we learn from each other as well as from experts in many fields. Over 300 seniors in the metropolitan area are members of this PCC-affiliated group; we meet at eight different locations around the Portland metro area to hear lectures and take part in other interesting events. For only $40 dues per person/$70 per couple a year, members can attend as many lectures, current events discussions, play readings and other activities as they like without further charges except parking fees at some locations. SSI encourages members to participate by giving a class themselves on almost any subject of interest, holding a board position to share ideas, being on a committee, or offering some shorter term assistance to the organization.

SSI does not hold lectures during the summer months, but the DVD Great Courses weekly class will continue to meet at the PCC CLIMB Center near OMSI throughout the summer on Tuesdays from 10am to 12pm, as will Current Event discussions at several facilities throughout the metro area. Poetry Reading Fun meets in the summer every other week from June through August at the Sellwood SMILE facility. See our web site (SSIPDX.org) for more information, and plan on joining us at our new member welcome event on Saturday Sept. 7th, to learn more about SSI. There will be details on the web site and in the Fall Term issue of this PCC catalogue. Classes and lectures will start again in the fall. Plan to join us to learn and share your ideas with others; we hope to see you then!

Personal Training with PCC
Personal Training gives you the opportunity to exercise in a one-on-one environment with a nationally certified personal trainer educated through PCC’s Exercise Science Program. Your trainer will evaluate your current fitness level and design an individual program based on your fitness test results and goals, then guide you through a safe and effective routine.

Program Details:
• The Personal Training program is designed for low to moderate risk individuals who have clearance from their health care provider to exercise. Participants may be asked to provide clearance from their physician prior to beginning the training sessions.
• First one-hour session: initial consultation, health risk appraisal and fitness testing. Following one-hour sessions: individual exercise program based on results from your assessment and your current fitness and goals.
• Mandatory $12 towel/locker/open gym fee one time per term, to either the Cascade, Rock Creek or Sylvania Campus Student Accounts Office. Bring proof of payment to your first training.
• Sessions must be used in the term purchased; no refunds for unused sessions.
• Individual sessions must be cancelled with your trainer 24 hours in advance. Sessions canceled with less than 24 hours notice are counted against your package total.
• If PCC cancels your session, two attempts will be made to schedule a make up session to take place before the end of the term. Your make up session will not be with your regular trainer. If PCC is not able to make up your session, you will not be granted a refund.
• Additional sessions may not be added to any package. In the event that more training sessions are desired, it is necessary to register for a new package (CRN):
  • It is not possible to register for the same CRN twice.
  • Packages are available on a first come first served basis.
  • Students must be registered in a package before participating in any training sessions.

Registration/Scheduling Process:
1. Review the personal trainer profiles and availability and choose a trainer.
2. Select a training package and register for your selected trainer’s corresponding CRN.
3. Your trainer will contact you via PCC email or cell phone by the first week of the term to schedule your training sessions. First time students will be sent a Personal Training information packet by the trainer.
4. Complete the information packet and return it to your trainer at your first session.

Refund/Drop Policy:
If you want to drop, you must do so online via MyPCC or by contacting a Registration office within six calendar days after the start of the term. No drops or refunds on partially used packages.

Review the complete refund/drop policy on page 8.

Student Email
PCC uses email to conduct academic-related business. For this reason, the college provides each student with a free email account. PCC sends important information (bills, waitlists, etc.) to students’ PCC email accounts. All students at PCC have a MyPCC account that includes an @pcc.edu email address.

PCC email accounts are the officially recognized accounts for email communication between students and the College. All PCC students are responsible for checking their PCC email accounts for official communications.
Google is the official email provider of PCC and the interface is similar to Google Gmail.
Access your student email on the MyPCC homepage by clicking the “Email” icon in the top-right corner of the page. You can also access your PCC email account directly at google.pcc.edu

Registration
Registration Confirmation
Confirmation of class registration is assumed once you register. You will not be sent written confirmation. Access to your class schedule and bill is available online using MyPCC. If you register by mail, note that PCC does not bill daily, so you may or may not receive a bill before class begins. If you register online, an electronic billing notification will be sent to your MyPCC email account.

Registration Dates
You can register online through MyPCC or in person as late as the first day of class, unless otherwise noted in the course footnote. By waiting the class either may fill or be cancelled without notification. You can find registration dates online at pcc.edu/academic-calendar.

Waitlists
PCC has an automatic waitlist system for some classes. If the class is full and you put your name on the waitlist, you will receive a waitlist number. If a space opens in the class, you will be automatically registered for the class. You will receive electronic confirmation that you have been placed in the class via your MyPCC email. If moved into the class, you responsible for the tuition and fees.

Missing a Class
You will not be automatically dropped from a course if you miss a class or stop attending a class. You need to officially drop the class by the appropriate drop date to receive a refund of charges. (See Refund/Drop Policy)

Student Email

PCC uses email to conduct academic-related business. For this reason, the college provides each student with a free email account. All students at PCC have a MyPCC account that includes an “@pcc.edu” email address.

PCC email accounts are the officially recognized accounts for email communication between students and the College. All PCC students are responsible for checking their PCC email accounts for official communications (bills, waitlists, etc.).

Access your student email on the MyPCC homepage by clicking “Email” in the top-right corner of the page. You can also access your PCC email account directly at google.pcc.edu
