

PCC Counseling

Resource and Referral Services

Our Social Work Team helps students:

- Identify strengths and barriers to academic success
- Connect to PCC support services
- Navigate and apply for community-based resources

PCC Counseling is here for you.

Tell me more . . .

We work with students in a collaborative process of identifying, accessing, and advocating for needed resources. Our goal is to support students until they are successfully connected to needed services.

The referral process is simple, students contact the PCC Counseling Department at **971-722-8153**, and ask to be connected to the resource and referral team. From there, our social work team contacts students directly by phone or email.
