Discussion

AAT/AST Degree Vote – Anne Haberkern

All degrees are located in the College Academic Policies and Standards Handbook, so that is where the new AAT and AST degrees will be located as well. Both degrees are discipline-specific, parallel to AAS, meaning students have to earn a specific program of study.

- Computer Science – AST
- Biology – AST
- Business – AST
- English – AAT
- Human Development and Family Services – AAT and AST
- Sociology – AAT and AST

DAC committee members voted and recommended both degrees for implementation, they will continue on through the workflow approval process.
