All Apprenticeship classes are open enrollment and open to the general public. Successful completion of Apprenticeship course alone, does not allow a student to take a state examination and gain a license for a journey-level card. In order to qualify for Oregon State license or journeyman exam, completion of both OJT and RT hours are required as outlined by the specific trade JATC. Additional Apprenticeship electives may be referenced on each programs JATC Approved Electives Lists and found throughout this schedule. For OAR compliance, Apprentices MUST choose a letter bearing grade for credit classes. Information about Trade specific degrees is also available. Text books for these classes are on each programs JATC Approved Electives Lists and found throughout this schedule.

Auto Collision Repair

Rock Cr  BLDG2 230, 971 722-7486 Dept Chair, 971 722-7229 Shop

PCC's Auto Collision Repair program is designed to help you develop your skills in safety, basic mechanics, metal working, welding, damage analysis, structural and nonstructural repair, painting repaired automobiles, communication and mathematics. We have streamlined the steps of auto body repair to provide you with the skills and knowledge to become a skilled auto body repair technician or painter. Our classes range in size from 10 to 20 students, providing the one-on-one attention students deserve.

Aviation Maintenance Technology

Rock Cr BLDG2 230, 971 722-7233 Dept Chair

The Aviation Maintenance Technology Program operates on a 18-day modular class structure, with new students starting in Fall or Winter term. Most classes are scheduled from 7 a.m. to noon, Monday through Friday. The required practicum classes for each rating (airframe or powerplant) are offered in the early afternoon.

Please visit www.pcc.edu/fly for additional information.

Module One: Sep 23 - Oct 17
Module Two: Oct 18 - Nov 15
Module Three: Nov 18 - Dec 13

Rock Cr BLDG2 230, 971 722-7457 Dept Chair, 971 722-7665 Advisor

An Associate of Applied Science degree in Aviation Science will prepare the student for an exciting career as a professional pilot. PCC offers academic classes at the Rock Creek Campus. Flight training for the airplane program is conducted at Hillsboro Aero Academy's Hillsboro Airport campus, and training for the helicopter program is offered at their Troutdale Airport campus.

PCC’s Aviation Science Program is a limited entry program. For more information, including application deadlines and materials, visit the PCC Aviation Science web site at www.pcc.edu/fly.

Bioscience Technology

Bioscience technology is a dynamic field that applies life processes to practical uses, such as the manufacturing of drugs and medical devices, and the research and development of new bioscience products and procedures. Careers are varied. Biotechnicians work in research laboratories, manufacturing facilities, analytical and quality control laboratories, and in the field. The PCC Bioscience Technology Program links basic science fundamentals to laboratory and biomanufacturing applications. The emphasis is on authentic, hands-on experience to develop the skills, knowledge and attributes that are key to success in this field. You start by earning the certificate and have the option to continue to earn an associate’s degree. Both the certificate and the associate’s degree provide you with a strong foundation for a career and for further education in Bioscience.

BIT 102

BIT 102 is open to all students to explore the bioscience field. We recommend some experience in biology (BI 112 or 211, or a recent high school biology course, for example) as preparation for Current Topics in Bioscience Technology.
Building Construction Technology

This is a list of courses offered by the Building Construction Technology (BCT) department during the current/upsing term. It is not an advising tool, and it is not a complete list of courses BCT students should take. Students should contact BCT advisor Suzanne Najafdari (suzanne.najafdari@pcc.edu) or a faculty member for help selecting the courses you should register for. Please be advised that classes have limited space so students should always register as soon as possible. See the registration page for registration dates.

Career Pathways Program

SE Campus TABOR 106, 971 722-6218, 971 722-6271, 971 722-6233

Career Pathways

Career Pathways offer short-term educational opportunities that prepare students for entry-level positions in a specific career. Clusters of classes from 12-16 credits are offered together for a cohort of students. The Pathway may also include a Career Planning class to help students find a job in today's tough job market. Admission to the college is required. Pathways are in the following career areas: Accounting/Bookkeeping; Computer Applications and Office Systems; Criminal Justice - Corrections Technician; Customer Service Professional; Customer Service Management; Emergency Telecommunicator; Gerontology; HVAC/Installer; Machine Manufacturing; and Retail Sales & Service. Non-credit Pathways include Basic Coding/Certification, Phlebotomy, and Pharmacy Technician. For more information on admission and registration into a specific training, please call 971-722-6233 or 971-722-6270.

Community-Based Learning

Sylvania SS-215, Community-Based Learning Coordinator, 971 722-4419

Community-Based Learning courses include community projects related to course material. These projects help students better understand the subject through firsthand experience, allow students to participate in community problem solving, and engage students with issues of values, leadership, and civic engagement.

Please communicate with the instructor if you would like to learn more about the specifics of the Community-Based Learning component in their course. To learn more about Community-Based Learning, please visit www.pcc.edu/cbl. Look for the Community-Based Learning Identification below participating CRNs.

Dental Assisting
Sylvania HT 206, 971 722-4795

Dental Assisting Program
This program prepares the student for certification as a dental assistant (CDA). The dental assistant is a professional member of the dental team, working with and assisting the dentist during clinical procedures. Dental assistants also teach oral health principles and must be prepared to assume dental office management responsibilities. PCC offers a one-year Certificate program that is fully accredited by the American Dental Association Commission on Dental Accreditation. Applications are accepted between October 1st and April 15th for entry the following fall. For application information visit Health Professions Admissions in CC 208 or phone 971-722-4795. Visit us online at www.pcc.edu/da

Dental Hygiene
Sylvania HT 206, 971 722-4795

PCC Dental Hygiene Program
Dental hygienists are licensed dental professionals who provide direct patient care, specializing in periodontal therapy and oral health education. They are employed in dental clinics, school settings and public health agencies. The Dental Hygiene Program is fully accredited by the American Dental Association Commission on Dental Accreditation and consists of two academic years resulting in an Associate of Applied Science degree. Students are also prepared for national and regional licensing exams. For information on prerequisite courses and application procedures, visit Health Professions Admissions in CC 208 or phone 971-722-4795. Visit us Online at www.pcc.edu/dh

Dental Technology
Sylvania HT 206, 971 722-4795

Dental Technology Program
The dental technologist designs and fabricates dental restorations such as crowns, bridges and dentures as directed by the dentist. This dental professional may choose to be employed by a dental office/lab or may be self-employed. The program is fully accredited by the American Dental Association Commission on Dental Accreditation and consists of two academic years leading to either a certificate of completion or, with an additional 18 credit hours, an Associate of Applied Science degree. Students specializing in periodontal therapy and oral health education. They are employed in dental clinics, school settings and public health agencies. The Dental Hygiene Program is fully accredited by the American Dental Association Commission on Dental Accreditation and consists of two academic years resulting in an Associate of Applied Science degree. Diesel Service Technology

Rock Cr BLDG2 230, 971 722-7488 Div Chair, 971 722-7246 Div Office

Diesel Service Technology Program
The Diesel Service Technology Program prepares students for a career in the diesel field, providing technical, manual, and customer service skills. It is designed for students who enjoy working with their hands and enjoy challenging technical problems. The program offers specialized training in the areas of mechanical and electrical systems, computer technology, and diagnostic tools. Students will have the opportunity to work on a variety of diesel equipment, including engines, transmissions, and electrical systems. The program emphasizes hands-on learning and includes laboratory and shop instruction. Students will also gain practical experience through internships or cooperative education opportunities. Graduates of the program will be well-prepared for careers as diesel technicians or mechanics in the automotive and heavy-duty truck industries. The program is fully accredited by the American Diesel Technicians Association Commission on Diesel Education and Certification. For more information, visit Health Professions Admissions in HT 205 or phone 971-722-4795. Visit us online at www.pcc.edu/dt

Health Information Management

PCC’s Health Information Management program is offered completely online. The HIM program trains students to become experts in the ever-growing, patient health data management field; eventually working in a variety of health care settings. Graduates of the program are eligible to take the national certification examination, allowing you to become a professionally recognized RHIT (Registered Health Information Technician). The program is limited to students officially accepted into the program, after all requirements are met. Please visit the HIM program website, www.pcc.edu/him for more information, requirements, orientation dates and application process.

HIM 105 Ancillary Information Analysis, 2.00 Cr.—Prerequisite: HIM 110, HIM 120. Corequisite: HIM 105. Audit available. Fee: $20

Medical assistants perform administrative and clinical tasks to keep the offices of physicians and other health practitioners running smoothly. Assistants work directly with patients, in small and large healthcare settings, to ensure they receive the best care, while providing health professionals with vital patient information. PCC's Medical Assisting program is an accredited one-year certificate program, offered at both Cascade and Willow Creek campuses, that provides students the skills and training required to sit for the national AAMA certification exam.

The program is limited to students officially accepted into the program, after all requirements are met. Please visit the MA program website, www.pcc.edu/ma for more information, requirements, orientation dates and application process.

MRI Technologists are members of the health care team who provide MRI images of soft tissues, organs, bones, and blood vessels using a variety of equipment. Magnetic Resonance Imaging is a “people” profession, working with patients and other health care professionals employed in hospitals and clinics. Students spend time in classroom and local clinical education sites. Classes are held in the evenings - clinical hours may be daytime, evenings, or weekends. Applications for admission are accepted March 1st through April 15th each year. Students are admitted following Fall Term. Program length is 3 consecutive terms (9 months). For additional information, contact the Health Admission Office at 971-722-4795.

Computed Tomography/CT Registry Prep
Special admission required for registration. Applicants must hold a current certification in Radiography and/or Nuclear Medicine. CT Technologists are members of the Health Care Team, who provide CT images of all systems of the body. CT Imaging is a “people profession”, working with patients and other health care professionals, employed in hospitals and clinics. Students spend time in classroom and local clinical education sites. Most CT courses are offered on weekends. Clinical hours may be daytime, evening, or weekend hours for those enrolled in the clinical portion. Students are admitted in the Winter term each year. Program length is 4 consecutive terms (12 months). For additional information, contact the Health Admissions Office at 971-722-4795.

PCC Nursing Program

The PCC Nursing Program is designed to prepare the student to be licensed as a registered nurse (RN). RNs deliver bedside nursing care to clients in a variety of healthcare settings. They assess the health of the client, diagnose nursing problems, and plan, implement and evaluate nursing care. Providing nursing care requires technical as well as interpersonal and clinical thinking skills. A nursing career is both challenging and rewarding. PCC Nursing Program graduates earn an Associate of Applied Science Degree in Nursing. The program is accredited by the Accreditation Commission for Education in Nursing (ACEN) and the Oregon State Board of Nursing. PCC’s Nursing Program is a limited entry program. A student must be accepted into the Nursing Program to register for nursing courses. To apply, visit the Health Professional Admissions office in Sylvania CC 208 or call 971-722-4795.

The Occupational Skills Training program is designed to provide the opportunity for students to receive worksite instruction in a specific occupation. The training program is individualized for each student that enters the program. Students can start at any time during the term. Training plans are developed in consultation with the student, PCC Faculty, PCC OST coordinators and Agency representatives. An interview with an OST coordinator is required for assessment. Draining this interview a specific occupation will be identified. OST will develop a suitable training site for the student. Pre-requisites are determined by specific occupational standards. Please call our office for more information.

Sign Language Interpretation Program
Sylvania CT 219, 971 722-4672, 971 722-4951 TY

Sign Language Interpretation
American Sign Language interpreters work with deaf and hearing people, relaying signed messages into spoken languages and spoken messages into signed language. Professional interpreters work in a variety of settings including education, conferences, social services, health care, and law. Students enter the full-time two-year program each fall term; enrollment is limited. Prerequisite courses include successful completion of ASL 240, Deaf Studies, and Intermediate American Sign Language skills. See the webpage for more information and the application form at www.pcc.edu/programs/sign-language.

Skill Center
Margaret Carter Skill Center; Cascade Campus; TEB 124, 971 722-5450
Cascade, 971 722-5252

The Margaret Carter Skill Center offers guidance and encourages students to become self-directed, self-reliant and to achieve self-efficacy in a learning environment that is respectful, welcoming, tolerant, and non-judgmental. Students must be 18 or older, attend complete orientation. Contact Lap Man Sin at (971) 722-5452 or lapman.sin@pcc.edu for complete registration information.

Study Abroad

Downtown  www.pcc.edu/studyabroad, studyabroad@pcc.edu, 971 722-7152

Each year, Portland Community College offers a variety of opportunities for students to study outside of the United States. A study abroad experience not only teaches a student more about the culture, history, and language of a foreign country, but also encourages the student to observe, reflect, and understand a cultural viewpoint other than their own. Such an experience also broadens the student’s perspective and understanding of their own culture. All students who receive financial aid to attend PCC can apply their aid toward a PCC-sponsored study abroad program. For more information, visit our website, www.pcc.edu/studyabroad or contact our office using the information listed above.

Veterinary Technology

Rock Cr  BLDG7 202  www.pcc.edu/vettech, 971 722-7257 Admin Asst

Veterinary technology is a profession involving animal health care in which individuals work with veterinarians, biological researchers, and other scientists. Duties may include restraining animals, administering medications and anesthetics, performing laboratory tests, cleaning teeth, taking x-rays, preparing an animal for surgery, and assisting the veterinary doctor in surgery. Veterinary technology offers a 2 year program which includes internships designed to give students practical “hands-on” experience applying skills learned in the classroom. For admissions information call the PCC Veterinary Technology Program at 971-722-7255 or 971-722-7252. Enrollment in courses is limited to those officially accepted into the program or having the Department Chair’s approval.
