**What to consider
before you register...**

- Take time to plan your future studies. Make sure the classes you take will count toward your future degree requirements.
- Future financial aid is available to students up to 150% of the credit required for a degree or certificate. Dual Credit is included in that total count. Excessive credit earned not linked to a specific post-secondary plan can leave students ineligible for financial aid during their final terms required to complete a degree.
- Future scholarships can be tied to credits earned. If too many credits without a focus have been earned, students may not be eligible for scholarships.
- Oregon Promise is available to students meeting the criteria for up to 90 credits. Any dual credit earned counts toward that 90 credit limit.*

*Requirements subject to change.

FERPA

What you need to know

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of a student's education record.

Though FERPA gives parents certain rights with respect to their children's education record, these rights transfer to the student once they reach the age of 18 or attend a school beyond the high school level.

**As a PCC Dual Credit student
your educational record will NOT
be released to anyone without
your written consent!**
