They may, however, provide input into such actions, and be responsible for assigning, monitoring and coordinating the work of other employees and providing them with day-to-day direction.

Compensation Agreement follows below

It is desirable to set consistent stipend and release levels without requiring FDCs to keep track of chair hours, which tend to blend into instructional duties.

Formula: Points = Department SFTE + (10 x Number of Part-time Faculty)

- Number of part-time faculty was selected as a factor because FDCs have to hire, mentor, and assess part-time instructors, a significant responsibility.
- Department SFTE was selected because it reflects the number of CRNs offered, which can also reflect the number of full-time faculty in a department. Higher SFTE represents more course scheduling work and an increased probability of having to respond to student complaints about courses.

Additional Points:

- Career and Technical Education Chairs = 200
- Chairs Supervising Extensive Facilities = 100
- Counseling Chairs = 200

Large Departments:

- Departments between 1100 and 1500 points may be assigned two FDCs, each with 50% release and 160 hours
- Departments over 1500 points may be assigned two FDCs, each with 50% release and 240 hours
