Dear Student,

The PCC Illumination Project is seeking students to participate in our peer education social justice theater program during the 2018-2019 academic year.

The Illumination Project is an exciting student leadership program based at the PCC Sylvania campus. The program is designed to address issues of social justice including racism, sexism, heterosexism, and classism utilizing interactive theater. Students enter the program the beginning of fall term and continue through the end of spring term.

The Illumination Project has a dual purpose. First the project provides participating students with an opportunity to learn about social justice issues and interactive theater and develop skills as educators, actors, activists, and leaders. These students then educate other students, staff and faculty audiences on confronting stereotypes, conflict negotiation and promoting racial, gender and economic equity.

The Illumination Project training is highly interactive and we will base our work on the life experiences of students involved. Students in the program gain skills in writing, acting, facilitating, event coordination, activism, education, public relations and community organizing. Students also build a close community of friends and colleagues.

Students in the program receive 12 tuition free Sociology credits.

Applications are due by Tuesday, August 7th 2018.
