The percent of student enrollments resulting in grades A, B, C, P are detailed below. For example, of the 2,339 student enrollments in WR 121, 74% completed the course with a grade of A, B, C or P.

Note: These rates are based on counts of grades A,B,C,P divided by the total count of grades A-D,P,NP,F,W and I. High enrolling courses were defined as those with 300+ enrollments. While over 1,200 credit courses were taught in Fall 2017, these 40 courses account for 40% of all enrollments.
