Overview

IPEDS Student Financial Aid Component Overview - Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

Data Reporting Reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.
- Undergraduate Student Groups
You will be asked to report information for different groups of students.
 - Group 1: All undergraduate students
 - Group 2: Of Group 1, full-time, first-time degree/certificate-seeking students (FTFT)
 - Group 3: Of Group 2, FTFT students who paid the lower of in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
 - Group 4: Of Group 2, FTFT students who paid the lower of in-state/in-district tuition rate and were awarded any Title IV federal student aid

*For public institutions, include only those students paying the in-state or in-district tuition rate. For program reporters, include only those students enrolled in the institution's largest program.

- COA Revisions
Revisions to Cost of Attendance (COA) used to calculate the net price of attendance can be made in this component. Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.
- College Affordability and Transparency Lists
Net price amounts calculated in SFA will be used to populate the U.S. Department of Education's College Affordability and Transparency lists.
- Interactive Edits and Error Messages
SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.
- Context Boxes
You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

Changes to reporting:

The following changes were implemented for the 2022-23 data collection period:

- Degree/certificate-seeking and non-degree/certificate-seeking data items were added in Parts A and B to disaggregate financial aid award amounts reported in Part B by these student categories.
- New FAQs were added to clarify concepts.
- Minor wording changes were made for clarification.

Resources:

Reporting Reminders:

- Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 is correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

Note:

- Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

Screen: Part A - Establish your groups				
Screen Entry	The number entered is outside the expected range of between 1,704 and 2,082 based on data reported by your institution in the prior year Fall Enrollment survey. Please correct your data or contact the IPEDS Help Desk for assistance. (Error #7135)	Fatal	Yes	
Reason	Overridden by administrator. E12 confirmed as accurate; PY EF will be corrected. KG			
Screen: Part C, Page 2 - Enter Information about Group 2				
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 3,643 and 4,217 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	We only use institutional grants to cover errors made by our office like, during awarding or processing return of title IV. That said, the amount of the grant can vary from very small to very large depending on the problem. During this awarding period we didn't give out any institutional grants.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 3,966 and 4,540 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	I double checked these figures and they are correct. I did notice that 2122 showed more students had the maximum PELL as well as more students had high end crossover PELL.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 248 and 822 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	Just like the previous explanations and this would affect all the grant flags except PELL. The HEERF grants disbursed were substantially higher for 2122 than the Cares Act grants from 2021 causing the average grant to skew much higher.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 2,636 and 3,210 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	The HEERF grants disbursed were substantially higher for 2122 than the Cares Act grants from 2021 causing the average grant to skew much higher.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 8,756 and 9,330 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	Our private loans can range from \$1,000 to \$40,000, and even higher. This causes the average amount to fluctuate greatly depending on what students are selected for the year.			
Screen: Part D - Enter Information about Group 3				
Screen Entry	The number entered is outside the expected range of between 259 and 481 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	It appears we had more applicants in 2122 that were older so not living at home.			

Screen: Part E - Enter Information about Group 4				
Screen Entry	The number entered is outside the expected range of between 272 and 504 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes
