

Dear _____ ,

We are requiring new F-1 students to study in-person with us, starting with the Summer 2022 term.

All new F-1 international students will be required to enroll for a full-time, hybrid class schedule with a minimum of one in-person class each term.

If you plan to study at PCC as an F-1 international student, you must attend our mandatory hybrid orientation. This orientation will have an in-person component requiring you to be in Portland, Oregon.

If you are not able to enter the U.S. with an F-1 visa for the term for which you applied, you will need to defer (move) to a future term or cancel your application. Please email international@pcc.edu if you would like to defer or cancel your application.

Warm regards,
PCC International Admissions
