

**The quality care
you need with the
convenience you want**

Speak to a licensed
doctor by web,
phone or mobile
app in minutes.

Any time, Any where

Teladoc does not replace your primary care physician. It is a convenient and affordable option that allows you to talk to a doctor who can diagnose, recommend treatment and prescribe medication, when appropriate, for many of your medical issues.

Treat Many Conditions

- Sinus problems
- Bronchitis
- Allergies
- Cold and flu symptoms
- Respiratory infection
- Ear infection

And more!
