Enrollment Profile x Organization Code - General Fund Only

**Data source:** SWRVFTE as of 8-28-2006

- **SWRVFTE** runs from live Banner data. As a result, figures represent (approximate) enrollment at end of term.

**Notes**

1. Data represent General Fund only (Fund code = 1000)

2. Figures represent annual data--ie, totals for summer, fall, winter and spring terms.

3. Concurrent CRNs (scheduled in same time block and location) are treated as a single class section (unduplicated); linked sections (different lecture, lab, lec-lab for the same course) are counted separately (not unduplicated).

4. IFTE excludes field experience sections for Cooperative Education; seminar sections are included. As a result, some SFTE/IFTE ratios may be slightly inflated.
