

## Approved Healthcare Certifications for the PCC Radiography Program

The following list shows current healthcare certifications that have been approved by the Medical Imaging Department.\* Only by uploading the required supporting documentation to the program application prior to the application deadline, will you be awarded points.

**Note:** This list gets updated once a year. To get current information, we encourage you to meet with an academic advisor in the Healthcare & Emergency Professions (HEP) pathway or with a Career Services Practitioner.

Please visit [pcc.edu/radiography](https://pcc.edu/radiography) frequently to ensure you have the most up-to-date material and to find the required forms and supporting documentation.

We **strongly** encourage you to meet with someone in Career Services to get assistance in choosing the right certification for you. This list contains numerous opportunities to get involved in healthcare and taking time to do research is important. To make an appointment with Career Services, please go to [pcc.edu/careers/contact-us/remote-services-request/](https://pcc.edu/careers/contact-us/remote-services-request/).

As a reminder, for the 2024 application cycle, to gain points for Healthcare Experience/Certification in a Medical Setting the applicant must follow these parameters outlined on page 7 of the Admissions Guide:

<b>Healthcare Experience/Certification in a Medical Setting (choose ONE of the following experiences)</b>	
All experience must take place in a medical setting with direct patient contact. A medical setting is a hospital, clinic, nursing home or other environment where licensed practitioners diagnose, treat, and prevent acute and chronic illness or injury. If using a license or certification to gain points, copies of license or certification must be uploaded with your application to qualify for points.	
Minimum of 100 hours documented volunteer or work experience.	/ 6 pts
Minimum of 200 hours documented, post certification, work experience.	/ 8 pts
Minimum of 300 hours of demonstrated paid work experience in an in-patient imaging department. Examples include radiography aide, radiography transporter, radiography scheduler, or radiography assistant.	/10 pts
<b>Healthcare Experience/Certification Total Points Possible</b>	<b>/10 pts</b>
