Articulation of College Credit for High School Work  
(Advanced Placement)

Portland Community College will allow college credit for work completed in high school. A specific articulation agreement between the high school/district and Portland Community College is required prior to the awarding and transcripting of courses. The Vice President of Academic and Student Affairs will initially approve and annually review all articulation agreements. High school courses for which PCC will give college credit shall meet the course outcomes as determined by the SAC and be taught at a level commensurate with the PCC course. Prior to the Vice President of Academic and Student Services’ approval, the high school course content or curriculum guide shall be reviewed by the appropriate SAC. High school courses that are articulated with PCC courses shall be taught by faculty who meet PCC instructor qualifications [GI301] unless waived by Vice President of Academic and Student Services. PCC will grant college credit to those students in approved high school courses who:

1. Request transcripting of credit
2. Pay required fees, if applicable
3. Complete the agreed upon high school requirements and/or pass the agreed upon PCC exam. An "A" or "B" grade in the high school course may be required in some agreements.

Professional/Technical programs may initiate block or program transfer agreements when course by course articulation is not feasible and program requirements can be identified as having been met by the high school program.

Approved: February 2007
