Benefits of Being Involved

Better Connection to College Campus:
Colleges are full of opportunities, but it is the students' responsibility to seek them out. By being an active student, you learn the tools to access all the resources and then some.

Build-a-Community!
Sometimes you leave what is familiar behind to pursue your education. Getting involved helps grant you access to an endless amount of like-minded people; therefore, making new friends!

Resume Building:
No matter what year you are in school, it's never too late to get involved and start thinking about your future employment. Employers not only want to see you educated, but they also want to know you have work skills.

Self Discovery:
The skills you learn, hobbies you pick up and some of the friendships you make will follow you throughout the rest of your life. Getting involved allows you to discover who you truly are. It can help you find a new hobby or even help you find a new career path.

Busier the Better!
Each student is different, but more free time does not always equal more study time. Being involved requires organizational skills and time management. Good thing to learn!

Current Clubs
Paranormal Club

Pinoy Club

How to Get Involved!

Start a Club!
Step One: Find fellow students with mutual interests.

Step Two: Read Club charter guidelines and fill out the charter packet.

Step Three: Find a faculty or staff advisor and have them sign the advisor agreement form.

Step Four: Attend an ASPCC General Council meeting to propose your Club's title and purpose.

Step Five: Turn in your charter packet, sign up for Club Training 101 and become an official Club!

Volunteer with ASPCC
Sign up at "The Hub" which is ASPCC's headquarters for awesomeness. They will help you out anyway they possibly can. Located in MTH 151

Join Phi Theta Kappa
Must have an accumulative 3.5 GPA and at least 12 college credits completed in the 100 level or higher.

Attend one of ASPCC’s MANY events
Blazer Games, Excursions, Arts and Crafts, Educational sessions, and so much more!
