Website Words Practice

Headline
Where Plants and Art Grow Together

Sub-Headline 1
Discover a curated collection of lush greenery and locally crafted artwork, bringing beauty, creativity, and nature into your space.

Sub-Headline 2
Lush greenery and local art, perfectly paired

Paragraph
Welcome to The Plant Shop, where plants and art come together to create a space full of beauty and inspiration. This month, we're excited to feature our new collection of handcrafted ceramic planters, perfect for showcasing your favorite greenery. Don't miss our upcoming Terrarium Workshop on date, where you can design your own miniature garden. Plus, check out our latest blog post for plant care tips and creative decor ideas. Stay connected by subscribing to our newsletter for updates on new arrivals, special events, and exclusive offers!

Worksheet Instructions: Copy and Paste Website Words into Squarespace

To practice adding content to Squarespace, follow these steps: (1) Clear formatting before copying text. paste it into a plain text editor first or use Format > Clear formatting in Google Docs. (2) Add a text block to your Squarespace page. (3) Paste the headline and format it as H1 or H2. (4) Paste the subheadline and format it as H3 or paragraph text. (5) Paste paragraph content into a separate text block and ensure it's normal text. (6) Add a CTA button, paste the text into the button label, and link it to the correct page. (7) Preview your page, check formatting and layout. (8) Save, then review on mobile to ensure readability.
