

Are you interested in working on a **hands-on sustainable business project** during **next term – Winter 2015?**

Choose from **2 different** opportunities and gain **real world** experience while receiving 2 BA credits through PCC's Cooperative Work Education program.

Opportunity #1: Food Cart Business Project

Client: June Key Delta Community Center

The **June Key Delta Community Center** - just north of the Cascade Campus – is a newly renovated *Green Building*.

Students will develop a Business Plan or Architectural Design for a **new** food cart. Open to business, architecture, or related-degree students.

Opportunity #2: Sustainable Purchasing Project

Client: Briar Schoon, PCC Sustainability Manager

Students will work closely with PCC's Sustainability Manager to research and develop sustainability criteria for products and services commonly purchased by PCC!

Interested? Open to Students at ALL Campuses
