

Are you interested in working on a **hands-on sustainable business project** during next term – Spring 2015?

Choose from **2 different** opportunities and gain **real world** experience while receiving 2 BA credits through PCC's Cooperative Work Education program.

### **Opportunity #1: Food Cart Business Project**

**Client: June Key Delta Community Center**

The **June Key Delta Community Center** - just north of the Cascade Campus – is a newly renovated *Green & Living Building*.

Students will continue work on a Business Plan or Architectural Design for a **new** food cart. Open to business, architecture, or related-degree students.

### **Opportunity #2: Sustainable Purchasing Project**

**Client: Briar Schoon, PCC Sustainability Manager**

Students will work closely with PCC's Sustainability Manager to research and develop sustainability procurement criteria for products and services commonly purchased by PCC!

**Interested? Open to Students at ALL Campuses & Stipend Available**
