

PCC IS BEE CAMPUS USA

Certified since 2015

JOIN OUR BEE CAMPUS USA COMMITTEE

YOU have the opportunity to join forces with us to sustain pollinators, food, flowers and the planet through more conscientious landscape management.

We work together to:

- Organize events and present hands-on pollinator themed workshops
- Present our work at local, state and national conferences
- Sponsor service learning projects
- Support the Washington County Master Gardeners' Education Garden and its outreach activities
- Offer pollinator focused curricula
- Promote beekeeping on campus
- Educate the college and the broader community
- Annually apply for renewal of our certification and report on the previous year
