JOIN OUR TREE CAMPUS HIGHER EDUCATION COMMITTEE

YOU have the opportunity to join forces with us to protect and promote trees, enhancing the natural environment in and around all of our campuses and centers at PCC. We welcome students, faculty, staff and community members to help with this important college-wide effort.

We work together to:

- Establish policies and guidelines for planting, maintaining, and removing trees
- Ensure that adequate funding and staff time is provided in support of the program
- Organize activities in observance of National Arbor Day
- Create opportunities for students to participate in tree-related service learning projects
- Educate the community about the important ecosystem benefits that trees provide
