

OASIS / WASI INTERNSHIPS

Sustainability Internship this summer

help local businesses
become eco-sufficient

During this 10-week internship, you will be matched with an Oregon or Washington business to conduct research that can help improve efficiency, save money, and reduce waste.

YOU WILL BENEFIT FROM

- 1 A full-time, paid, 10-week summer internship program
- 2 Work on real-world projects for local businesses
- 3 Mentorship from industry professionals

ELIGIBILITY

- Internships are open to college students in **Oregon or Washington** who are in their junior or senior year, or those pursuing graduate or advanced undergraduate studies.
- Eligible students will be passionate about environmental science or engineering, sustainability, green chemistry, environmental policy and work that prevents pollution and waste.

APPLICATIONS FOR THE
SUMMER 2025 COHORT
ARE DUE APRIL 21 (OR)
OR APRIL 18 (WA)
