PCC Mission Statement

Portland Community College supports student success by delivering access to quality education while advancing economic development and promoting sustainability in a collaborative culture of diversity, equity and inclusion.

Summer Term FY26 QTR1 Overview

This summer, the IT Portfolio stayed focused and delivered projects that make a real difference in teaching, learning, and operational efficiency.
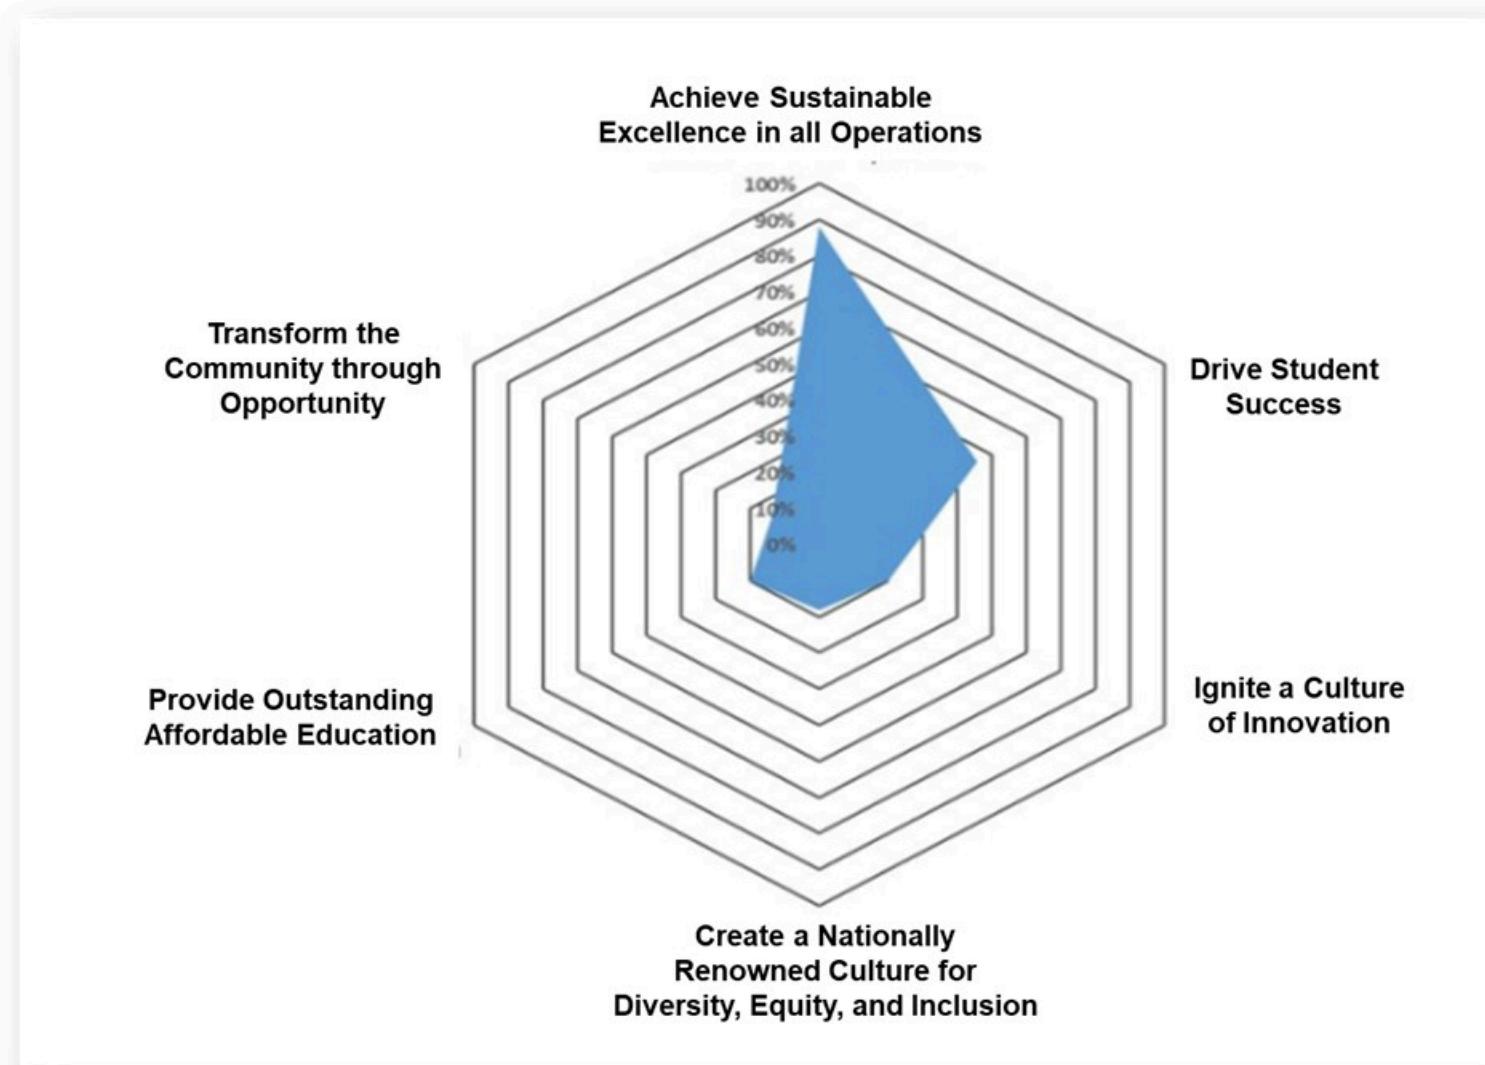

The IT project teams delivered a diverse portfolio of technology initiatives, closing 15 projects this quarter. Of these, 10 were successfully completed with high stakeholder satisfaction, while 5 were cancelled at the request of the client and IT. The quarterly average number of project closures decreased slightly by three, compared to the same period last year. (see page 3 for detailed insights).

What's New

The IT department officially transitioned from TeamDynamix to Monday.com (Sept 15, 2025) for streamlined project management. Please refer to the following IT Portfolio Management workspaces Board links:

- IT PMO - Main Board
- PCC Technology Request Form
- IT PMO Spaces Page

% Projects Alignment with PCC Strategic Initiatives Benefits & Goals
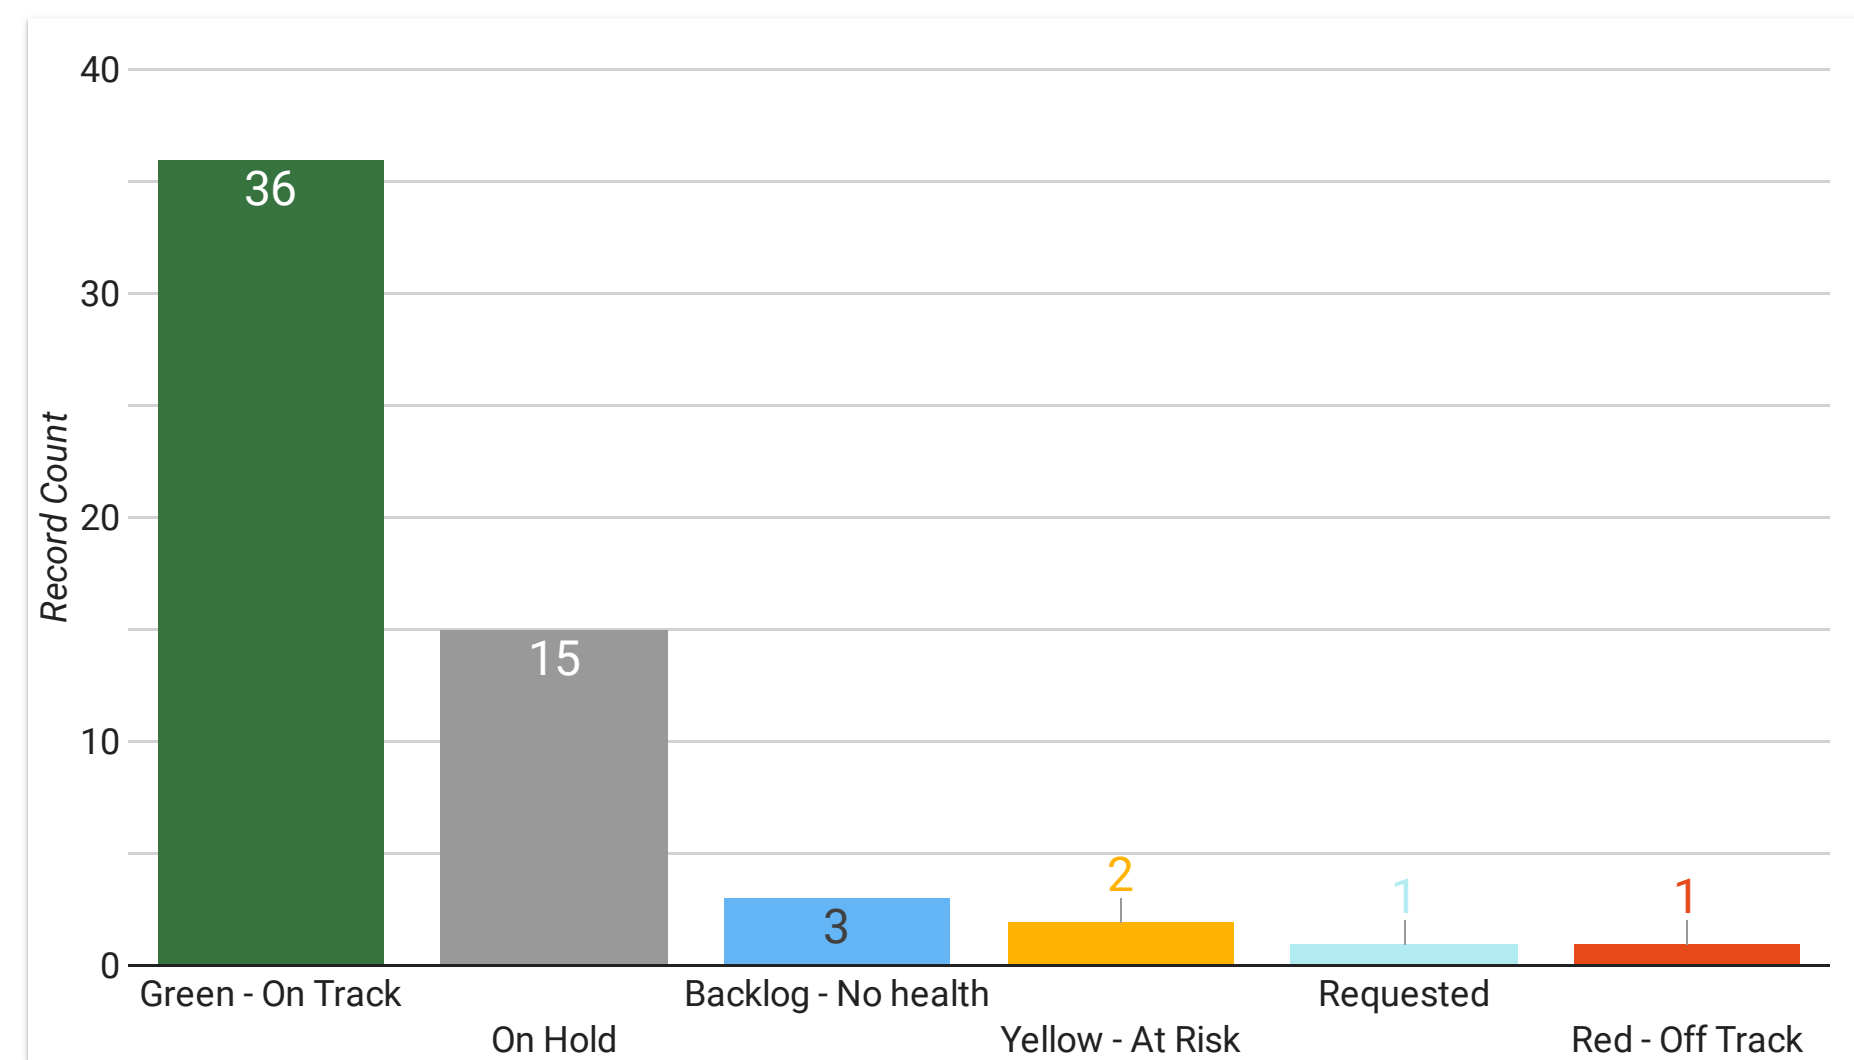

Highlights Completed Projects

- IS - Perceptive Content Database Encryption
- Solaris Hardware Replacement
- Build out IT PMO Workflows in Monday.com

Current IT Portfolio by Health Status

The IT Portfolio continues to demonstrate strong performance and alignment with institutional priorities to consistently meet client expectations and enable equitable student success by driving excellence in education through technology innovation.

Currently, the portfolio comprises 58 active projects across multiple strategic and operational areas. The overall health status of these projects is summarized below.
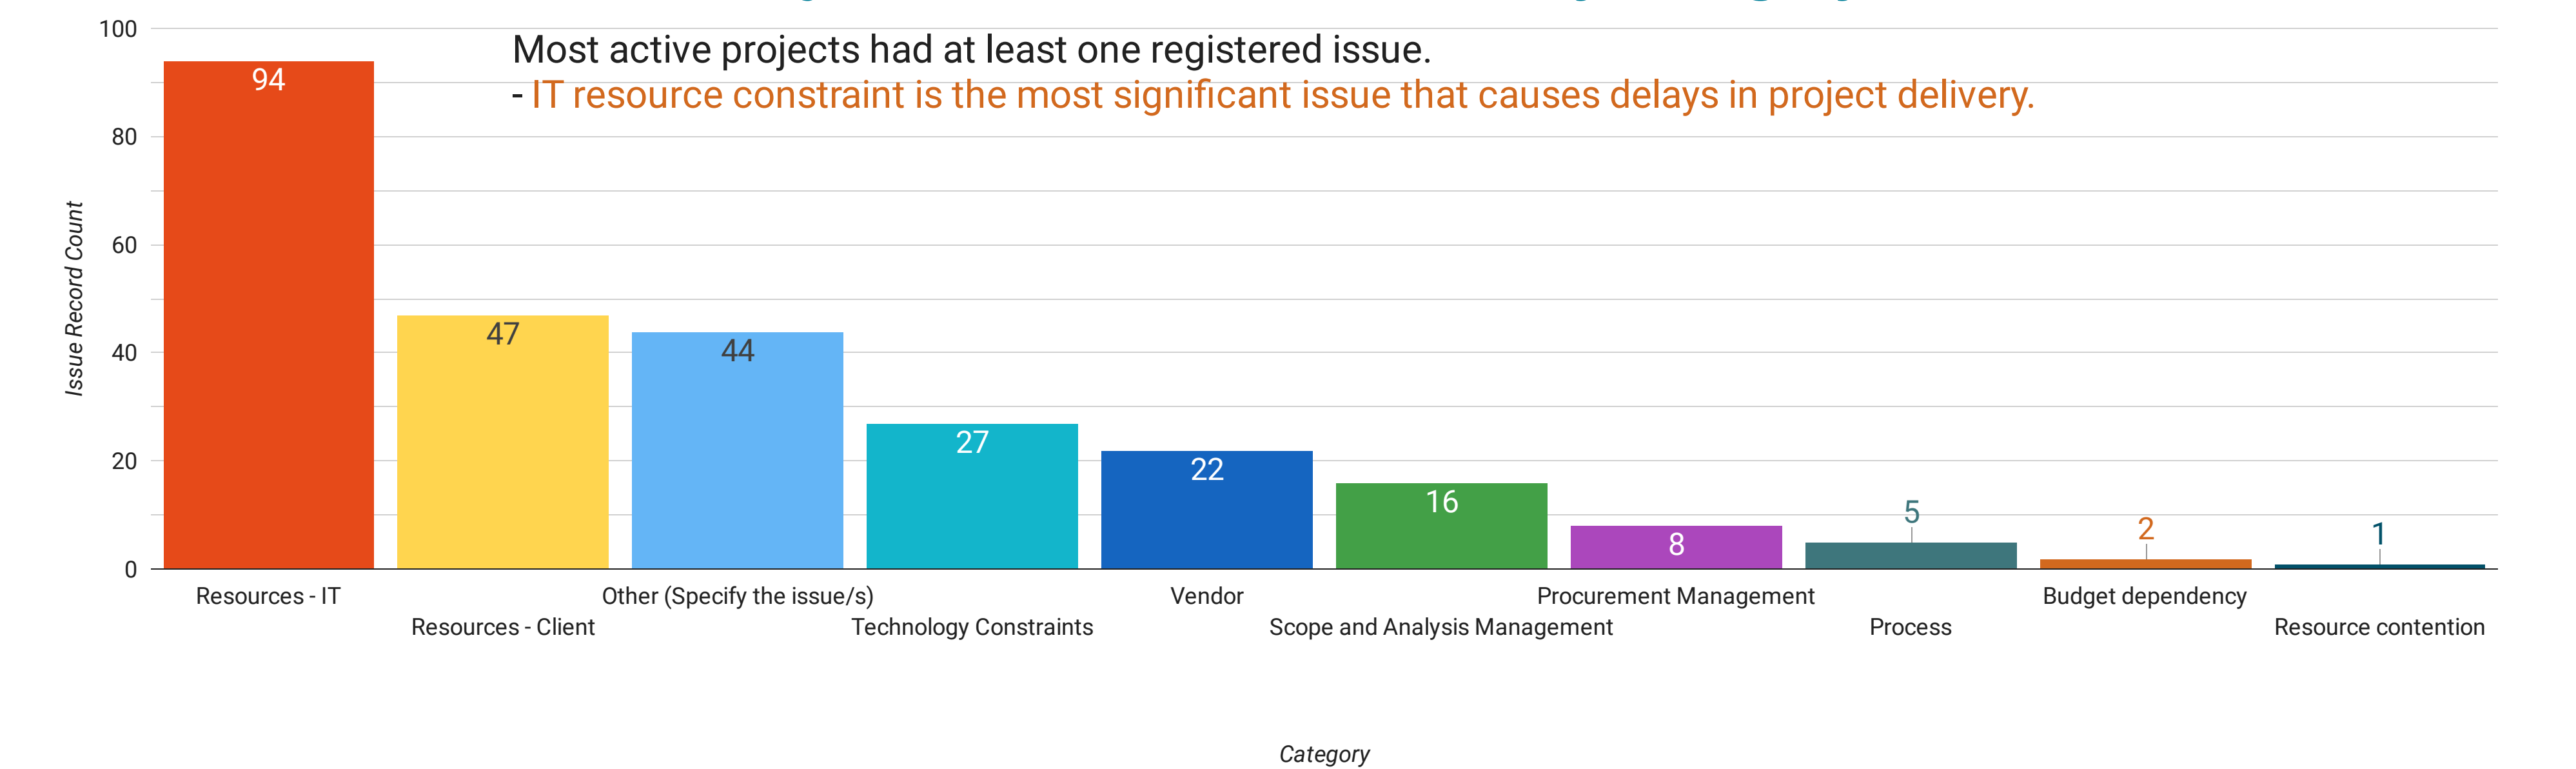

- **36 Green** projects in a good standing on track.
  Of those 7 are over 90% completed
- **2 Yellow** projects have issues with corrective action
- **15 On Hold** projects are on hold due to resources constraints
- **3 Backlog (No Health)** projects are approved but not started yet

The success of our IT portfolio depends on the collaboration and dedication of our partners, clients, stakeholders, and IT staff.
**We appreciate your contributions and look forward to supporting your next technology initiative.**
