OMIC Training Recent Milestones

February 2018

DOL Apprenticeship Grant Received

PCC received a grant of \$247,500 from the state of Oregon over 2.5 years to expand manufacturing registered apprenticeships including three for OMIC in Machining, Industrial Fabrication and Mechatronics.

May 2018

OMIC Training JATC Formed

Industry representatives from Vigor, Evraz, Rightline Equipment, and JC Customer Machine and Design formed a Joint Apprenticeship Training Committee for OMIC. The JATC worked with PCC and BOLI to begin developing apprenticeship standards.

March 2018

Facility Design Build Firm Selected

Mortenson Construction was selected through a competitive RFP process to lead the facility planning and implementation for PCC OMIC facility.

First OMIC Apprenticeship Approved

The Oregon State Apprenticeship and Training Council approved the first OMIC Registered Apprenticeship standards for Machinists. The JATC spent significant time developing these standards for OMIC.

June 2018

August 2018

NCATC Provides Tech. Assistance

PCC brought in national workforce agency, National Coalition for Advanced Technology Centers, to host OMIC Training stakeholder meetings and provide recommendations on facility.

First OMIC Manufacturing Day Event

PCC collaborated with many partners to host the first OMIC Manufacturing Day event with over 230 high school students in attendance along with over 35 manufacturers, makers, local robotics teams, and representatives from PCC and OIT.

October 2018

Future Timeline

Winter 2019

Fall 2020
