OREGON COAST
COMMUNITY COLLEGE

February 6, 2018

To: PCC Degree and Certificate Committee

From: Dan Lara, Dean of Academics and Workforce and Linda Mollino, CTE Director for Health and Human Services

Re: Request to Adopt the following PCC Degree and Certificate and related courses at PCC

Associate of Applied Science in Early Childhood Education and Less Than One-Year Career Pathway Certificate
Early Childhood Education.

Justification

Lincoln County is a rural community with few large employers spread across a variety of sectors (Hospitality & Tourism; Government/Education; Healthcare; Marine; Wood Products; etc.). A training program in Early Childhood Education meets a local need that will support multiple sectors in Lincoln County. There are no other training and education programs available in Lincoln County to address this workforce need.

Preparing a local Early Childhood workforce

(requires addition of AAS and LTOY CPC Certificate and associated courses to OCCC curriculum)

- High school juniors and seniors earn dual credit toward a Certificate in Early Childhood Education
- These students could complete the ECE Certificate while in high school and be ready to enter the workforce upon graduation from high school.
- Community members can complete the certificate in less than one year.
- Associate of Applied Science in ECE will be a pathway for ECE certificate students.

There are multiple target populations for the Early Childhood Education Less Than One-Year Career Pathway Certificate and AAS in Early Childhood Education at OCCC, including: working adults, recent HS graduates, current HS dual credit students, ESOL & ABS students, and GED completers.

Labor Market Data for Early Childhood Education

The Training Oregonians for the Right Jobs report projects 425 annual openings in childcare across the state. EMSI has identified 548 jobs with 50 employers across the three-county region of Linn, Benton and Lincoln Counties. The living wage for a single adult with no children in Lincoln County for 2018 is \$10.76/hr. The median hourly wage for childcare workers in Lincoln County is \$11.84/hr.

Sustainability Planning

We anticipate receiving approximately \$250,000 from the Meyer Memorial Trust over the next 3-years and \$120,000 from LCSD over the next four years to support the implementation of the Early Childhood Education LTOY Certificate and the Transfer Pathway in Education. These funds will help to subsidize initial start-up costs, particularly in the first years while enrollments gain momentum. The college anticipates recruiting for a full-time Early Childhood Education faculty in February with a start date of no later than Fall 2018. In the

interim, the college is contracting with LCSD and PCC to provide support for assembling an advisory committee, program certification, and the development of instructional materials.
